

## 17 Elected By Phi Beta Kappa Honor Society

Seven Members Taken In Fall Term Make Year's Total 24

Initiation to be Held With Sigma Xi May 6

Dr. Millikan to Give Talk After Ceremony

Seventeen members of the senior class were elected to Phi Beta Kappa, national honorary scholastic society, yesterday afternoon. These, with the seven members taken in at the first of the school year, make 24 people to be elected from the senior class, or eight per cent of the class of more than 300.

Those elected yesterday are as follows:

Mildred Bateman, of Milton, sociology major.

George Belknap, of Moro, philosophy major.

Cecile Bennett, of Lebanon, English major.

Eloise Buck, of Eugene, English major.

Genevieve Chase, of Coquille, Romance language major.

Mary Conn, of Lakeview, journalism major.

Ether Cottingham, of Eugene, English major.

Esther Davis, Wolf Creek, journalism major.

Herbert L. Jones, of Crow Stage, philosophy major.

Walter Evans Kidd, of Portland, English major.

Katharine Reade, of Inspiration Point, sociology major.

Clifford Snider, of Lake Grove, business administration major.

Mary Jo Shelly, Grand Rapids, Michigan, physical education major.

Kenneth Stephenson, of Portland, business administration major.

Florence Taylor, of Portland, psychology major.

Caroline Tilton, of Ashland, mathematics major.

Helen White, of Portland, music major.

**Last Term's Members**

The seven taken in fall quarter

Paul Ager, of Bend, economics major.

Winifred Andrews, of Eugene, Romance language major.

Eula Benson, of Medford, mathematics major.

Orlando Hollis, of Eugene, law major.

Evan Lapham, of Portland, philosophy major.

Gilbert Sussman, of Portland, economics major.

Margaret Woodson, of Heppner, law major.

Phi Beta Kappa elects a small percentage of the highest ranking seniors of the class each year. The by-laws of the organization prevent them from electing more than 10 per cent of the seniors.

**Initiation to be May 6**

Initiation will be held Thursday, May 6, with Sigma Xi. Dr. Robert Andrews Millikan, a member of both organizations, will make the public address after the ceremonies. Phi Beta Kappa will initiate its candidates at 4:15, in Alumni hall, while Sigma Xi ceremonies will take place there at 5 o'clock. At 6:15 the two groups will hold a banquet at the Hotel Osborn, after which they will go to Villard hall where Dr. Millikan will give his address.

**Contralto to be Heard In Concert on May 6**

Mrs. Prudence Clark, contralto, is to be presented in a recital as a guest artist by the School of Music on May 6. In this, her first formal recital in Eugene, she will sing a classical group and a modern group of compositions, and two arias.

Mrs. Clark teaches voice in her private studio in Eugene. She formerly taught in Denver and in Omaha. She studied with Herbert Witherspoon and Florence Hinckle, and took her theoretical work at Cornell University in Iowa.

Two years ago she appeared in a joint recital with John Stark Evans at the dedication of the Congregational Church in Portland.

## Past Records of A. S. U. O. Officers Show "All Round" Ability Needed

Survey of Grades Goes Back Three Years; Many Were Members of Honoraries

By MARION STEN  
Now that elections are over, and politicians are beginning to be their normal selves, one has time to turn his attention away from the glowing records of this year's candidates to those of the past, and to discover what the general requirements are to hold a student body position.

The records of the 15 persons who have held the offices of president, vice-president, secretary, editor of the Emerald and editor of the Oregonian during the past three years demonstrate the fact that the students must have "all round" ability. A glance over the grade records in the registrar's office is sufficient proof that in scholarship, all holders of these student body positions have either average or above average grades. Three of the six women who held positions during this period, were elected to Mortar Board, which necessitates a grade average of two point nine. Friars, elected all nine of the men.

Claude Robinson, president of 1924, had the best scholastic record of the three years, all of his grades being either ones or twos. Robinson was a member of Alpha Kappa Psi, national commerce fraternity, and Tau Kappa Alpha, national forensic fraternity. John MacGregor, president in '23, was also a member

of Alpha Kappa Psi. His grades were well above average. Randall Jones, 1925 president, was a member of Phi Delta Phi, national law fraternity.

All three vice-presidents, Owen Callaway, Frank Carter, and Wilder Lewis, made good grade averages. Callaway was a member of Beta Gamma Sigma, commerce honorary scholarship fraternity, and Carter of Alpha Kappa Psi.

The three secretaries were members of Kwama. Margaret Jackson, '23, belonged to Eutaxian literary society and Scroll and Script. Marcella Berry, '24, was a member of Phi Theta Kappa. Ruth Akers, '25, was elected to Mortar Board and Mu Phi Epsilon, women's musical fraternity.

Kenneth Youel, editor, and Donald Woodward, art editor, of the Emerald during the three years, were members of Sigma Delta Chi, men's national journalistic. Youel and Rudd are To-Ko-Los.

## Betas Vanquish Sigma Nu Players In Thrilling Play

Lambert, Kretzer Pitch Good Game, But Errors Are Numerous

In a game full of errors and thrilling rallies, the Betas defeated the Sigma Nus yesterday afternoon on the frosh field to the tune of 12 to 6, marking the second game to be played in the second round of intra-mural baseball.

Lambert was the speedball artist for the Betas, whiffing five men while Scotty Kretzer held the mound for the Sigma Nus, and succeeded in retiring six of the opposition.

Adams, of the Betamen, was the star apple-punisher, making four hits in four trips to the plate, and at one time scoring two men on a hot single between first and second. Jerry Gunther proved that basketball was not his only forte, when he smacked out a hot three bagger, and turned the tide in the favor of the Betas.

Carl (Kewpie) Dahl looked good in the field for the Sigma Nu men, while Kretzer and Hodgen were the chief opponents of the Beta moundman.

The psychological effect of rooting was shown when the Betas, after the Sigma Nus had amassed four runs in the first inning, were urged on by their rooters with cries of, "Haba! haba!" "Get hot in there," and "Let's go!" and forged ahead.

There were a great many errors on each side, which added to the amount of runs chalked up.

Following is a summary of runs, hits and errors:

	B	H	E
Betas	12	8	7
Sigma Nus	6	8	7

Bob Mautz acted as umpire. The games remaining on the schedule of the second round are: Today—Chi Psi vs. Theta Chi, freshman field, 9:30 a. m.; Alpha Tau Omega vs. Friendly hall, varsity field, 9:30 a. m.; Kappa Sigma vs. Phi Delta, Theta, freshman field, 1 p. m.; Kappa Delta Phi vs. Phi Kappa Psi, freshman field, 3:30 p. m.

Monday—Delta Tau Delta vs. Sigma Pi Tau, freshman field, 4 p. m.

## Janet Wood to Teach At University of Texas

Janet Wood, senior, has accepted a position at University of Texas, as a member of the faculty of the physical education department. Miss Wood received the position through the aid of the Appointment Bureau and Miss Florence D. Alden, professor of physical education.

## Kappa Delta Phi Will be Installed On May 21 and 22

Many National Chapters To be Represented At Ceremonies

The week-end of Friday and Saturday, May 21 and 22, has been selected by the executive council of Sigma Phi Epsilon as the date for the installation of Kappa Delta Phi into the national fraternity.

Clifford B. Scott of O'Neill, Nebraska, grand historian of the fraternity, will be the installing officer. He will be assisted by a degree team from the Oregon Alpha chapter at O. A. C. Dean U. G. Duback, dean of men at O. A. C., will also be present at the installation.

Kappa Delta Phi, oldest men's local organization on the Oregon campus, will become the 13th national fraternity here and the 54th chapter of the national fraternity. This chapter will be known as Oregon Beta chapter of Sigma Phi Epsilon.

The local organization is making rapid plans for installation and a large number is expected to attend. Representatives from the coast chapters at California, O. A. C., Washington State, University of Washington and Montana are expected at the installation.

Actual initiatory work will start Friday morning, finishing up Saturday. Saturday evening a formal banquet and dance will be held at the Eugene hotel.

## Campus Fraternities Will Sell Junior Prom Tickets on Monday

In preparation of the opening of the ticket sale for Junior Prom Monday the following men have been appointed to handle the sale of tickets in the various men's living organizations: Alpha Beta Chi, Wilford Long; Alpha Tau Omega, Elton Schroeder; Beta Theta Pi, "Swede" Westergren; Chi Psi, Jim Forestel; Delta Tau Delta, Elton Launt; Kappa Delta Phi, Frank Wilson; Kappa Sigma, Pete Brooks; Lambda Psi, Pete Ermler; Phi Delta Theta, Johnny Walker; Phi Gamma Delta, Verl Flynn; Phi Kappa Psi, Don Jeffries; Psi Kappa, Harold Barthel; Sigma Alpha Epsilon, Bill James; Sigma Chi, Dick Simonton; Sigma Nu, Bob Hart; Sigma Pi Tau, Bud Christiansen; Theta Chi, Louis Dammasch; Friendly hall, Lowell Baker.

At the meeting of the Prom committee yesterday afternoon plans for the next week were outlined and explained.

It is the desire of the committee in charge to finish the work before Friday evening in order to enable all juniors to attend the canoe fete.

## Rooks Defeat Oregon Frosh Baseball Nine

Invaders Steal First Game Of Series by Score Of 19 to 7

Arthur Schoeni Pitches Game for Eight Innings

Loss of Meet Due to Wild Throws of Hurlers

By DICK SYRING  
In what started out to be a south-paw's battle, the Oregon freshman baseball nine were defeated 19 to 7 by the invading Oregon Agricultural college Rook team yesterday afternoon in the first game of the series. The local freshman team booted the ball frequently, making 12 errors during the nine innings.

"Lefty" Art Schoeni started on the hill for the freshman babes and pitched good ball save for his one bad inning in the sixth. Schoeni pitched good enough ball to win an ordinary ball game but his poor support caused his downfalls. He was relieved by Enke at the beginning of the ninth. Up to this time he had allowed 11 hits, struck out 7 men and issued only two free passes.

Enke got off to a bad start and before his departure from the box allowed five hits, and issued two bases on balls for a total of 7 runs. Emmons relieved Enke and had little trouble in returning the side.

Lefty Hudson, rook flinger, was wilder than a March hare. During his one-inning stay in the box he allowed two hits, hit two men and issued two walks for a total of four runs. At this juncture Keene, rook coach, sent him to the showers in favor of Owens, right hander. From that time on Oregon's chances to score were very slim as he only allowed 7 well-scattered blows.

**Frosh Score in Half of First**  
The lemon-yellow yearling nine scored in their half of the first when Greene, first man up, got hit. Johnson came through with a hit and Ridings batting third got hit. With bases loaded Cotter Gould came to bat and came through with a nice single that dropped in short left field, scoring Greene and Johnson. Jamison, next up, sacrificed and brought in Ridings. Gould scored on a wild pitch.

Oregon's next score came in the seventh inning. With two down Cotter Gould drove out a four-ply sweat. A couple of hits and a walk scored two more in the eighth.

**Rooks Score Four Runs**  
The orange and black babes scored four runs in the second, five in the sixth, three in the seventh and seven in the fatal ninth inning. The Aggie rooks have some very good looking ball players. They all seem to be strong with the willow driving out 16 hits. Bouton at short patch showed class in fielding and with his peg to first. Maple behind the mask is very fast for a big man and has a lightning-like throw to second.

Hitting honors for the Rooks seem to be evenly divided between Cloniger, second base man, and Pfeiff, left fielder. Both men secured four safe blows out of six trips to the plate.

**Gould Makes Three Blows**

For the Oregon freshmen Gould scintillated with the stick, getting

(Continued on page four)

## R.O.T.C. Unit to Begin Range Firing Practice

The active firing season will be started soon by the R. O. T. C. department, according to Capt. Frank L. Culin. Instruction in the use and firing of the pistol will be given first and will be followed by rifle work. The freshmen will be instructed on the rifle range east of Eugene.

Men who are to attend the Citizens' Military Training Camp this summer will have a special class, and a first prize of \$5 and second prize of \$2.50 will be presented to those men making the best scores. This, Capt. Culin explained, is to stimulate interest in shooting and develop the men to proficient stage, in order that Oregon might possibly have a representative on the rifle team that is picked at the end of every season at camp.

## Many Students to Compete For Jewett Prize

Public Speaking Classes to Enter Different Divisions

Preliminary Contests to Settle Final Entrants

Extempore Finals May 28; Last One June 2

At least two hundred and fifty students of written and spoken English will be eligible to receive from \$10 to \$25 for superiority in the Jewett public speaking contests which are scheduled for this month.

Competition to determine the most effective students in each of the extempore, advanced, pre-legal English, written and spoken English divisions of public speaking work is held annually. The winners are rewarded with money from the interest on a \$2800 fund.

**Seven to Compete**  
The largest number of students are enrolled in the extempore speaking classes, which are taught by J. Stanley Gray, Robert D. Horn, and W. W. Snyder. Three students from each of the five beginning course classes will be chosen by the classes themselves. These fifteen will meet in a preliminary at which all but seven will be eliminated. These seven will compete in the finals, May 28.

In the pre-legal English classes taught by Hugh E. Rosson, the competition will consist in delivering orations written by each member this term. Only the best 10 will actually deliver their manuscripts in the preliminary. Six will compete in the finals, May 26.

Advanced course students in Mr. Gray's class will deliver popular lecture lectures, composition of which has been a part of the term's work. The three best will compete on June 2, in the final contest.

**Extempore Speaking Date Given**  
May 19 is the date of the extempore speaking contest finals for students in the written and spoken English classes of W. W. Snyder.

Following is the schedule for the contests this month: extempore speaking preliminary, May 21; extempore speaking finals, May 28, \$25, \$15, \$10; written and spoken English finals, May 19, \$15, \$10, \$5; advanced public speaking finals, June 2, \$20, \$10.

Last year, Donald Beelar, sophomore in pre-law and member of the varsity debate team and oratory squad, won the extempore contest. Hugh Biggs, junior in pre-law and newly-elected student body president, won the pre-legal English oratory contest.

## Magazine Accepts Story Of Journalism Student

A 600-word story of a 13 year old dog team racer of McCall, Idaho, written by Paul Tracy, junior in journalism, for class work in the Specialized Press has been sold to the "American Boy," which is printed in Detroit, Michigan.

The story is about Warren Brown, the young racer, who came out second in the Ashton race, the big event of the year, in which all the leading dog team racers enter their teams. It is second only to the Alaskan Sweep Stakes, the race between Nome and Candle. Previous to this the young driver had placed first in a McCall race, winning \$300. He received \$600 in the Ashton race. The lad has unusual talent in training dogs and for a boy of his age, has accomplished a remarkable feat to win against older and experienced drivers.

One picture was sent with the story and the magazine has sent for another.

## John Siefert to Take Year's Leave of Absence

John Siefert, instructor in music, has been granted a leave of absence for next year, which he will spend studying in Boston with Theodore Schroeder, one of the best known vocal teachers in the East, with whom Frank Jue, '25, is now studying.

Professor Seifert will leave San Francisco Sept. 11, by way of the Panama canal. His substitute has not yet been named.

## Gooding Brings Suit Against Don Dundas

DIAMOND engagement ring, ring, value \$100; The truth dawned upon Isaac Richquick, alias Bert Gooding, third year law student, who says he bought the ring specifically assured by the dealer, G. L. Gipp, Don Dundas, that it was an A-1 product and worth not less than \$500.

The result is that a warrant has been drawn against the diamond dealer, suing him on a promissory note given March 20, 1926, for the ring. The trial, fifth of the series of moot trials being held by the third year students of the law school will take place Tuesday, May 11, at 7 o'clock in the County Court house of Lane county.

The attorneys for the case are Rupert Bullivant, Robert Christman, John Bryson and Herbert Brooks, third year students.

The second of the series of civil cases will be handled by David Evans, Bert Gooding, Loyd Crow and Harold Emmons.

Those in charge the following Tuesday will be Frank Keenan, Grant Williams, Edwin Keech and James Powers.

The series will end with a trial practice May 25, which will be tried by Donald Husband, Randall Jones, Paul Patterson and David Husted.

The first of the spring term was devoted to the trial of criminal cases. Practically the same students who tried the criminal cases will act as attorneys in the civil cases. In this way they will become acquainted with the procedure in each type of case.

## Juniors to Serve Fruit Salad, Ham, Buns, Ice Cream

Committee Promises Royal Campus Luncheon

The menu for this year's campus luncheon and the committees for serving have been worked out completely, according to committees in charge of the affair. The menu will be fruit salad, baked ham, escalloped potatoes, buns, coffee, relishes, and Dixie ice cream cups. According to Doris Brophy, chairman, the luncheon will be exceptionally good this year because of the fact that there is considerable more money to be expended than before.

Edgar (Doc) Wrightman is assistant chairman, Frances Bourhill has charge of all the servers, and Edith Shell, Alice Doremam, Harriet Ross, Della Sherwood, and Audrey Lundy are in charge of the five tables. This is the first time that five tables have been used for a campus luncheon, formerly four were sufficient. The committee expects to serve about 2,500 people.

If the weather permits the luncheon will be held under the trees behind Deady hall, but if it rains, it will be held at the men's gymnasium. Music will be provided by the Oregon Aggravators.

The serving committees and chairmen for the five tables are as follows: table number one, Alice Doremam, chairman, Marion Sten, Clara Ellis, Dorothy Straughan, Esther Maxwell, Leah Lumpee, Pauline Stewart, Barbara Blythe, Josephine Ralston; table number two, Edith Shell, chairman, Catherine Mayhew, Marion Barnes, Edith Bader, Mar

## Frosh Hosts To Preppers On the Track

Four-Cornered Event To Start at 1:00 This Afternoon

First Year Squad Hit By Scholastic Rating

Kircher and Hunter, Two Stars to be Out

Hard luck has hit the Frosh track team from all angles. Dwight Kircher and Al Hunter, star freshman sprinters and Clark Price in the quarter mile were declared ineligible yesterday by the registrar. A slight technicality is all that is keeping Kircher on the ineligible list and there is a possibility that it will be removed by next week.

Kircher and Hunter were counted on to take several points in the sprints. Mark Sanderson, star weight man, who was reported as being ineligible has rechecked his record with the business office and was found to be all right. Sanderson is entered in the shot put and discus.

Speed Burnell will replace Kircher in the 100-yard dash and Ord will replace Hunter in the 100 and 220-yard and relay. Coach Spike Leslie has not decided just who his fourth man in the relay will be. Scott, Ord and Burnell are entered so far. Scott should lead the field in the hundred and 220, although Cameron of Corvallis and Duffield of Jefferson are unusually good high school runners. Joe Standard, Jack Jones and Coates should make their share of points in the quarter mile. McKittrick will have a tough job on his hands to beat Bradshaw of Corvallis, who has the reputation of being one of the best half milers in the valley. Little, Jensen and Hill should all take places in the mile. None of the high school runners entered have ever been able to equal Little's time so far.

Crawford, Boyden, and McCulloch should be able to take care of the high jump in good shape. In the broad jump Ord, McGee and Foster will have to do their best as all of the high schools entering are bringing along some good broad jumpers. Sanderson, Stager and Byington will easily take care of the shot put and the discus, that is, providing some "dark horse" does not come along and upset the dope. Foster, Jackson and Crawford are entered in the high hurdles and Foster and McGee are entered in the lows. Speed Burnell is the only Frosh entry in the javelin, but this should be plenty as javelin has been flinging it far and wide in practice this week. The coach will probably not enter anyone in the pole vault as Kircher was his only entry. So far he has not been able to uncover any pole vaulters among the rest of the babes, who have been turning out for track regularly.

Due to the fact that there will be so many entries in some of the events the time has been changed to 1:30. All officials are asked to be out on the track early so as there will be no delay in getting the meet started. Heats will be run in the 100, 220 and in the hurdles. The list of officials for the meet today

(Continued on page four)

## L. F. Henderson, Curator of Botany Museum, Brings Choice Plants

After spending two months in southern Oregon and the boundary of California collecting specimens of every type of wild plant life both familiar and those not seen before, Dr. L. F. Henderson, curator of the botanical museum at the University, has returned to the campus with quantities of spoils which he will identify and prepare for exhibition in the display cases in Deady hall.

Active and enthusiastic about his favorite work, Dr. Henderson is skeptical about the interest of Oregon students in the wild plants of the state. In view of this he expressed the opinion that it wouldn't be necessary to go into detail about any of the specimens he secured. With careful, almost tender, preciseness, the botanist proceeded to place his pressed flowers between

heavy sheets of paper in a pile in preparation for pressing while he talked about his trip.

Log Cabin hotel at Selma on the Redwood highway was Dr. Henderson's headquarters for a month and a half. "In many respects it is one of the most beautiful hotels in the country. It is well kept, up-to-date and well patronized," he said in praising the place. From here he went out on stages in both directions, towards Grants Pass or California. Leaving the highway at intervals the scientist hiked through the mountains and woods collecting material as he went.

Across the Illinois river in Curry county Dr. Henderson visited Mr. and Mrs. J. N. Finch, who are friends of Prof. Albert Sweetser, head of the botany department here.
