

Debaters Meet Cambridge Men Monday, 8 P. M.

International Contest Is To Be First Debate Of '27-'28 Season

Experienced Englishmen To Face Veterans

The power of the press, an important factor in American life, will be both valiantly decried and upheld when the University of Oregon debate team clashes with Cambridge University, England, at the Methodist church at 8 o'clock next Monday night on the question: "Resolved, That the power of the press has increased, is increasing, and should be diminished." Cambridge will uphold the affirmative, and Oregon the negative.

The Cambridge University team has been touring the United States for several months, meeting leading colleges and universities. Whitman College, of Walla Walla, Washington, is the only other institution in the Northwest besides the University of Oregon that the English debaters will meet.

The three Cambridge debaters, M. A. B. King-Hamilton, Herbert Lionel Elvin, and Hugh Mackintosh Foot, two of whom will meet the Oregon men, are all men of wide experience, according to Walter Durgan, Oregon debate manager. It is interesting to note that each man is a member of a different English political party, and is active in the student politics at Cambridge.

King-Hamilton is 23 years old and has attended Cambridge University since 1923. He was elected president of the Law Society in 1926, and last spring he was chosen president of the Union Society, in whose debates he has participated since entering the university. He is a member of the Conservative party.

Elvin, who is 22 years of age, is the vice-president of the Union Society, and will succeed King-Hamilton as president upon his return to England. He is a socialist, a supporter of the Labor party, and the chairman of the University Labor club.

Foot, the youngest member of the trio, is barely 20. He is a life member of the standing committee of the Union Society, and the secretary of the University Liberal club.

Donald Beclar and Hugh Biggs,

who will represent the University of Oregon against the Englishmen, are also men of considerable experience and active participation in student affairs.

Beclar, a senior in political science, is the president of the student body. Last year he was a member of the Oregon debate team that met the University of Sidney, Australia, in Eugene, and he also won the State Peace Oratorical contest. During his sophomore year he represented the University in a radio debate with the University of Southern California, and was the winner of the pre-legal oratorical contest. When a freshman he won the Jewett extemporaneous speaking prize.

Biggs, a first year law student, was the president of the student body last year. He was a member of the debate team that met the University of Utah here in 1926, and was on the debate squad for several years.

University students will be admitted to the debate Monday night on their student body tickets, Durgan said. Others will be charged an admission fee of 25 cents.

Football

(Continued from page one) see the Webfoots engage in an inter-sectional game next year. A trip to the Hawaiian Islands would please him very much.

Being away from home did not necessitate the football squad missing their Thanksgiving dinner. A royal feast was enjoyed at the Gowman hotel immediately after the game.

Yesterday noon the football team were guests of the Eugene Kiwanis club at the Osborn hotel. Speeches were made by McEwan, Stadelman, Dixon, Burnell, and Woodie. The club is ready to back a 1928 winning team.

Bill Milligan, referee of last Thursday's fracas, had plenty to say about the game, according to Beryl Hodgen. Milligan thought it was the hardest and best played game that he had seen for a long time.

Society

(Continued from page three) the fireplace was completely filled with old tin cans, ragged shoes and disreputable looking articles of every kind.

The infantile paralysis boon supplied incentive for another social event when members of Friendly hall gave an informal dance on Friday night. Programs were in the form of fourteen blank checks, which were drawn on the "Bank of Friendly Hall" from the account of "Infantile Paralysis."

It costs a lot, but Camel must have the best

It is true that Camel is the quality cigarette, but it costs to make it so. To make Camel the favorite that it is costs the choicest crops of Turkish and Domestic tobaccos grown. It requires the expense of a blending that leaves nothing undone in the liberation of tobacco taste and fragrance.

But the fame that Camel has won is worth all the trouble. It has brought

modern smokers a new realization of excellence. They are particular and fastidious and they place Camel first.

Your taste will delight itself in these choice tobaccos. Camels get better the more of them you smoke. Their subtle tastes are unfolded by experience. They are always delightfully smooth.

"Have a Camel!"
