

Frosh Game Is Thursday

Lineup Indefinite for Tilt With Normal School Aggregation

Tomorrow afternoon at 3:30 o'clock the Oregon frosh play Monmouth Normal in the first frosh baseball game of the season. The game will be played on the varsity diamond.

The first tilt comes but two days ahead of the first of four games to be played with the O. S. C. rooks, which will be played Saturday at Corvallis.

The frosh lineup for the normal school game is as yet indefinite, according to Spike Leslie, but several men are sure to get in the game at some time or other.

Sussman, catcher, and Bloom, pitcher, will probably start for the frosh, according to Leslie. These two boys have had considerable experience and should be able to hold the Monmouth batters down to a minimum of hits. Leslie plans to alternate Sussman with Parke at catcher, and to use as many pitchers as possible in the game. This will give the frosh coach some idea of the best combination for the rook game Saturday.

Olinger is a good bet for first base. He and Koke Smith will alternate between this position and the outfield. Both are among the best batters on the team and are valuable for this reason.

Al Hilgers is a cinch for the second sack. He has held this job in every practice session so far. Blackwell was at short in last night's practice. Page may get the call at this post. Hollis will probably start at third in Thursday's game. He has been doing good work in practice.

Outfield jobs are much in demand on the frosh squad. Smith will probably start in right field. Andrews, a three year letterman from Hillsboro high school, is fairly secure in left and Barnes, a veteran in California town leagues, will probably get center field. Other men who may get into the game in the outer gardens are Hande, Moore and Beistel.

Mrs. Beck Ends Three Weeks' Trip to East

Mrs. Anne L. Beck, instructor in the school of music, returned to Eugene Tuesday after an absence of three weeks, during which time she attended the national conference of music supervisors at Chicago, Ill.

Almost all parts of the United States were represented at the convention and there were 4000 in attendance. There are about 5000 members of this organization. The convention was held in the Stevens hotel, the largest in the United States, and convened there for one week. Its purpose is to develop music along educational lines, and according to Mrs. Beck, all phases of public school music were discussed and demonstrated.

Before going to Chicago, Mrs. Beck attended the California supervisors' conference at Fresno, where

demonstrations were given by school children of every age, and schools in operation were visited. Mrs. Beck is first vice president of the northwestern division and has done a great deal to organize and perfect this association. The states included in this division are Oregon, Washington, Idaho and Montana. Delegates from these states will hold a convention in Spokane next year at the same time the Inland Empire Teachers' association meets there.

Sigma Xi to Hold Annual Election of Portland Members

Annual election of new members to Sigma Xi will be held Friday evening at eight o'clock, at the University of Oregon medical school in Portland.

Brief reports on research projects recently completed or now in progress will be given at the meeting by Dr. Harold B. Myers, professor of pharmacology; Dr. Warren C. Hunter, associate professor of pathology; Dr. Olof Larsell, professor of anatomy; Dr. Ira O. Manville, associate professor of physiology; and Dr. Clinton H. Thienes, professor of pharmacology.

On May 9 Dr. A. R. Moore, head of the University's zoology department, will speak on "Some Problems in Connection with the Origin of Life on the Earth," under the auspices of the local chapter of Sigma Xi. The lecture will be held at eight p. m. in Villard hall. Election of officers will precede Dr. Moore's talk.

Initiation of new members, followed by a joint banquet and address with Phi Beta Kappa, will be held Wednesday, May 16, with Dr. J. H. Hildebrand, of the University of California, as speaker.

Son of First Oregon Prexy to Give Address

"Why the Princes of God Walk With a Limp?" will be the subject for the baccalaureate address to be given here June 10 by Reverend Herbert S. Johnson, son of the first president of the University of Oregon, John W. Johnson.

Dr. Johnson is a graduate of the University of Oregon and of Harvard University, and took his theological work at Rochester. He holds a Doctor of Divinity degree from Berea and an L.L.D. from Franklin College. Since 1899 he has been pastor of the Warren Avenue Baptist church in Boston.

Relay Plans Are Unusual

Olympic Games Copied in Novel Procedure for Relay Meet

A plan of procedure, resembling, as near as possible that used in the Olympic games, will be used in the second Oregon interscholastic relay, to be held on Hayward Field next Saturday. The meet will open with a parade of the athletes, led by the University band. Each school will have a banner, carrying the name of the school and the town in which it is located, at the head of its particular group of entrants. The parade will enter the south gate, encircle the field once; then come across the center to a position directly in front of the president's box, where the address of welcome will be given by Dr. Arnold Bennett Hall, president of the University. No admittance will be charged and the student body is encouraged to turn out for what will surely be an interesting competition.

Wagner Made Chairman
Franz Wagner, chairman of the student committee on accommodations, composed of Wagner, Kenneth Potts, Ralph Geyer, and Orville Bredthaver, is rapidly completing preparations in regard to the conducting of the meet and the selection of student managers for the convenience of the various teams.

According to present plans, the committee will appoint a temporary manager for each team from the fraternity in which that team is housed, endeavoring, whenever possible, to choose former graduates of the particular high school in question. These appointments will be made some time Friday, as soon as possible after the arrival of the high school teams.

A total list of approximately 300 entrants has been received, composing teams of 33 different high schools from all parts of the state. Wagner's committee also has charge of the preparation of the field, and by Saturday they expect to have the track in the best possible condition for the flying feet of the high school tracksters.

Large Corps Selected
An unusually large corps of officials have been selected for the relays, thirty-two in all, and the organization of this contest will un-

doubtedly be even better than that of last year. The officials who have been chosen are as follows: Referee, T. Morris Dunn; starter, Del Oberteuffer; scorer, George Shade; announcer, Bob Warner; press, Joe Pigney; physicians, Dr. Miller and Dr. Romig; track manager, Carl Williams; clerks of the course, Nish Chapman, Shrimp Phillips, and Arthur Ord; timers, Lieut. George Herbert, Edward Widmer, and Art Morris; judges of the finish, Ruben Ross, Joe Standard, Vic Wetzel, and Bob Overstreet; field judges, Ralph McCulloch, Bill Crawford, Ed Crowley, Homer Dixon, George Stager, and George Stadelman; marshals, Hal Harden, Harry Woods, Beryl Hodgen, and Everett McCutchan; inspectors, Bill Prendergast, Clarence Hill, La Verne Pearson, Ernest McKittrick, and Arlin McCarty.

Ashland Debate Team Wins From North Bend

In the semi-final debate for western Oregon held on April 23 Ashland high school debate team won from North Bend by a 2 to 1 decision. On May 4 Ashland will compete with Albany to decide the championship of western Oregon.

On April 27 Pendleton high school will debate against The Dalles to decide the eastern Oregon championship. The final debate will take place about May 18 at the University of Oregon when the eastern and western champions will meet to decide the state championship.

Catalogue for Medical School to Go to Press

Ralf Couch of Portland, secretary of the University of Oregon medical school, was in Eugene yesterday conferring with Robert C. Hall, of the University Press, in regard to the final plans for the new medical school catalogue, which is to go on the press soon.

Dr. Hall Will Speak At Roseburg May 19

Dr. Arnold Bennett Hall, president of the University of Oregon, is scheduled to speak at the state convention of the Business and Professional Women's clubs in Roseburg on Saturday, May 19. The subject of his address will be "America and World Politics."

Schoeni Gets Shutout Game

Sigma Nu Wins Tilt From Theta Chi, 9-1

Sixteen men grabbed the willow club and faced Art Schoeni, south-paw moundman for Sigma Pi Tau, and thirteen of these took three vain cuts at the horseshoe pill and retired to the bench. Schoeni pitched a no hit, no run game, to win the tilt from Sigma Phi Epsilon by a 1 to 0 score.

Fries also showed good delivery from the mound position, allowing only three hits and striking out seven men.

At the last half of the fifth inning the game stood nothing all. Schoeni connected with the ball for a short hit into left field, and then with two men out, scored on K. Potts' single, winning the game for his club.

The Theta Chi-Sigma Nu tilt was sort of a merry-go-round affair. In the first inning Sigma Nu gathered in seven runs and scored two more before the end of the game, while Theta Chi succeeded in sending one man around the bases. As for hits Theta Chi had three to Sigma Nu's nine.

Schedule for Thursday: League A—Kappa Sigma vs. Bachelordon; league B—Phi Kappa Psi vs. Psi Kappa, 4 o'clock.

Batteries for yesterday's games: Sigma Pi Tau—Schoeni and Noce; Sigma Phi Epsilon—Fries and Kinzell; Sigma Nu—Kretzer, Bauman and Kerron; Theta Chi—Johnson and Nelson.

Announcement
Alpha Upsilon wishes to announce the initiation to membership of Earl M. Pallett.

Y. M. C. A. Installation Held Sunday Afternoon

The installation of the newly elected cabinet officers of the Y. M. C. A. was held Sunday afternoon at 3 p. m. in the hut. At the same time cabinet committee heads were appointed for thirteen standing committees.

The new officers installed were Alton Bristol, president; Wayne Veatch, vice president; Shailer Peterson, secretary; Bob Hynd, treasurer. Mr. H. W. Davis conducted the installation. The various committees and appointees are: Finance, Roy Herndon; publicity, Lawrence Mitchelmore; community service, Don Campbell; social, Claud Addison; education, Hal Anderson; speakers, Joe Holaday; meetings, Nat Johnson; boys' work, Donald Elkins; new students, Daniel Harper; friendly relations, Charles Yoshii; employment, Floyd Hornbrook; hut, John Rice; interchurch representative, Wilbur Sohn.

One of the features of the spring term for the "Y" cabinet will be a joint "retreat" of the cabinets of the Y. M. C. A. groups of the University and State College. On May 20 they plan to go to a forest retreat near Corvallis and hold a rally.

General Hines Visits On Ninth Corps Tour

Major General John L. Hines, former chief-of-staff of the United States army and now commander of the Ninth Corps area, comprising the western section of the country, was a visitor at the local unit shortly after noon Monday. He left after about an hour and a half's visit for a similar visit at the Oregon State College unit. From there he will go to Portland and then to Fort Lewis at Vancouver, Washington. With General Hines was Colonel

Singleton. Both army men are old acquaintances of Colonel William S. Sinclair, commander of the local unit.

Infirmary Patients Now Growing Scarce

The week-end saw the recovery of most of the patients in the infirmary and the annex, but a few unfortunates are still left. The infirmary has two patients suffering from colds—Nathan Goldberg and Kerby Kitto. In the annex are Leonard Estill, who has mumps, and Wilfred Brown with measles.

Compared with last year there is not as much contagion on the campus and the number in the infirmary is much smaller.

Periodical Accepts Manuscript by Dunn

The periodical, Social Science, has just recently accepted a paper by Professor F. S. Dunn entitled "Julius Caesar at the Winter Solstice." Professor Dunn read this paper during the Christmas holidays before the classical section of the Oregon State Teachers' association in Portland.

Telephone men are continually scouting along the frontier of better methods.

Who will scout this electrical frontier?
WHETHER in the Bell Telephone Laboratories, in the Western Electric workshop, in the various operating companies or in the American Telephone and Telegraph Company, telephone executives are scouts on the frontier of new and better methods. It is significant that your true telephone man never speaks of having "perfected the art of communication." And this in spite of the fact that America, in fifty years, has telephones everywhere and talks beyond its borders. Work in the Bell System demands the bold curiosity of pioneers and the infinite pains of pioneers who, like Columbus, Lincoln and Lindbergh, prepared "and when their chance came they were ready."
