Senior Ball To Be Saturday Night

The annual Senior Ball, the one strictly formal student body dance of the year, will be given Saturday night, February 18, at 9 o'clock, in the Woman's building. It is rumored that the dance will be exemplary of the dignity and formality that is usually associated with its name, and the crowd will be a limited one, only a certain number of tickets being attainable. As only three weeks remain in the term in which living organizations will be allowed to participate in individual house entertainment, these three week-ends are crammed full of formal, informal, and teas of various kinds. The impromptu dances scheduled for next Tuesday evening, February 21, are numerous, and will undoubtedly be the means of more thorough enjoyment than those affairs planned and talked about so far ahead of the appointed time. The day following, Washington's Birthday, February 22, has been the incentive for a few specially planned dinners, and several matinee dances.
