

### JUNIORS AND SENIORS TO COMBINE DANCES

#### "Campus Clothes, No-Date" Says Joint Committee

The juniors and seniors will dance together Friday night, at the upperclass dance, the first junior and senior social function of this term. Since the class dances last term were all individual affairs, it was decided by Bob Gardner, president of the senior class and Jimmy Johnson, president of the junior class, that the first upperclass dance class, that the first upperclass dances this term would be given together. The dance is to be held in Laraway's hall, beginning at 9:00 o'clock; a nine piece orchestra will furnish the music, campus clothes will be in order, and it will be a no-date affair.

The committee for the dance is as follows: Adrienne Hazard, chairman; refreshments, Beatrice Peters, chairman, Geneva Smith; patrons and patronesses, Georgia Davidson; feature, Louise Denham, chairman, Jane BoDine, Bernard McPhillips, Laurence Armond; publicity, Bee Harden.

Plans for the dance are all made, and it is hoped that the two classes will cooperate with the committee in charge, which has been chosen from both the junior and senior classes, and help in forwarding the success of the dance. Talk it up to everyone, let them know that it is one of the big dances of the term.

At the junior class meeting held last night at 7:15 o'clock in the College Side Inn, formative plans for Junior Week-End were announced by Ralph Staley, chairman of the Junior Week-end directorate. It was voted on by the class that a roller skating party would be given some time during this term.

### FROSH MAT ARTISTS GETTING INTO FORM

#### Light Weight Wrestlers Are Sought by Coach

With several of his cauliflower-ear artists among the freshman ranks showing talent, Earl Widmer, wrestling instructor, registers a promising outlook for the frosh wrestling team. The season has started already, and will end with some matches in February, yet to be arranged.

The freshman bone crushers who look good for the team, Widmer said, are Eldred Breese, 158 pounds, George Hall, 148 pounds, Averill Richard, 138 pounds, Phillip Overmeyer, 148 pounds; Clemens Hayes, 158 pounds; Clifford Willison, 135 pounds; Roy A. Weaver, 135 pounds; Lyle Arnold, 145 pounds, all of whom have been working out for the past month. Quite a number of these wrestlers have a chance to enter the doughnut competition, and all have opportunities to work

out against the varsity squad. "I hope to have two meets for the men in February," Widmer said, "but no certain date has been set as yet. Franklin high of Portland would like a meet here and a return meet there. I don't know what Corvallis high has, but I expect that the Franklin matches will offer us plenty of competition." Most of the men now out for frosh wrestling are first year men, while others, show by their workouts that they have had some experience in the bone crushing art, by their ability to interpret the holds and apply them. Those who seem to be well posted on the various holds, and the most expedient method of applying them are: George Hall, 148; and Philip Overmeyer 148; both show very promising talent. Lyle Arnold, 145 has also been rated with the better class.

There will be no elimination matches to pick one man for each weight, but there will be at least three men wrestling for each weight, so that every man with any promise at all will get a chance to show his wares.

Matches have been arranged in the past with the O. A. C. Rooks, and two Oregon frosh have won their matches from the Rooks, winning their freshman numerals. In this connection, Dutch mentioned the fact that it was up to the freshman class to award the freshman numerals, and up to the present time nothing has been done about the matter. Dutch believes that wrestling requires as much hard work in training, and should receive as much recognition as other sports do.

Dutch would like to get some good strong 128-pound, and 118-pound youngsters out as there are vacancies in the squad in those weights. Wrestlers of these weights and other weights who would like to turn out, should see him at the men's gym immediately.

### Y. M. MAN TO START SERIES OF LECTURES

#### First Address Tonight On "Students of World"

"Students of the World," the first of a course of lectures to be given Wednesday evening in Alumni hall under the auspices of the United Christian Work of the campus, will be presented tonight by Charles D. Hurry, of New York, general secretary of the Friendly Relations Committee of the Y. M. C. A.

This first lecture should be of special interest to students on the campus because the theme, "Students of the World," will be handled by a man who has literally traveled all over the world in the interest of the World Student Christian Federation. Mr. Hurry is at present visiting the larger universities of the country, with special reference to the 12,000 foreign students in America.

The speaker comes highly recommended by H. W. Davis, secretary of the campus Y. M. C. A. "I heard Mr. Hurry in Macay hall at the University of Colorado when virtually the whole student body was present, the engineering department, the largest department expressed for that occasion," said Mr. Hurry yesterday. The speaker has a very pleasing personality and is very effective. His message will doubtless have to do with the world-wide youth movement of our generation.

This and the following lectures in the course correspond to those given last year on the great religions. These are arranged for by a joint committee of faculty and students. The time of the meeting tonight was changed from 7:10 as originally announced, to 7:15 to enable students to attend both Mr. Hurry's address and R. K. Immel's reading, which is scheduled to start at 8:00 in Villard hall.

Mr. Hurry addressed a group of Cosmopolitan club members and friends last night, and today will attend a luncheon given at the "Y" Hut by the combined Y. M. and Y. W. C. A. cabinets. A number of the leading students on the campus will attend the luncheon.
