

Salem High School Will Play Frosh in Return Game Tonight

Coach Leslie's basketball cohorts went through a light practice session last night in preparation for their return engagement with the crack Salem high school quintet at the McArthur court this evening at 7:30 o'clock. On the following evening the frosh will tangle with the Columbia university dribblers in a return game on the same floor in a preliminary to the Montana State and the University of Oregon varsity encounter.

The preppers, last Wednesday, on the Salem floor handed the yearling basketekers their first drubbing by a high school aggregation, and the frosh are out to turn the tables on them. The invading hoopsters, however, have the call over the Oregon first-year men, from the impressive list of trimmings they have handed their adversaries this year, notably the 36 to 18 lacing given the strong O. A. C. rook team. "The yearlings," states Coach Leslie, "will have to check their men closer, than they did in the previous engagement if they expect to come out on top. The Salem hoopsters are a tall, rangy lot and undoubtedly as smooth working an aggregation as can be found in the state. The men are all good shots, with Duffey the leading scorer. The frosh will be out there to fight, and I expect a closer score than in the last game."

Probable lineups:
 Frosh Salem
 Potts Duffey
 Robie Siegmund
 Clark Lyons
 Coleman Olinger
 Cheney Durnay

High School Music List Shows Rapid Growth

Music is taking a forward place in the activities of University high school, with fifty-two students enrolled in instrumental work, and four taking voice. Twenty-seven of the students taking up instrumental work are either playing in the school or some outside orchestra. The school orchestra at present is composed of more than twenty members, and includes first and second violins, saxophone, cello, flute, drum, horn, and piano. The orchestra holds a weekly practice under the direction of Anne Landsbury Beck, professor of the school of music.

Special practices have been held the last few weeks in preparation for the old fashioned concert which is being given February 18 by the high school glee club. The orchestra, besides accompanying the glee club, will play the prelude and postlude.

Dean Allen to Make Address in Portland

Eric W. Allen, dean of the school of journalism, went to Portland yesterday to address the students of Lincoln high school on the subject of Editing a High School Paper. The Cardinal, the high school publication, has until this time been a magazine, but the staff is changing it to a newspaper.

 upper division would include pass and honor students.

II. Establishment of an Honors College for Selected Upper Division Students.

1. Purpose: To provide appropriate educative facilities for a certain number of students selected from the upper division enrollment.

2. Basis of selection of students for honors work.

(a) Previous accomplishments and native capacity. Ascertained by:

i. High school record.
 ii. Work in lower division courses.
 iii. Various capacity measuring tests—mental and temperamental.

(b) Faculty recommendations.
 (c) Comprehensive examination by a faculty examining body.

(d) Personal application by the student himself.

3. Status of Honors Students:
 (a) Performance and requisites to be demanded of the honor student.

i. Intensive and correlated work in self-chosen subjects.
 a. Proof of progress to be indicated by theses tendered at reasonable intervals—and theses not to be formally assigned but to be undertaken by the student himself under faculty guidance.

b. Work should be of such quality as shows maturity of thought and a distinctive excellence.

ii. A reasonable attendance at lectures, seminars, and conferences with subject professors or major advisers, but attendance should in this case take ultimate precedence in measuring the satisfaction of the students' achievements.

iii. A comprehensive oral examination and written thesis at the end of the final year.

(b) Privileges to be granted to honor students:
 i. Enrollment in regular courses to be merely nominal.
 ii. Freedom from routine class attendance.
 iii. Exemption from daily quizzes and term examinations.

iv. Exemptions from formalistic major and minor requirements.

4. Organization of the Honors College: operating under a broad administrative sanction.

(a) A faculty honors council to formulate and administer detailed operative procedure.
 i. To designate an honors faculty.
 ii. To establish honors courses in conjunction with subject professors.
 iii. To select honor students.
 iv. To constitute or appoint an examining board.

This committee appreciates the

necessarily experimental manner in which any such plan as here suggested must be developed. It is for this reason that no attempt has been made to formulate minute administrative details.

The charge for the dinner is \$1.50 a plate, with the play and cabaret as a special feature.

Vespers to be Led By Local Minister

Rev. Mr. E. V. Stivers, of the First Christian church will read the scripture lesson at the regular vesper service held in the Music building Sunday, February 6, at 4 p. m. Yells

(Continued from page one) should earn all the support we can give the boys," he continued.

Following are the two yells with the changes:
 Rah! Rah! Oregon
 Rah! Rah! Oregon
 Oskey (pause) Wow-Wow
 Wiskey (pause) Wee-Wee
 Olee (pause) Muckei
 Olee (pause) Varsity
 Oree (pause) goni
 Long pause
 Wow!

In this yell the syllables at the end of each line should be short and snappy.

Oregon Varsity "4"
 Oregon varsity (pause)
 Rah, Rah, Rah, (pause)
 Oregon Varsity!

The end of the Oregon varsity yell, spelling "Oregon" out, should be Rah! instead of Wow! to carry out the idea of the yell as Del Oberteuffer originally wrote it.

Hugh Biggs has just appointed a committee to write some new yells, consisting of Bob Warner, who is chairman, Bill James, and a third member who has not yet been named.

Over the Rim of Grand Canyon

He Threw This Pen and It Struck Unharmful on the Jagged Rocks a Half Mile Below

Non-breakable Pen Barrel? Dr. F. C. Morse of the National Park-to-Park Highway Association was unconvinced.

So recently to test the new Parker Duofold barrel, he stood on the rim of Grand Canyon and threw this pen into the rock-lined chasm.

When the pen was recovered amid the jagged rocks a half mile below the canyon's edge, it was scratched a bit, but quite unbroken.

When the cap was removed the point was as good as ever—a point guaranteed for 25 years, not only for mechanical perfection but for wear!

You cannot get Duofold quality in any pen save that stamped "Geo. S. Parker." Look carefully for this. Any good pen counter would like you to try this classic.
