Students From Many Countries Hear President

Pooling of All Interests Will Bring Golden Day of Peace

Nearly every country on the globe was represented at a banquet given Wednesday night at the Y. M. C. A. hut, sponsored by the Cosmopolitan club. The banquet was given in honor of the foreign students attending the University and the Eugene Bible University, by the townspeople, and members of the faculty and their wives.

President Arnold B. Hall traced the needs of world peace, and emphasized the fact that a mere bond of sympathy cannot alone bring about the golden day of "Peace on earth, and good will to men," but that a realization of peace is necessary for the well being of all peoples. He noted the futility of the stand of the pacifist that mutual well wishing is sufficient, and showed that a pooling of common interests is essential.

Reasons for his interest in the club were given by Dr. Warren D. Smith, faculty adviser to the club. He described some of his experiences on globe-trotting expeditions, during which demonstrations of such friends as he found springing up in the club here had proved delightful and profitable to him.

A. Pablo, of the Varsity Philippines, expressed the gratitude of the members of the organization for the hospitality of the evening, and spoke of the feelings of the Philippine Islands towards the United States. Joe T. Tamura, representing Japan, emphasized the need for following the teachings of Jesus in international relations. C. F. Teng, Chinese government student, commented on some of the problems of China, and described the evils of foreign occupation.

Korea was represented by E.

Chung. Singh Sadsaira, of India, brought out the fact that his country does not bear any grudge against England as is sometimes claimed, but that an actual spirit of friendship exists. Charlotte Winnard who graduated last year entertained with a vocal solo, and the Philippine stringed orchestra played. Dr. John Straub, dean emeritus of men, acted as toastmaster for the occasion.

Theaters

McDONALD: Second day: Peter B. Carol's Co-ed Comments on Eugene Shops

Dearest Anne, Social highlights on the campus center about the many oncoming formal house dances and we're all so elated over thoughts of receiving some of Raup's gorgeous corsages. They're so thrilling to wear and the considered taboo add so much to one's gown that they're not only the season's but fashion's appropriate demand. Arranged for wrist and shoulder wear of dainty spring flowers they are really smart requirements.

A justifiable delay at any time is to drop in at McKillop's Candy Shop and purchase some of his famed candy. It's a regular fad down here to take a box along to eat in the show—somehow makes the picture seem better. Also a hint for late dates—present a box of McKillop's and all is forgiven.

The popularity of the unusual has found an advance expression in the Aladdin Gift Shop's striking assortment of novel boxes. Darling little stamp boxes of hammered silver, aristocratic, rare Italian ones of dark wood, imitation leather boxes of Persian design and so many others that the newest vogue for boxes is more than adequately satisfied here.

The up to date Oregon co-ed looks to Densmore-Leonard for important fashions innovations. For she knows that no store has a readier access to the latest of approved wearing apparel. This week our attention is directed to gloves as a feminine necessity. All manner of good-looking kids with colorful brocaded tops, smart harmonious fabrics etc., pleasing to even the most discriminating.

"Tea for two" at the Anchorage is about the cosiest thing imaginable on these dark, dreary days. That enveloping atmosphere of restful quietude combined with courteous service and real home-cooked food make moments spent at the Anchorage ones to be anticipated and remembered.

Saturday morning is usually so uninteresting but this week it promises to be different for Lenore has asked us up to her domicile for a bridge breakfast. She confided that Underwood and Elliot's are sending up the vital elements and that crispy brown waffles are to be served. Sounds as good as it surely will be.

Is long hair really coming in again? Apparently not if one would judge by the steady stream of customers always entering the Co-ed Barber Shop (next to Co-op) and as long as their results continue to be so excellent it is evident that bobbed hair is the only style.

Letitia Abram's hats (bal. Densmore-Leonard) have the proud air of noble origin and rightfully so for she carries all the famous Dobb's Beth, and Knox hats. Modern to a degree with their draped crowns and rippled brims, her new felts in all colors delight the fair seekers of true style.

As ever, CAROL.
