

Players Are Lined Up; Oregon Team On Par With That of Calif.

(Continued from page one) south end of the Oregon section. They will be admitted to the section any time after 1:30 p. m. No one will be admitted to the rooster section until the band and serpentine have reached the field. Oregon knights will be on duty at the field to see that this rule is enforced. No Oregon rooster who is minus a rooster's hat will be permitted in the section. This is final, and freshmen, as well as seniors will be treated the same on this matter, said yell king Fred Martin.

Start At Imperial Hotel
The serpentine that will start from the Imperial hotel at 1:30 p. m. Saturday, will in all probability be headed by Mayor George Baker. The band will be in front of the Imperial at 1:15 and the roosters should also be there at this time, so that there will be no delay.

Freshmen on the campus may discard their green caps today in favor of rooster lids—This permission extends over the week-end.

The committee in charge of checking baggage is asked to report at the S. P. tracks back of Villard hall not later than 2:45 p. m. today.

Box lunches will be sold on the train today, making it possible for all students to eat before arriving in Portland.

Morale is High For Bear Game; Practice Shows Team Improved

(Continued from page one) started with, so he knows it from A to Z. The California quarters are not exceptional for they have pulled some of the biggest boners in games past of which football men might be guilty. They have had exceptional support from the line.

Beryl Hodgen at fullback is new and comparatively inexperienced. He is the only non-veteran on the team. He has been going good in practice and with his 180 pounds he should prove a good man in backing up the line, as well as in plunging. Lynn Jones, stellar veteran of last year, will probably get into the game in spite of his injured hand. One hundred eighty-five pounds of drive and an experienced plunger, he is the most valuable man on the backfield.

Smith's kickers bested by 10 yards as he has proven in the games so far. He is getting them off in good style and much faster than ever before. Fred Harrison hasn't had the opportunity to show his kicking ability in a game but his practice kicks are long and beautiful. It is likely that the team will use his educated toe in the game Saturday.

These are the facts. The teams are entering the tenth game just about on a par.
