

RELIGIOUS UNITY IN CAMPUS WORK CONFERENCE AIM

Endowed Lectureship to be Considered for Bringing Religious Speakers Here

Meeting will be Open to the Public; Program to be Completed Next Week

A conference of campus religious agencies to discuss plans and to try to work out a definite and unified program toward which all the agencies may work is to be held Thursday and Friday of next week in Alumni hall, it was announced yesterday by M. H. Douglass, University librarian, who with Henry D. Sheldon, dean of the school of education, is making arrangements for the conference.

The speakers at the conference, with the exception of Professor C. E. Rugh, of the University of California, and Colonel W. S. Gilbert, of Astoria, regent of the University, will be Eugene people, since the idea is to try to work out a program that will best fit the needs of this institution. Represented at the conference will be students, faculty, some of the religious workers on the campus, and local ministers, both Protestant and Catholic.

Dinner to be Feature

One of the features of the program will be a dinner given at 6:15 Friday evening in the Woman's building. Dr. Rugh, who is to be the guest of honor, has been making a study of the religious interests and the religious life as handled in various universities, especially those supported by the state. The different phases of that subject will be discussed at the conference.

Among the topics for discussion will be that of establishing an endowed lectureship for the purpose of bringing in noted speakers from the outside to address the students on religious problems. Such an endowment amounting to \$50,000 has been established at the University of California for some time, and it has brought such men as Emerson, Fosdick, James Bryce, and Theodore Roosevelt to that campus. Another question will be that of the advisability of developing courses along the line of religious education at the University and whether or not credit should be given. Another possibility that will be discussed will be the construction of a building dedicated to the religious interests on the campus.

Committee to be Chosen

The plan of the conference is to organize a findings committee, which will digest the evidence turned in and work out recommendations as to some of the things that might be done to improve the religious work on the local campus. This committee will be appointed by the faculty committee on religious and moral activities in conjunction with representatives of the students and of the Y. W. C. A. and the United Christian Work.

Arrangements for the conference are not as yet completed, but Dean Sheldon expects to announce the program early next week. The meetings are to be open to the public.

CHICAGO RADIO STATION TO TEST FADING CAUSE

A test is to be conducted by the Stewart Warner company, broadcasting station WBBM, Chicago, February 9, 10, 11, to try and determine where "fading" occurs, according to Prof. H. G. Tanner, of the chemistry department. Tanner will conduct the test here, using his private radio equipment.

Questionnaires to be used in the tests have been sent to colleges and universities over the country. The tests will be detailed and exacting. The indicators on the machines will be the same on all three nights, in order that a close check may be made on weather conditions, and results. Signals are to be sent from Chicago at 8:35, 9:35 and 10:35 each night and will be of three minutes duration. There will also be a three-hour concert each night.

The observations will be closely checked with weather maps and data already collected by the Stewart Warner company, and it is hoped that a conclusion will be reached concerning this condition of "fading" which has perplexed scientists.

GIRLS ARE PRETTIER MRS. GERLINGER SAYS

Regent Pictures Future Campus to Women

Girls of today are much more attractive than a generation ago, declared Mrs. Irene Gerlinger, regent of the University, who addressed the Women's League mass meeting yesterday afternoon.

"In my college days girls wore collars from three to four inches high. On our dresses we had little trains which we carried over our arms, and we wore high-heeled patent leather slippers. Now the girls dress more sensibly, with short skirts, a tiny bit of rouge and sensible shoes.

"Today young women are sensitive about guidance; they wish to keep their mothers in the background, while in many ways the mothers could be of great help to them. In our day we had just as much freedom as you have now, but we didn't discuss it so much.

Mrs. Gerlinger told of the development of the University from the time she became regent, 12 years ago, and then pictured a new campus, with a completed women's quadrangle, fire and burglar-proof Fine Arts building, enlarged science halls and a new Library.

Only \$400,000 has been spent on buildings during the 40 years of University life up until 12 years ago. Since then a number of buildings have been erected. In 1917 Hendricks Hall was built, and in 1920 money was appropriated for Susan Campbell Hall. The Woman's building appropriation of \$350,000 was made in 1920.

President Prince L. Campbell

was the leader of all these movements, and it was through his patience and hard work that the buildings were completed, Mrs. Gerlinger said.

"The regents of the University are shock absorbers, as all of the people of the state come to ask about the young people, but we believe that the youth of today is fine and will pass a better world to the youth of tomorrow."

A violin solo, "Chansonette" by George Bass, was played by Charlotte Nash. Miss Charlene Heaton played "Etude de Concert" by Lavillie, a piano solo.

WRESTLERS LEAVE ON NORTHERN TRIP

Team to Meet Idaho And Washington State

Coach Earl "Dutch" Widmer and his crew of varsity wrestlers left yesterday afternoon on a four-day northern trip during which Oregon meets the Idaho grapplers Saturday afternoon and Washington

State, Monday afternoon.

All men making the trip are inexperienced, except Oxford and Betzer who are from last year's freshman team. In the Oregon Aggie meet Betzer and Oxford showed skill, but they could not overcome their experienced opponents. Idaho, Oregon's first opponent, has participated in one conference meet which they lost to the Washington State Cougars, 46 to 28. Both Betzer and Oxford should win their matches in this meet.

The contest with Washington State next Monday afternoon will be the hardest of the trip. The Cougars appear to be the most likely team to defeat the Aggies.

Coach Widmer believes. Washington State, under the coaching of Coach Whicker, has won two matches, one against Idaho and one against the Spokane Y. M. C. A.

Men making the trip are: Charles Heck, 125-pound class; Burl Betzer, 135-pound; LeRoy Oxford, 145-pound; William Owsley, 158-pound; and Ed Grant, 175-pound.

HERE IT IS---

HEILIG

THE COMEDY HIT OF THE YEAR!

And what a Fascinating, Scintillating Farce too, just simply jammed packed with Thrills and Surprises, and Fun Galore.

Remember "Excuse Me" and "Charley's Aunt?" You'll say "His Secretary" is even better.

This is Norma Shearer's most magnificent triumph. The exciting romance of a business man and his secretary. Just 100 per cent fun.

Now in its second week of a record breaking run at the Columbia, Portland. You know it must be more than just good.

A Gorgeous Love Story! Behind the Locked Doors of Business! An Exciting Picture— Perfect Entertainment!
