

# DEBATE TRIALS END THIS WEEK

### Girls' Forensic Teams May Be Limited Unless More Tryout For The Contests

### Men's Contest At O. A. C., Arranged For Regular Assembly December 10

This week will see the completion of all debate tryouts for the 1925-26 season. The first event will be the freshmen girls' preliminaries on Thursday night at 7:00 o'clock in Villard hall when aspirants for the team of six will compete on the subject: "Resolved that Congress should be empowered to enact a uniform marriage and divorce law."

On the following night, varsity women debate aspirants will speak on the subject of academic freedom for students in American colleges and universities.

#### Contests Scheduled

It is doubtful, says J. Stanley Gray, head of the department of public speaking, that more girls than enough for one debate will be chosen, unless a larger number try out.

While there is already a dual contest arranged with O. A. C., women and a triangle with University of Washington and University of Idaho, Mr. Gray feels that unless more interest is shown on the part of varsity women debaters, it would be unjust to carry out the present schedule with the same girls in all the debates. To date there are few varsity women debate prospects who have had experience either in college or high school debating.

The freshman girls are scheduled

to debate the Eugene Bible university on the question of a national uniform marriage and divorce law. A number of exceptionally good high school debaters have already signed up and Mr. Gray is pleased with the interest shown in the freshman question.

#### Men Debate At Assembly

Tryouts will consist of five minute speeches of constructive argument and three minutes of rebuttal in both the freshmen and varsity preliminaries. Just as in the men's tryouts held last week, each girl will oppose another girl who upholds the opposing side of the question. They will answer each other's arguments.

Robert D. Horn, and Walter Snyder, public speaking instructors, will assist Mr. Gray in the judging. Mr. Horn and Mr. Gray will do all of the forensic coaching for the University teams this year.

The matter of setting aside an assembly of the Associated Students for the dual men's varsity debate on December 10 with O. A. C., has been taken up with Karl Onthank, executive secretary. O. A. C. will hold the debate at Corvallis on December 10 before the student assembly.

#### To Organize Notes

The fourteen men on the varsity debate squad are requested to organize their notes taken on the Chinese question in preparation for last week's tryouts and turn them in at Mr. Gray's office, 206 Sociology. The material will be used by those men on the squad who are working on the O. A. C. debate.

At a debate meeting Wednesday afternoon at 5 p. m., the freshman squad divided into two sides of three men each to work on the negative and affirmative of the federal subsidised question, which will be the subject of their dual debate with the O. A. C. freshmen during the winter term.

#### '25 GRADUATE IN 'FRISCO

Bob Hamilton, '25, is now working in the San Francisco department of Montgomery, Ward and Co.

#### LYLE JANZ WITH AD CLUB

Lyle Janz, who was business manager of the Emerald in '23 and '24, is working with the Advertising Club of Portland. Mr. Janz is in the merchandising department of the Better Business Bureau. This bureau concerns itself with finding frauds and untruths in advertising. It is the only one in Portland.

#### Journalist Brings News Of Grads In Hawaii; Old Times Discussed

(Continued from page one)  
erts a pull that draws its citizens back even from the attractive west coast of the United States.  
It is of interest that Mr. Allen's trip to Hawaii fifteen years ago was made with the proceeds of a story accepted by a leading weekly magazine. While a member of the Post-Intelligencer staff in Seattle, he bet a fellow reporter that

he could sell this publication a short-story written without a speck of the love element. He won the bet, bought a marriage license with the proceeds, and paid his way to the Hawaiian islands, with his bride, out of the money received from the sale of the loveless story. While in Eugene Mr. Allen fanned over old times in Seattle newspaperdom with Dean Allen, Ralph Casey, and George Turnbull of the journalism faculty here, all of whom were associates of his on the

Post-Intelligencer staff twenty years ago. He goes away enthusiastic over the Eugene Country Club's golf course. Here the writer, who taking no chances of literal misquotation, has used no quotation marks, uses the quotes to report Mr. Allen's opinion: "The Eugene golf course is the most beautiful golf course I have ever seen." The Honolulu editor is a southpaw golfer, using left-handed clubs, but he wallops the ball far and straight from the tee.

House Managers by the  
TABLE SUPPLY CO.

### VARIETY—The Spice of Life SPICE—The Variety of Dinner

Are your dinners always seasoned in the same way? Why not have your cook fill those plain cookies with spice next time? You won't recognize them.

tomorrow with a hot Spanish tomato sauce. They won't know the meat. And that breakfast toast will taste so different with a spicy jam or spread with cinnamon or sugar.

If everybody is getting tired of that same old meat loaf, serve it to them

If you use a number of flavorings, you make the same food seem different.

## When you have to concentrate on a heavy theme

TAKE this tip from Prince Albert: Pack your pipe with P. A. and make fire with a match! That's the formula. Nothing complicated. And it works, it works! Yes, sir! Every jimmy-pipe bowl is a well of inspiration when it's packed with cool, fragrant, soothing Prince Albert.

You'll celebrate . . . and celebrate the discovery. Prince Albert is sure the right kind of pal to tie to. No matter how stiff the grade, P. A. will go right along with you. Can't bite your tongue or parch your throat, because the Prince Albert process won't let it.

Let Prince Albert cheer you with your work. Let it sweep away the mental cobwebs as nothing else can. In all the world of fine tobaccos, there's nothing like friendly P. A. Slip into top-speed now and head for the nearest store where they hand out jimmy-pipe joy in tidy red tins, marked "Prince Albert."

## PRINCE ALBERT

—no other tobacco is like it!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

Look at the U. S. revenue stamp—there are TWO full ounces in every tin.
