

California To Use Soph Players Against Webfoots

Teams Rated on Par, but Bears Have Slight Weight Advantage

By RICHARD H. SYRING Sports Editor.

When Coach "Nibs" Price trots out his Blue and Gold football warriors on Multnomah field next Saturday there will be only three California grid players who participated in the 1925 battle in which Oregon was so decisively beaten, 28 to 0, on the same lot. Dick Blewett, Fritz Coltrin and James Dougery comprise the trio of year-before-last veterans. The veterans of the 1926 contest, which was won by the Webfoots, 21 to 13, will be somewhat more numerous, 12 in number. The presence of lettermen does not seem to hold much weight in the mind of Coach Price this year. If the starting lineup against Oregon is the same which defeated St. Mary's, 13 to 0, fans will see only five lettered players on the Golden Bear machine. Outstanding and scintillating work of sophomores have necessitated the detaining of veterans on the bench. It was just such a sophomore team as this year that started the late Andy Smith with his string of "wonder teams."

On paper the Oregon and California teams look as much alike as the Siamese twins—that is, of course, along weight lines and the number of green men on each eleven. But like persons, the idiosyncrasies are probably different and it is just such things as punch and spirit that will help determine Saturday's winner. The average weight of the probable starting California lineup is 186 pounds. The line will average 193 pounds, while the backs will tip the scales to 174. The Californians will have a slight weight advantage in the backfield.

The California line which proved so stubborn against the onrushes of the fast St. Mary's backs last Saturday has a veteran in the person of Captain Fritz Coltrin at right tackle. This big 200-pounder who is playing his third season stands six feet two inches tall and is in the mix of every play. Ned Green, who weighs 205 pounds and stands six feet one inch, will be Coltrin's mate at the other tackle berth. This young giant sustained a bruised side in the Nevada game, but this did not hinder excellent performance against the Gaels last weekend. Other tackles include Frank

Fitz, Milton Hansen and Donald Koch, all whom have had one year varsity experience but failed to make a letter last year.

The guard situation is giving Coach Price the greatest amount of trouble with six or seven men to pick from. Harry Gill, 175-pound linesman from the 1926 freshman team, started against St. Mary's. Harold Kaufman, 175-pounder with no previous experience, will probably hold down the left guard berth. Elmer Gerkin, 1927 track captain, has been making his six feet two and half inches and 218 pounds count to a good advantage at guard. Robert Booth, 184; Louis Pitton, 181; Bert Schwartz, 190; Waldo Weeth, 187, and Bob Young, 180 pounds, round out the rest of the guardsmen.

Roy Riegels, 175-pound freshman center last year, will probably start against Oregon. LaVerne Corbin, the tall basketball center, has been making good use of his large stature as a football pivot man. Riegels has had more experience and handles the ball more accurately than Corbin.

James Dougery, 177 pounds and two year letterman, will be stationed at left end. Dougery is another of California Pacific coast champion basketball players and can handle the ball with ease. Irvine Phillips, 188 pounds, is playing his second year at the right wing position. Phillips was one of the stars of the St. Mary's game. Dick Blewett, 180 pounds, who made two letters as a quarterback, has been shifted to end and will undoubtedly get into Saturday's play. Steve Bancroft, 197; Robert Norton, 175; Bern Oulic, 184, and Ellis Thornton, 198 pounds, are the rest of the flankmen.

Never has there been such an abundance of backfield material at California. Coach Price has three sets of backs ready to go in at his beck and call. Jack Evans, 170-pound letterman, will probably start calling signals against Oregon. His steadiness and drop-kicking ability gives him a slight shade over Leland

Risan, 1926 freshman quarterback, and Paul Clymer, 1926 letterman.

Bennie Lom and Sterling Newman will probably start at halves. Lom, 175 pounds, is from last year's freshman team and made good yardage against the Saints last week. Newman, 175 pounds, has had two years' varsity experience but never succeeded in gaining the coveted "C." He hails from Twin Falls, Idaho. Harry Breakenridge, 160 pounds, is another lettered half who will get into the game. Frank Gill, 175; Paul Perrin, 182, and Eugene Van Horn, 173, are a trio of lettermen who may get a chance against the Webfoots.

Ralph Dougery, 185 pounds, will start the game at fullback. After his performance against St. Mary's, in which he made both touchdowns, he would be a hard performer to keep on the bench. He has had one year of varsity experience.

James Cockbush, 182, is Dougery's understudy at full. Charles Schmidt, 189-pounder from the 1926 yearling team, is another candidate who may see action against the Oregonians.

First for Finer Flavor—No Throat Irritation—No Cough

"Roxy," a favorite in Radio-land, writes:

"During a strenuous rehearsal, with the work entailed in operating the World's Largest Theatre, where one's nervous system is working under great pressure, there is nothing quite like a 'Lucky Strike' cigarette. It does not impair the voice, and gives the mental relaxation so essential to carry on."

Joseph P. Fox

11,105* doctors give written opinions.

WHAT is the quality that Giuseppe Danise, Queena Mario, Adam Didur, Antonio Cortis, Nanette Guilford, Wilton Lackaye, Lenore Ulric, "Roxy," and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delightful and of no possible injury to their voices?

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105* doctors answered this question "YES."

Consider what these figures mean; consider that they represent the opinion and experience of doctors, those whose business it is to know.

"It's toasted"
No Throat Irritation—No Cough.

* We hereby certify that we have examined 11,105 signed cards confirming the above statement.
