

State Music Instructors Meet May 26

One Hundred Delegates Expected to Attend Convention

Eugene Booster Clubs Will Entertain Guests

Visitors to be Housed in Private Homes

ONE hundred delegates will gather on the University of Oregon campus May 26 and 27 for a convention of the Oregon Music Teacher's association. Approximately 75 delegates will attend from Portland alone, and Southern Oregon will be well represented.

An elaborate schedule of seminar discussions, entertainment, and musical programs is being worked out for the two days, and the people of Eugene are co-operating with the school of music to make the conference a success.

Registration will begin at the school of music, Thursday morning at 9:00 o'clock, and the opening address will be given at 9:30 in the auditorium by George Wilbur Reed, Portland voice teacher and president of the association. Following this, the discussion of questions relating to voice, violin, and piano will begin.

Glee Club on Program
The Eugene Chamber of Commerce will meet the delegates at the Music building Thursday noon and take them as guests to their regular Thursday luncheon. The program, which is not yet definite, will be furnished by the delegates. A drive to the various points of interest about the city will be offered the delegates by the chamber until 3 o'clock, at which time the regular sessions will be resumed in the Music auditorium.

A no-host-dinner is being planned for 6:30, Thursday, and will probably be held at the Woman's building, after which it is hoped that the delegates will have the opportunity to visit the Murray Warner exhibit.

Thursday evening, the University glee clubs and orchestra will give a joint musical program. Although the details have not yet been definitely worked out, one of the numbers will be "The Seven Last Words of Christ," which is presented annually by the combined glee clubs as an Easter cantata.

Clubs to Entertain
The regular discussions will fill Friday morning, and a no-host luncheon will be given Friday noon.

at the Woman's building. Afternoon sessions will begin at 2 o'clock.

The three service clubs of the city, the Rotary, Kiwanis, and Lions, are joining in a tri-club dinner Friday evening to which they have invited the delegates as their guests. The delegates will also furnish the program at this time. The final program of the conference will be given that evening in the Music auditorium by Portland artists. The details of all these programs will be announced later.

A great number of the delegates will be entertained in the homes of Eugene people, so that they will have no unnecessary expense. Headquarters and all sessions of the conference will be in the school of music. The student body and public are invited to attend all the programs that do not involve the seminar discussions or business of the association.

Roys, and Williams of the Cougars. No coast marks will be made.

Ray Williams, of W. S. C., will also hold forth in the mile, and is a favorite to win, although "Queenie" Little and Ed Jensen, of Oregon, are primed to give him the race of his life. Hall, Roys, and Oehlwein are the other entries from Cougarland. Johnny Divine, former national two-mile champion, will run against Johnny Neidemeier and Clarence Hill, of Oregon, in the long jog.

Hurdles Not so Good
With "Happy" Hoon, who is press-agented as something of a star, Birkett, Edes, and Gough running the barriers, the Cougars should make a strong bid for points in these events. Hayward will use Magee and Crawford with hopes of cleaning up extra markers.

Procter Flanagan is cock-of-the-walk in the broad jump, and will have Wetzel, Magee, and Crawford assisting him. Farnsworth, the lone Cougar entry, goes around 22 feet. The Webfoots could stand a few more events like this one. McCulloch has a chance to win the high jump, although Edes and Gough, of the Cougars, have been topping the bar around the six foot mark. Mann and Barnes, of W. S. C., expect to finish one-two in the pole vault, although Hayward has entered Brach-

er, Kircher, and Wetzel to oppose him.

Stager Making 135 Feet

In the weight events, the race will be a merry one. George Stager will have qualified for a sweeter this evening unless all dope goes away, for he has been tossing the discus around 135 feet. Wetzel does quite well with the platter himself, and should give Hansen and Smith, of W. S. C., good competition. Stag-

er and Wetzel are the hopes in the shot-put, opposed to the same Cougar duo as play with the discus—Hansen and Smith. Vic Wetzel has been throwing the javelin around 180 feet, which will make Paul, W. S. C. entry, hustle. Hansen and Smith will also hold forth here.

Oregon's prospects in the relay points being entered on the Web-foot side of the scoreboard. Price,

Pearson, Jefferies, and Standard should run McGillivray, Hoon, Ouillette, and Newman into the dirt over the mile route.

Camel is the modern favorite

MODERN smokers make known their preference. And they call for Camels. Never in any age was there a smoking favorite like Camel is today. Camels understand every mood of the modern smoker. Camel mildness and smoothness are supreme with the critical taste of present-day people.

A purchase of Camels brings you the choicest Turkish and Domestic tobaccos. Blended by skill into the world's most popular smoke, and the best. Quality unapproached, is the distinguishing mark of Camel.

No matter what the price, there is no better cigarette than Camels. Smoke them as frequently as you please. You will never be left with a cigarett after-taste. Camels aren't made that way. That is why modern smokers everywhere demand them. That is why this age has discovered the tobacco phrase, "Have a Camel!"
