

## Alumni to Use New System in Balloting

### Delegates to Be Chosen From Oregon Districts By Mail Vote

### Democracy Results From Unique Plan

### President to Be Elected At Convention

With the Homecoming directorate appointed and plans well under way for the once-a-year event to which old grads and students alike look forward, the alumni secretary, Jeanette Calkins, announces the initiation of a new system which will be used this year to appoint delegates to the annual alumni convention at the University on November 10. The unique plan, it is thought, will give an element of democracy to alumni representation that has heretofore been overlooked.

Previously, the delegates have been chosen by a committee appointed by the University president. However, this year, ballots are being sent, under the direction of Miss Calkins, to the alumni over the state. The state is divided into districts and each district allowed delegates according to the number of alumni residing within it. The delegates names appear on the printed ballots mailed from the University. Mail votes will be made and immediately returned to the alumni secretary where a count will be taken, the highest secured number winning the election.

An attempt has been made to select the candidates from men and women—who were prominent in activities when they were on the campus and in alumni work since graduation. Also, Miss Calkins said they endeavored to have as many graduating classes as possible represented.

The alumni, at their convention on November 10 at 2 p. m., will have the usual run of business to transact, most important of which will be the election of a president, Harold Young, son of Dean Young of the sociology department, has held the office for the last three years. Mr. Young is also associate editor of the Oregon Voter at the present time. There will also be

## Oregon Department Claimed Superior by Professor Sutherland

John W. Sutherland, professor of psychology, has returned to Oregon after a year spent in work at the University of California. Although this is the first time that Professor Sutherland has taught on the Oregon campus, he has been active in educational work of the state for the last 10 years.

After having acquired an intimate knowledge of the Pacific coast colleges, including Stanford, California and Washington, Mr. Sutherland says that Oregon's psychology department is superior to any other on the coast.

At the University of California, he held an assistantship in the psychology department. Some years ago Mr. Sutherland was in a clinical laboratory in San Francisco, where he conducted psychological tests and experiments. Following his work there, Professor Sutherland spent several years teaching in the high school of Bend. It will be only a short time now until he will be ready for his doctor's degree.

Professor Sutherland was born near Edinburgh, Scotland. After graduating from the home town high school he attended an institute of technology.

"While I was in Scotland," continued Mr. Sutherland, "I was always interested in athletics—track was my hobby."

## 'Romanza' to Be Played By Hopkins at Vespers

Sunday's vespers will include a musical program by George Hopkins, piano instructor in the school of music. He will play the "Romanza" from Chopin's "Concerto in E Minor." A condensed orchestral accompaniment will be played by John Stark Evans at the organ. Mr. Hopkins will also play a piano solo, Chopin's "Nocturne in E Major."

Reverend F. Jennings, pastor of the Episcopal church, will read the scripture passage.

## Scribes to Frolic At Journalism 'Jam' On November 10th

The college year's greatest bust of riotousness, the annual Journalism Jamboree, will break on the waiting campus on the night of November 10, the night before Homecoming.

As the "jam" is the masquerade held during the school year the whole journalism school and half the rest of the campus awaits it expectantly.

Usually it has been held during the winter term because of the inability to get satisfactory dates for it, but this year it will be held at an auspicious moment when everyone will be in a good mood for fun.

Old grads will be back and will want to attend. The next day will be a holiday so the "shack" is looking forward to a hot time. No date, small charge, men's gym, big costume ball—that's the jamboree. Watch this space for further developments.

## Sig Eps Smash Phi Deltas 20-8 In Donut Tangle

### Sigma Nu, Independents, Sphinx, Win in Fast Scrimmages

Sigma Phi Epsilon	20
Phi Delta Theta	8
Sphinx	39
Psi Kappa	5
Theta Chi	5
Sigma Nu	18
Sigma Alpha Epsilon	4
Independents	24

How, this reporter arises from a swoon to inquire, d'ya go about telling how the Phi Delt five continued its onslaught for the championship when the Sig Ep basketballers garnered the most counters? For two years the Phi Deltas have been immune from defeat, and now Sigma Phi Epsilon, with its Arizona atmosphere, an all-state man from Tucson, comes along and administers the pill. Potter, the forward in question, made more points than the whole Phi Delt team.

### Gore Spilled

The other three games of yesterday afternoon were slaughters, nothing more. Sphinx butchered Psi Kappa, Sigma Nu made sausage of Theta Chi, and the Independents used a meat-ax on S. A. E. From a spectators point of view, the games were wild from gong to gong. Attempted long shots, wild short passes, and good old rough and tumble featured the afternoon.

The Sphinx demonstrated a real brand of team play, and worked the ball up and down the floor with ease. Policar, Sphinx forward, evened Linstrom of the Zebras, with 18 points for 30 minutes of play.

### More Blood

This afternoon there will be more treats for the fans of the hoop game. At 4:15 Phi Gamma Delta takes on Phi Sigma Kappa, and Friendly Hall will try to take a fall out of Alpha Tau Omega at 5:00. Both games will take place in the men's gymnasium. Up at the "Igloo" there will be only one struggle.

## Law School Smoker Has Large Turn-out

A humorous skit, a boxing bout, a three-piece orchestra, an aerobic tumbling act, and two informal addresses featured the program of the law school's first term smoker, held last night in the Craftsman club. Almost the entire law school student body and faculty were present. Orlando J. Hollis was master of ceremonies.

Judge G. F. Skipworth, member of the board of regents of the University of Oregon, and Charles E. Carpenter, dean of the law school, talked to the students present.

The law school orchestra, consisting of John Mohr, Charles Colistro and John Robinson, furnished music throughout the evening.

The second and third year law students presented a humorous skit, depicting the comic aspects of a morning in class.

Hall and Starr, in a boxing bout, and Wesley Gilmore in a tumbling act completed a program well received by the audience.

The smoker tonight was the first of a series to be given this year, one each term, by the law school student body and faculty.

## Milton George Picks Emerald Business Staff

### Larry Thielen Will Have Direct Supervision of All Workers

### Ruth Street Heads Advertising Section

### Ed Bissell Is Manager of Circulation

Seventeen members of the business staff of the Oregon Emerald were announced yesterday by Milton George, business manager.

Larry Thielen of Portland, junior, is the new associate manager. Ruth Street of Portland, senior, is the advertising manager. Ed Bissell of Portland, sophomore, will manage the circulation and Bill Bates, Portland, is foreign advertising manager.

The remainder of the staff, as announced by Mr. George are: Street of Portland, senior, is the advertising manager, Ed Bissell of Portland, sophomore, will manage the circulation and Bill Bates, Portland, is foreign advertising manager.

The position of manager of the circulation department is now held by Edward Bissell, sophomore, who was assistant circulation manager last year.

Wilbur Shannon, sophomore, was circulation assistant last year.

**Experienced Salesman**  
sold advertising for the Emerald last year. He has had four years experience on the Oregon City Enterprise, and is one of the best salesmen on the staff.

Another active student in advertising is Bill Bates who will manage foreign advertising. He has had experience in other publications and has done considerable research work which will prove valuable to him in carrying on market surveys for the benefit of the national firms who use the Emerald columns for their advertising campaigns.

Vernon McGee was not on the campus last year, but two years ago he was one of the most active and efficient advertising salesmen on the staff. He will also assist the advertising manager this year.

Lucielle George is in charge of the checking and mailing department, and will work in connection with the foreign advertising department.

### Diverse Reorganizations

For the first time, according to

## Freshmen Will Meet President Hall Today

Today is the day for freshmen to meet President Hall, Mrs. Hall, Dean Esterly, and Dean and Mrs. Shirrell, and also to get acquainted with each other at the president's reception for freshmen this afternoon from 3:30 to 6 in the Woman's building.

A panatrophe has been loaned for the affair by the McMoran and Washburne store and it will furnish music for the dancing in the dance room.

Mrs. Davis, director of halls of residence, has charge of refreshments, and they will be served by members of Kwama, sophomore honorary.

# Varsity Leaves for South; Students to Rally at Train

## Football Rally Sends Varsity To Battle Foe

### Great Ovation Promised at 12:10; Twenty-five Players Leave

### Robinson Not to Play; Wrist Still Unhealed

### Coles' Performance Earns Southern Trip

By RICHARD H. SYRING  
Sports Editor

Keyed to a high pitch, desirous of winning a conference game, and out to defeat Stanford who has been victor in the past few meetings, 25 Oregon varsity football players, accompanied by Coach John J. McEwan and a corps of coaches, trainers and managers, will board the Shasta at 12:10 p. m. for the land of Glenn (Pop) Warner and his celebrated Red Shirted Cardinals.

The team's departure at the tracks near Villard hall will be accompanied by one of the biggest ovations ever given an Oregon grid squad on its leaving to battle a southern moleskin foe. Led by the Oregon band, the rally will form immediately after this morning's assembly and march to the place of departure.

### Unexpected Happens

Last night saw Coach McEwan doing the unexpected. For fifteen minutes the Lemon-yellow first stringers battled with the freshmen in scrimmage. Care of last minute injuries was cast to the winds in an effort to have the Webfoots in a fighting and playing state of mind. After the first quarter of an hour of scrimmage the varsity reserves were sent in and they battled with the green capers for thirty minutes.

Howard Handley, the big 200 pound end who was injured in the California game, will not make the trip. Last evening's practice session saw Frank Riggs being groomed for his place. The starting left end will probably be a toss-up between Riggs and Ted Pope.

### Coles Makes Trip

The backfield quartet was composed of Dave Mason, quarterback, George Burrnell and LaSalle Coles, halves, and Cotter Gould, fullback. Previous to last night's practice Coles was destined to remain at home but his last performance was good enough to warrant his making the southern trip. "Chuck" Williams will probably start at half, however, with Coles in reserve.

Dummy practice occupied part of the time and considerable energy was spent in putting the finishing touches to scoring plays which have been devised during the last two weeks. No chances are being overlooked in case the ball is on the three yard line and an opportunity to score. Wetzel and Hatton took their turns in kicking the ball from placement.

### Robinson Not to Play

Oregon gridsters will enter Saturday's game without the services of Bobby Robinson. The fleet-footed quarterback is making the trip but Coach McEwan said emphatically yesterday that Robinson would not play in any part of the contest. His place at quarterback will be taken care of by Dave Mason, sophomore and graduate of last year's freshman team. Mason replaced Woodie in the Bear game and showed good judgment with his assortment of plays. He hits the line in a good driving fashion.

### Practice at Palo Alto

Shortly after the Webfoots are

(Continued on page four)

## Faculty Folk in Casts of Plays By Mrs. Allen

### Author Has Role in 'Dark Fear'; Gerda Brown To Have Part

Three one-act plays, "Dark Fear," "Romantic" and "The Couch Shell," written by Sally Elliott Allen, will soon be presented at Guild hall under the auspices of the American Association of University Women and the Kappa Kappa Gamma alumni association.

Casts for the three plays have been chosen, and include players of repute upon the campus. Gerda Brown, who was assistant director in dramatic interpretation two years ago, will play with Mrs. Allen, who besides being author and director, will take a part in "Dark Fear." Mrs. Allen has produced several plays here before, and directed "A Comedy of Errors," the commencement play several years ago.

"Romantic" is the story of two little girls who are much disappointed with the story their mother

(Continued on page two)

## French Club to Hold First Meet Tonight

The French club of the University of Oregon will hold its first meeting of the term tonight at the Gamma Phi Beta sorority house at 8 o'clock.

Therese Chambelland, French honor student from Alsace-Lorraine, will address the meeting, speaking on her experiences in America. Werdna Isbell will give several vocal selections during the evening. Refreshments will be served.

As this is the first meeting of the year, the club would like to see all its members turn out.

## Typhoid Fever Patient Released by Infirmary

David Head, sophomore journalism major, who has been in the infirmary with typhoid fever, was released yesterday. He will probably be out of school for the rest of the term.

## Student Names Prove Bane of Professor

"What's in a name?" One is told to find the answer in the Student Directory, but Mr. Caswell of the physics department finds no relief from this source. S. O. S. I. Aid! Assistance! Or whatever it is that one needs in such cases. For when a poor professor has students in his classes with Goetichius, Itzikowitz, Schlessner, Shuholm, Perozzi and Werschkul as their official titles, it is time for more than a directory to come to his aid.

## Varied Piano Recital Given by Students Of George Hopkins

The second of a series of student recitals was given at the home of George Hopkins, instructor in piano, Monday evening. The recital was unique because of its informality. Mr. Hopkins commented upon each performance showing how the students might improve the technique of interpretation. This feature made the program instructive rather than a mere display of talent.

The program included MacDowell's Starlight and Mozowski's Guitare played by Myra Belle Palmer, Chopin's Nocturne in E Minor and Albeny's Tango played by Lucille Elliott, three Schuman numbers, Important Event, Traumerlei, and The Knight of the Hobby-Horse played by Katrine Parsons, Chopin's Nocturne and Etude in D flat played by Arthur Hicks and May Night and Roedel's Air Dauphin played by Robert Wilcox.

Mr. Hopkins plans to have numerous recitals in order to acquaint his students with each other's work. The next one will be given Monday November 7.

## Interclass Volleyball Games are Scheduled

Interclass volleyball games for women begin Tuesday, November 1, and will be played until December 6. Each class will have three teams and as these teams are still being chosen the girls are especially urged to come out for the special practice days for the rest of this week, says Miss Constance Dunne, faculty head of the sport.

## Graham Stuart To Be Assembly Speaker Today

### Books on International Relations Written by Noted Speaker

Graham Henry Stuart, professor of political science at Stanford University and speaker at this morning's assembly, is the author of two books now on the special shelf at the library. One is a textbook, "Latin America and the United States," and the other a brochure, "A League of Nations." The assembly will close at 11:40 a. m. on account of the rally which is to follow.

"The purpose in writing this book has been to give a brief and accurate survey of the diplomatic and commercial relations between the United States and those Latin American countries with which our interests have been most closely related. The increasingly friendly relations brought about by the World War, the development and expansion of commercial relations, the improved facilities for communication and travel, have made evident the vital importance of our future relation with the nations of this hemisphere," explained Mr. Stuart, in the introduction to his textbook, which was printed in 1922.

"This volume, designed primarily as a text for classes in American diplomacy, and for those studying our relations with Latin America, will, it is hoped, also appeal to that part of the general public which is interested in the bases and development of American foreign policy.

"Every effort has been made to present the facts fairly and accurately, with particular emphasis upon those phases of American diplomacy which have hitherto received least attention. For example, the diplomatic relations between the United States and Mexico have been sketched very briefly, inasmuch as this material is already available in excellent form. On the other hand, our recent relations with the Caribbean countries and Central America, and our diplomatic relations with Argentina, Brazil and Chile have been given more detailed attention owing to the greater difficulty of the subject."

## Morrill in Infirmary With Attack of Measles

To enter an ailment is the passport to the infirmary—but to escape one must be well. Malcolm Morrill, freshman in pre-law, entered the portals of the infirmary last night with the measles as his passport. He is reported to have but a slight case.

Dorothy Davidson, freshman in physical education, who had an infected heel treated was dismissed. Bill Crawford, sophomore in business administration, who was in with a bad cold was also dismissed.
