

Donut League Preparing Real Sport Schedule

Meeting of Organization Representatives to Be Held the 11th

More men in sports, says the intramural league, and proceeds to practice what it preaches. Tuesday, the 11th, at 4:15 there will be a meeting of this league in the office of the men's gymnasium to put their words into action. Every living organization is a member of this body and is asked to send an upperclassman as a representative.

This meeting of the intramural league is being called to discuss rules and regulations, eligibility, schedule for fall sports, and entry lists will be submitted. Letters are being sent out to all houses giving regulations. Look them over carefully.

The fall intramural sports program will consist of tennis, handball, basketball, water polo, and indoor track. Coach Billy Reinhart will have charge of basketball and promises more games for all concerned. He also announces that both McArthur Court and the men's gymnasium will be used this year.

Coach Abercrombie will be in charge of water polo and tennis. He guarantees many duckings, and much swatting of tennis balls. "Scotty" Milligan will take the handball tournament into his capable hands. He doesn't promise or guarantee anything. Bill Hayward is always there with the goods.

Basketball is the big sport this fall. Last year the Phi Dels quintet sunk the winning basket and took the championship. Not only in the living organizations is there interest in forming basketball teams, but among the unaffiliated boys. Last fall, two teams, the Bovey Boys, and The Sphinx, were entered by men outside of houses. This interest is appreciated by the intramural league and basket-shooters of any description are welcomed.

Program Is Issued For Laymen's League Of Unitarian Church

A program of discussions for the laymen's league of the Unitarian church, Eugene, Ore., has been issued for the 1927-'28 season. All discussions are informal and the students of the University are urged to attend.

The meetings will be held on the first Sunday evening of each month at the church parlors, 11th and Ferry streets, at 7:30 o'clock.

The topic for the entire season is "The Use and Misuse of Education," and this is divided into the following topics:

October 2—"From the Point of View of the Psychologist," Prof. Howard R. Taylor.

November 6—"As the Biologist Sees the Question," Prof. A. R. Moore.

December 4—"What the Journalist Thinks About 'It,'" Prof. George Turnbull.

January 8—"From the Standpoint of the Church," Father Edwin O'Hara.

February 5—"The Artist's Answer," Prof. N. B. Zane.

March 4—"The Testimony of the Historian," Dr. H. D. Sheldon.

April 1—"The Philosopher's Statement," Prof. H. G. Townsend.

May 6—This date is reserved and the speaker will be announced later.

Theaters

HEILIG—The Tunney-Dempsey official fight pictures, every round and blow clearly shown, all closeups and round seven in slow motion. Added, Lew Cody and Renee Adoree in the zippy French farce, "On Ze Boulevard"; Fox News and Aesop Fables, too.

Coming—Ramon Novarro in his first picture since his great role in "Ben Hur," "Lovers," and playing opposite Novarro is Allee Terry. Soon comes the one great picture of all time, "The Big Parade." October 26 is Schubert's gorgeous musical stage attraction, "Gay Paree," with Charles "Chic" Sales and company of 125.

McDONALD—Last day! "Laugh week," featuring Syd Chaplin in "The Missing Link," a riotous farce comedy of a tenderfoot adventurer who braves the wilds of darkest Africa to solve the riddle of the human race, and the laughs are running neck and neck with thrills that surpass even "The Better 'Ole" and "Charley's Aunt" in fun. Also a McDonald prologue, "Cocoon Grove," with Ted O'Hara, Walter Lee, Harry Fandrum, Earl Laulus, Harriett Miller and Frank Alexander, twice, nightly; and "A Short Tail," a treat for dog fanciers, and genuine entertainment for all. International News events. Frank Alexander in musical comedy setting on the organ.

Coming—"The Poor Nut," a college comedy, with Jack Mulhall, Charlie Murray and Glenn Tryon, a triple comedy lineup unequalled on the screen. Also the second of the new "Collegians," with George Lewis and the original cast; and George McMurfhey and his Kollege Knights in "Campus Capers," featuring "The League of Learning," medley of American college tunes.

REX—Last showing—the one and only original Dempsey-Tunney fight film, okayed by both fighters, and showing in graphic form the complete 10-round go, with every blow, every second of the battle of the century, in full sized proportions, including the high lights in both natural and slow motion, which gives an accurate view of the much disputed seventh round, in which the count of Tunney was delayed many seconds, and by reason of which Dempsey followers claim Jack should be credited with a knockout. Fight films start on-the-hour, continuously, from 1 to 11 p. m.

AT THE COLONIAL—Wednesday and Thursday, October 5-6. Bebe Daniels in "Stranded in Paris." Promenading on the Riviera in the ermine and frills of mistaken identity, Bebe's adventures carry her from one hilarious complication to another! Roach comedy Wednesday night, also Big Night at the Country Store, and don't forget the "Fables."

Two Students Are on Vespers Committee

Two student members on the vespers committee have been appointed this year by Don Beelar, A. S. U. O. head. They are Gladys Calef and Scotty Kretzer.

Bovard Attends Convention At Burns, Oregon

Dean of Education Attends Teachers' Institute As a Lecturer

Dean Bovard of the school of physical education returned to Eugene last Saturday from a trip to Burns, Oregon, where he was a lecturer, at a convention of the Harney County Teacher's Institute. Mr. Bovard was accompanied by Mr. Beattie of the extension department, and Miss Mary Robards, an expert on primary education, from Monmouth. Miss Robards addressed the grade teachers concerning the best methods of primary education. Mr. Beattie gave several lectures, among which were: "The Essentials in English Grammar," "Individual Patriotism," "Methods in Spelling," and "Practical Research for Teachers." Dean Bovard spoke on the "Teaching of Science in the High Schools," with particular reference to nature study; "The Teaching of Physiology," "The Place of Physical Education in the Public Schools," and "The School and the Community."

There were about sixty-five teachers at the convention, and a great many of the towns-people attended the lectures. The musical program furnished for the convention was very good, in the opinion of Dr. Bovard. The convention was also entertained by a banquet Thursday night, and after the banquet, the Parent-Teachers Association sponsored a public reception at the Masonic hall.

Dean Bovard was very favorably impressed with the geographical statistics of Harney county. Harney county is larger in area than the state of Connecticut. The land around Burns is irrigated and produces very large crops. One man who had a small place near the town raised 75 bushels of wheat to the acre this year, and all other crops are in proportion. In order to reach Burns it is necessary to drive 150 miles across a "high desert" which is at times 5,000 feet above sea level. All the members of the party suffered from the cold while in Burns, and particularly on the way back, as the drive over the desert was made at night. Despite the weather, Dr. Bovard thought the trip was very enjoyable, and he is looking forward to being able to revisit Burns as some future date.

Instructor in Danger Of Losing Disposition

"What would you do if you found that the train you had been accustomed to taking had been removed from the schedule, and you couldn't get home until 2 o'clock in the morning, besides having to make an 8 o'clock?"

It sounds like the plaint of a student, but instead it's the lament of an instructor, Nowland B. Zane, of the school of architecture and allied arts, and just goes to show that these profs of ours sometimes

bate to get up for their 8 o'clocks, just as badly as the rest of us.

Mr. Zane teaches an extension division class in Salem every Thursday from 7 to 9 p. m. Last year he returned to Eugene on a train leaving at 10:15 p. m., which enabled him to make easy connections, and get the full amount of sleep required for a cheerful disposition at his early morning class.

When he arrived at the Salem station Thursday evening, all ready to take the 10:15, he found that there was no such thing, so he had to spend the time waiting for an 11:30 train trying to decide whether a movie or a walk would be more soothing, and doing neither.

Mr. Zane's greatest desire at present is to get some sleep. He says: "I have to watch my disposition with the greatest care. But wouldn't you grumble just a little, too?"

May Build Trophy Case In McArthur Court

A committee, with William Adams as chairman, has been appointed to investigate and make recommendations for the building of a new trophy case to hold the trophies which have been won by the University of Oregon in various athletic events.

These trophies, which are really a history of the University of Oregon's athletic prowess and success, have been kept in the men's gymnasium, some encased in glass cases but most of them kept only on open shelves. The plan is to move these trophies to a new location and put them on exhibition in glass cases where they may be seen by anyone interested in seeing these awards of merit.

Sportoscope

(Continued from page one) around 13 or 14. Football was played only in halves and not divided into quarters as today.

It was back in 1914-15-16, during the reign of Hugo Bezdek as football coach, that few substitutions were made. "For three years Oregon only made one substitution and that was in the Oregon-Pennsylvania game at Pasadena, which Oregon won, 16 to 0," said Hayward. "Up to this time the 11 men who started the game finished the contest. The substitution came when Johnny Beckett fractured his ankle and Baz Williams went in as tackle. Maybe you think this style of football didn't keep me busy keeping the men in shape to stand all the games for three seasons."
