Time Short Before Spring Vacation

The time not spent in worrying and fretting over exams, which make their formal bow to the campus in general one week from today is being utilized by college maids in preparing social functions to fill their days at spring vacation. As the larger part of co-eds will spend the holidays in Portland, this will be the center of social affairs, a great number of them to be in honor of students who expect to enter the University next fall. Plans for several fraternity and sorority dances are being formulated and there will be innumerable teas and line parties. From the moment when the college student finishes her last exam and boards the train for home to the hour when she returns for registration, March 26, her vacation will be a busy one.

University Day Chairmen To Have Dinner

Members of the University Day committee, who have been working this term on plans for dances to be given in various places throughout the state of Oregon, Friday evening, March 23, will be guests at a dinner at Hendricks Hall, Monday night, March 12. The affair has been arranged in order to complete all arrangements for the dances, and to give the individual chairmen the opportunity to meet with one another and learn what is being done in other communities regarding University Day, exclusive of their own.

Miss Edith Dodge is general chairman of University Day, and will speak at the dinner. Other guests, besides the committee chairmen, will be Mrs. George T. Gerlinger, and Mr. R. W. Price of Portland, Mrs. Virginia Judy Esterly, and Miss Jeannette Calkins.

New Thespians Honor Old Members

Following an old custom for active members of Thespian, freshman honorary, to entertain members of the past year, this year's Thespians were hostesses at a line party at the McDonald theater, Saturday afternoon. Bridge and dancing was

enjoyed afterwards at the Kappa Alpha Theta house. The active members and their guests were: Elizabeth Crissel, Amy Porter, Glenna Heacock, Maurine Akers, Beatrice Milligan, Bess Templeton, Margaret Cummings, Marvin Jane Hawkins, Emily Williams, Betty Brown, Dorothy Bell, Margaret Moss, Harriet Atchison, and Wilma Enke.

Dr. and Mrs. George Rebec entertained about twenty guests at a supper party Sunday evening at their home on College Crest. Guests were students majoring in philosophy, and faculty members of the philosophy department.

The marriage of Miss Margaret McGowan, daughter of Mrs. A. H. McGowan, of Portland, to James Mahan, of Colorado Springs, Colorado, was solemnized in Chicago last week.

Mrs. Mahan attended Reed College in Portland and graduated from the University of Oregon in 1925, where she was a member of Gamma Phi Beta. Mr. Mahan is a graduate of the University of Chicago. The young couple will reside in Chicago, where Mr. Mahan is in business.

The only social event scheduled during the remainder of the term is the Miami Triad, a costume dance held annually on the last Friday night of examination week in the winter term by members of Sigma Chi, Phi Delta Theta, and Beta Theta Pi fraternities. The affair is to celebrate the founding of the three organizations which occurred the same year, at Miami, Florida.

Announcement of the engagement of Miss Mary Skinner, daughter of Mark Skinner of Portland, to Dr. Martin A. Howard, was made known at a large tea, for which Miss Florence Skinner entertained, in Portland Saturday afternoon.

Miss Skinner graduated from the University of Oregon and was a member of Kappa Kappa Gamma. Dr. Howard is a graduate of the University of Oregon and the University of Oregon Medical School in Portland. He is affiliated with Beta Theta Pi and Nu Sigma Nu. No date has been set for the wedding.

At a dinner honoring Miss Maude Klasgys of Long Beach, California, who is visiting at the Alpha Gamma Delta house the engagement of Miss Mildred Johnston to Dr. Estill L. Brunk of Salem was told. The table was decorated with a large

basket of pink rose buds tied with a bow of pink and orchid, and four pink tapers. At each place were miniature brides and grooms, under whose arms were tiny scrolls bearing the names of the engaged couple. Dr. Brunk graduated from North Pacific Dental College in 1924 and was affiliated with Trowel, the national Masonic dental fraternity.

The Oregon chapter of Phi Sigma Kappa, together with the chapter at O. S. C., held its annual Founders' Day banquet Sunday afternoon at the Eugene hotel.

Speakers included faculty members from the two institutions, as well as prominent Portland alumni, in Eugene for the occasion. Eighty-four Phi Sig's were present at the gathering.

Wrestling

(Continued from page one)

came to Portland to meet the Multnomah club team.

Last night, tonight, and possibly tomorrow night Los Angeles is getting its first taste of a Pacific coast conference basketball series. And they like it. Before last night's game, over 10,000 seats in the Olympic Auditorium had been sold. This is the first time that Coach Leo Calland's University of Southern California Trojans have ever won a championship. Led by Captain Brunner, center, the Southern Californians are out to give the University of Washington Huskies a drubbing.

Dorm Contract Let by Regents

Hansen and Hammond Bid Of Portland Wins

Hansen and Hammond, Portland contractors, were awarded the contract to construct the first unit of the new men's dormitory for the University at a special session of the board of regents held Saturday, March 3. The Portland company bid \$310,000, against \$312,94 bid by Lorenz Brothers, Portland, and \$313,000 by Stein Brothers, the only Eugene firm entered.

The bond issue, which will finance the structure and furnish it, amounts to \$375,000. It will be handled by Dean Witter, Portland firm, who bid in co-operation with the Marine National of Seattle, Washington. This firm bid 92.13, with interest at 4 1/2 per cent. The rate of interest was particularly attractive, as such a rate reflects the high credit rating of the institution, the University officials point out.

Local firms and individuals will be favored whenever possible, states R. B. Hammond, of the firm which will erect the building, as to letting sub-contracts and employing labor. Several Eugene firms have been considered already for part of the work.

Work on the dormitory, which is expected to be rushed, so that the structure can be complete for next

fall, will be started in the near future, it is planned.

Capacity for the hall has been increased from 271 to 278 men. The roof will be of asbestos, with copper flashings, making this part absolutely fireproof.

The building will have its own refrigerator plant, which will be of the latest structure and will include an ice plant and a cork-lined storage room. The dining rooms will accommodate 500 persons, and will be divided by folding doors, so it forms five separate rooms. This hall can also be used for parties and dances, and will have a floor space almost as large as that now used for similar purposes at the Woman's building.

Each floor will have adequate plumbing facilities, with shower baths, and the entire structure will be roomy.

Regents who were present included Governor I. L. Patterson, Secretary of State Sam A. Kozar, Mrs. G. T. Gerlinger, Fred Fisk, Henry McKinney, Colonel W. S. Gilbert, and Herbert Gordon.

GALLEY SLAVES

Chained to their seats, cringing under the lash, the galley slaves slowly propelled the heavy hull of a Roman warship.

To-day, the electric motors of an American battleship have the energy of a million men, and drive thousands of tons of steel through the water at amazing speed.

Man is more than a source of power in civilized countries. Electricity has made him master of power. In coming years, the measure of your success will depend largely on your ability to make electricity work for you. Competition everywhere grows keener, and electricity cuts costs and does work better wherever it is applied.

In industry, transportation, the professions, the arts, and in the home, you will find General Electric equipment helping men and women toward better economies and greater accomplishments.
