 - R. Sweet, Montana.....LH
 - Ingram, Gonzaga.....RH
 - Jones, Oregon.....F

The same old problems confront the ambitious picker of all-star teams as ever before—inability to see all teams in action, superfluity of backfield scintillants, lack of close scrutiny of linemen, and a vast difference of opinion.

The teams presented above have been selected after careful consideration and consultation with players and coaches. A better rounded combination would be hard to find. The backfield is fast and versatile, and the linemen have weight, speed, and experience.

Mautz Is End

The ends are Captain Bob Mautz of Oregon and Ted Shipkey of Stanford. Mautz, after a slow start, came back and has been the outstanding star of the last three games. Together with Smith, he has made the Oregon wings impregnable. He is a stellar receiver of forward passes and gets down under kicks without loss of time. Shipkey is on a par with him and, in addition, is adept at carrying the ball. Adams of Southern Cal. (Continued on page four)

ANNA CASE CHARMS AUDIENCE WITH VERSATILE SONG PROGRAM

By Frank M. Chapman

Through her charm, her magnetic personality and her voice of broad range and commanding dignity, Anna Case again brought the Oregon student body to her feet.

A full house at the Methodist church last night heard probably the most versatile song program ever presented in Eugene. From G. O'Connor-Morris to Wintter Watts embraces four centuries of musical composition. Interspersed were the classics of Handel, Bach, and Mozart together with a romantic touch of Puccini; a descriptive sketch, "The Night Wind," by Farley; and our contemporary Slav, Rachmaninoff, was represented by his "Lilacs."

Anna Case is an artist of the highest order. Her enunciation is clear, her intonation faultless, her

WORLD COURT IS SPEAKER'S TOPIC AT Y. W. TONIGHT

Judge Skipworth To Talk On Plan In Endeavor To Rouse Campus Interest

Universities Are Discussing Movement; Opinions May Influence Senate Action

Judge G. F. Skipworth of Eugene will speak on the World Court question at 7:30 tonight at the Y. W. C. A. bungalow, it was announced at a meeting of the Y. M. C. A. cabinet held yesterday noon at the "Y" hut. The World Court is being discussed all over the United States prior to its consideration in the senate December 17, in an endeavor to stimulate interest in the World Court plan on the campuses and to get the opinions of college students.

"Never in my experience with students extending over many years have I seen such interest in a world problem in time of peace," said H. W. Davis, director of the campus Y. M. C. A., when discussing the question yesterday. "The students in virtually every institution in America are thinking upon this question of the World Court. I hope there will be some way of registering the convictions of our students upon this question. It will have influence on the action of the United States Senate which convenes this month for consideration of the World Court."

The work of promoting the interest of students of the University of Oregon in the World Court is under the direction of Gladys Du Bois and Bart Kendall of the campus Y. W. and Y. M. C. A.

"At present the World Court is the most imperative question before the United States and the world today, and we as college students and future leaders should have some knowledge and interest in world problems such as this," says Mr. Kendall. The meeting tonight is open to all campus men and women who are interested in the World Court.

Mr. Russel De Long, at the University of Chicago, who is visiting Universities on the coast in the interest of the Student Fellowship for Christian Service movement, was present at the luncheon and spoke on this subject. "The purpose of this movement is to make Christian principles a practical part of every student's life rather than a theory," he declared. It has no organization or officers, and is purely a student affair, Mr. De Long said.

Workers In Drive To Meet

It was also announced at the luncheon that the workers on the United Christian Work drive for \$1500 from Eugene business will meet at a dinner at 6:15 this evening at the "Y" hut. There will be forty workers, including 21 business men, University faculty, and students working in the drive under the direction of Mr. R. A. McCully. They will be divided into teams of two each, a student and a business man, making twenty teams, and will work Thursday and Friday of this week.

HIGH SCHOOL CONFERENCE COMMITTEE

Left to right: Robert McCabe, Adrienne Hazard, Robert Benjamin, Anna DeWitt, Glenn Radabaugh, Katherine Ulrich, Kenneth Stephenson, Vivian Harper, Carl Dahl, chairman; Glenna Fisher.

SHORT STORY CONTEST OFFERS THREE PRIZES

Fiction, Essay Or Article Will Be Accepted

The "Harper's Monthly" short story contest, recently announced is being conducted at Oregon through a committee consisting of Mrs. Rudolf H. Ernest and Prof. Walter W. Snyder, working in connection with Prof. W. F. G. Thacher. The three best writings submitted, whether fiction, essay, or article, are to be forwarded to the "Harper's" judges, Christopher Morley, Zona Gale, and William McFee.

A prize of \$500 is offered for the best material submitted, while second and third prizes are \$300 and \$200. The length is restricted to four thousand words. Competition is limited to three undergraduates from each of the universities and colleges on the accepted list of the Association of American Universities. The contest closes May, 1926.

The winning story will be published in "Harper's Monthly." The magazine also reserves the right to publish the second and third prize winners, and to purchase any others.

Details of the contest may be obtained from Mrs. Ernst.

EDUCATION FRATERNITY TO SPONSOR PROGRAM

The best speakers available have been secured for the educational conference sponsored by Phi Delta Kappa, educational fraternity, which is to be held on the campus December 5, according to Millard Gilbreath, a member of the committee in charge of the conference.

All county school superintendents and principals of first and second class schools over the entire state are invited and a large attendance is expected.

"The program will be centered around one of the most important educational problems of the present time, 'Public School Finance,'" stated Mr. Gilbreath. Charles A. Rice, acting superintendent of the Portland public schools, will talk on "Financing the City School District." Dr. Homer P. Rainey of the education department has selected the topic "Distribution of School Funds." Dr. J. H. Gilbert, head of the economics department, will give a talk on "Sound Principles of Taxation in Relation to Problems of School Finance." J. E. Myers, county school superintendent of Crook County, will review features of the "County Unit Plan of School Finance."

This conference was first held last year and this year it will be greatly developed. Three are held each year, in the fall, winter, and spring terms.

GIRLS ASKED TO CALL FOR CHRISTMAS CARDS

Not all of the Christmas cards which are sold for the benefit of the Campbell Art Museum have yet been called for, according to Georgia Benson, who is in charge of the sale.

As each girl represents a certain county in the state, it is imperative that they report to her at once to receive the necessary instructions for their work.

Those who have not reported are: Iris Akin, Lenta Baumgartner, Linnie Belshe, Laura Breske, Werdna Isbell, Clare Ellis, Madeline Gerlinger, Dolores Hare, Lois McCook, May Moore, Margaret Pepon, Marion Phy, Bettie Pratt, Catherine Sartain.

BENNETT PRIZE OF \$27 TO BE GIVEN FOR ESSAY

The Bennett prize for the best essay on the principles of free government amounts to \$27 this year. This is derived from a fund given by Philo Sherman Bennett, a wealthy New York merchant who died in 1903.

When Bennett died he left a trust fund of \$10,000 to his friend, William Jennings Bryan. This fund was to be distributed by Bryan to 25 colleges of the United States as prizes dealing on the subject of free government. In selecting the colleges Mr. Bryan selected the University of Oregon as one of the 25 and the University received \$400. This sum has been invested until it now amounts to \$615.

Bennett first met Bryan in 1895 during the campaign of that year. He had written Bryan a few days before the presidential election offering his friendship and, in case Bryan should be defeated, \$3,000. Bryan refused the money, but the offer led to a friendship which lasted until Bennett's death in 1913. In his will he left this trust fund to be administered by Bryan.

The enemies of Bryan learned of the bequest and distorted the facts to Bryan's discomfort. "It was the cause of more malicious misrepresentation than any other incident of my life," Bryan wrote.

The award committee of the University has charge of the essay contest and the awarding of the prize. The contest is open until the spring term, giving ample time for competitors to obtain material and arrange it. No prize was given last year through lack of interest on the students' part. Two years ago it was won by Arthur Rosebrough, who is now a Rhodes scholar at Oxford.

MRS. ESTERLY TAKES TRIP

Mrs. Virginia Judy Esterly, dean of women of the University, accompanied by her two daughters, drove to Tillamook Beach for the four day Thanksgiving vacation. They were guests at the Lake Lytel hotel.

MUSIC BY FRESHMEN TO BE HEARD AT TEA

Once more the weekly Woman's League tea, but this time it is different. Something novel has been introduced into the routine of cookies, tea, sugar and dancing!

This afternoon at the Woman's building between 4:00 and 6:00 there will be a tea, having all the usual attractions, but in addition several musical numbers will be given by members of the freshman class. Who knows what boundless resources there are in this class of Oregon's "biggest and best!" Here is a way in which its talent may be revealed in the eyes of the upperclassmen. A cordial invitation is extended by Woman's League to all upper-classmen and freshman girls.

PHI DELTS AND OREGON CLUB GO INTO FINALS

By R. M.

"Beauty" Toole and his cohorts from the Beta Theta Pi house were met and vanquished yesterday afternoon by the "galloping ghosts" from the Oregon club. The score was 22 to 19 and the game so bitter and hard fought that an extra period of five minutes was necessary to determine the winner. As a climax to the afternoon, Phi Delta Theta continued its victorious march, winning handily from Psi Kappa. Score: 28 to 11.

Oregon club and the Beta Theta Pi basketball teams gave the gallery of fans something to applaud when they met. Oregon club took the lead soon after the opening whistle, and at the half still had a slim margin of two points.

With the opening of the second half, Epps, Toole and Johnson each hoaxed the ball through the net and collected six baskets, for 12 points and the lead. Thirty seconds before the close of the fray, the Betas held a one point lead. This was nullified and the score tied when Johnson, playing for the Betas, fouled McCormick, who converted and tied the score at 17 all.

In the five minutes over time period Oregon club "snagged" a pair of baskets and the game with one free throw, while the Betas were collecting two points on a field goal by Epps.

McCormick, Orr and Boyer played brilliant ball for the clubmen. Boyer was high scorer of the game with 11 markers. Johnson, Epps and Toole grabbed all the honors on the Beta team.

In the second contest of the afternoon the Phi Delt's all-star aggregation romped in winners and placed themselves in the select three. "Bat" Nelson's Psi Kappas furnished the opposition, but seemed far off their usual game. They were dead on their feet and lacked their usual snap. "Tuffy" Chastain, all-state forward of last year, was high point man of the game. He collected 14 markers.

This afternoon at 4 o'clock the Phi Delt and the Oregon club meet.

ASSEMBLY TO FEATURE STUDENT BODY REPORTS

Building Plans, Financial Status To Be Given

To give a definite report on the coaching situation and reports on other phases of the business of the executive council of the Associated Students, the first official Associated Student assembly of the year will be held Thursday in the auditorium of the Woman's building, according to an announcement made last night by Walter Malcolm, president. Due to the importance of the meeting, all members of the student body have been requested to attend.

Besides the report by the athletic committee, Kenneth Stephenson, chairman of the finance committee will give the first account of the work of this committee this year. The report will include the financial status of the Associated Students now, and future prospects. An outline of the work of the building committee will also be made, including plans in reference to the Student Union building, the basketball pavilion, and the new bleachers.

Explaining the programs of the student council this year of general student interest, a report will be made by a member of the council. Walter Malcolm also will speak, telling of the procedure of the executive council and of its various sub-committees.

James W. Leake, chairman of the Homecoming directorate will give an account of the proceeds derived from the Homecoming program, and Carl Dahl will announce plans for the high school conference to be held on the campus this week while Bob McCabe, chairman of the Greater Oregon committee, will give the Greater Oregon plans for Christmas vacation and the work the committees hopes to accomplish throughout the state.

TWO OREGON GRIDIRON STARS TELL OF THEIR BIGGEST THRILL

Bert Gooding, tackle on the Oregon varsity, was hurriedly packing his suitcase preparatory to departure for his last trip with an Oregon football team, to play the "Huskies" in Seattle on Thanksgiving day. Gooding has played three years on the varsity, and won two letters.

"Do you know," he said, "it's a funny feeling for a fellow to realize he's about to make his last trip for the 'Alma Mater.' We had our last practice for the season this afternoon, just signal practice and it lasted till dark. After it was all over, we old timers—five of us, Bob Mautz, Ken Bailey, Louis Anderson, Gene Shields and myself, got together and gave a yell for old Hayward field. For it was the last time we would ever be out there in moleskins."

"The biggest thrill I ever experienced in a game was with Wilamette two years ago, when Bob Mautz blocked a punt and I grabbed the ball and crawled 10 yards on my hands and knees for a touchdown. I was too scared to take the time to get up and run like a human!" He laughed as he recalled the incident. "You see, it's so seldom a lineman ever gets a chance to carry a ball, that he gets quite a thrill when he does get a hold of it."

"I didn't play football in high school, so I don't suppose I ever would have played the game if 'Baz' Williams hadn't talked me into going out for it in the middle of the season during my freshman

500 DELEGATES WILL BE GUESTS FOR WEEK-END

Round Table Will Handle Problems Of Publication And Of Student Bodies

Housing Provisions Made; Knights Will Conduct Tour Through Campus

Over highway, railway and in other ways, 500 high school editors, officers, girls' league leaders and faculty advisors, will tomorrow evening and Friday morning reach the campus for the annual high school conference, the first session of which opens Friday morning at 9 o'clock.

All plans are complete for the entertainment of the largest delegation of students that has ever attended the sessions of the conferences. Carl Dahl, general chairman of the event, announces a complete program, encouraging returns from the high schools throughout the state and all prospects for a successful conference.

Outside Speakers Obtained

Some of the best speakers available on the coast have been obtained to address the student groups. Besides the addresses of these outside speakers, members of the University faculty will speak and visiting students themselves will appear on the program. Round-table and group discussions are a feature of the conference this year, having been found the best method of threshing out problems common to all high school student bodies.

Delegates to the conference will this year receive the best welcome and entertainment possible, according to Walter Malcolm, president of the student body.

"The Inter-Fraternity council recently went on record as favoring the conference," says Malcolm. "Every house on the campus has agreed that the visitors shall be accorded good entertainment."

"Twenty thousand students will be reached through the report of the visiting 500 delegates, and it is essential that a good impression of Oregon be taken back to the high schools."

"It will be invaluable to Oregon," continued the student president, "that these high school editors, officers, girls' league members and faculty advisors take back a report of a successful conference, and the entertainment they receive will be a large part of the general success."

Full provision for housing all delegates has been made, according to Ralph Staley, housing chairman. Living organizations have been given the privilege of naming their preference of guests for entertainment.

Style Show to be Given

The annual style show, an attractive feature of the program for visiting girls and University women, will be held Saturday morning in Guild hall, commencing at 9:45. Catherine Struplere is chairman of this event. The program will include the following style
