

SCHEDULE ARRANGED FOR AWARDING HONORS

Number of Points Decided For Different Sports

W. A. A. Council accepted the point schedule for major sports arranged by Regina Davault, and approved the tests submitted for honor squads in archery, and riding have not been arranged yet.

Under the point schedule, which the council will present for approval at the next W. A. A. mass meeting to be called the first week of December, members of first teams in major sports will receive 100 points towards an emerald "O" which is awarded to the person amassing 500 points, and towards the athletic sweater, awarded to the holder of 1000 points.

Second team members will receive 75 points third team members 50, fourth team 35 and fifth and color team members 25; substitutes will receive five points.

For efficiency in gymnasium work a woman may receive 25 points. Honor squads are to be formed in archery, rifle, riding, dancing and swimming. Entrance into these squads will be based on certain tests arranged by the coaches and heads of these sports, and approved by W. A. A. council.

Any girl who throughout the entire rifle season shoots an average score of 90 will be admitted to the rifle honor squad. The test for honors in dancing allows for a maximum of 280 points but anyone passing it with a score of 150 will be considered a member of the honor squad. The honor test in swimming requires that the aspirant swim in perfect form four times around the tank with one stroke, not the crawl, repeat this feat with another stroke, then swim twice around with a third stroke, to swim the length of the tank with a back stroke, to pass on three standard dives, to dive for peddle and recover it three times, and to plunge 40 feet or swim the length of the tank under water. The grade for these tests must be 90 or above.

A woman may receive points in swimming and dancing honors only once. Swimming being a major

sport, members of the class teams will receive the points as outlined above. Tests for entrance into honor squads in archery, and riding have not been arranged yet.

Forty Vote That New Magazine Be Created As Literary Monthly

(Continued from page one) would not be a special alumni section. The effect would be to present a magazine to appeal both to alumni and campus readers. This plan would be financially easy, as the Old Oregon advertising could be augmented.

In case of a new publication, independent of all present campus organs of publication, a separate list of advertisers would have to be made up.

The sentiment was not towards crowding the alumni out of their own publication, and this was one of the determining factors against the consolidation.

Those present at the meeting represented almost all departments in the University. This indicates that the students are interested in the new venture, and that abundant material would be available.

Coach Predicts Bright Season For Freshmen Wrestling Aspirants

(Continued from page one) of Multnomah, won his match when he downed the Portland boy after 2 minutes and 15 seconds of action. Betzer, who went into his match severely handicapped by a misunderstanding of the rules, lost to Earl Carrier, also of Multnomah, in a closely contested bout. Neither man gained a fall, but the decision went to Carrier after a nine-minute struggle.

Where Quality Counts

Quality is that immeasurable, desirable thing that we all work for. Quality in service and quality in food.

We pride ourselves upon having the highest quality foods obtainable. There's nothing too good for an Oregonian.

The Fact Remains

That nothing fits in quite so well with the Sunday dinner as ice cream. No matter what other kinds of dessert you may think of, everyone wants and expects ice cream to be the crowning achievement of the well prepared and served dinner.

BLUE BELL ICE CREAM

Ice cream is justly popular with the students. It is rich, pure, and delicious. Its favor records the large number of orders we fill every week.
