

# Webfooters to Enter Relays

## Hayward Places Oregon Men in Three Events; Mile Strongest

Ten Oregon trackmen will compete today in the annual University of Washington relay carnival at

Vic Wetzel

Seattle. Vic Wetzel, two year letterman and captain of the Webfooters, leads the team, which includes Ruben Ross, Joe Standard, Ernest McKitrick, La Verne Pearson, Arlen McCarty, Clare McKinnon, Robin Overstreet, Ed Thorstenberg, and Wade Rutherford.

The Oregonians will enter but three events. Wetzel will be in the shot put; Ross, Standard, McKinnon, Pearson and McCarty in the one-mile relay, one of them acting as alternate; and McKitrick, Overstreet, Thorstenberg and Rutherford in the two mile relay.

Wetzel Expected to Place  
The Oregon-Oregon Aggie dual relay meet held here last week tested the ability of the Webfoot team. The Beavers walked away with six of the nine events on the program.

As a result of the showing made, Hayward will not enter other relay teams. The Aggies took the four-mile relay with nearly a quarter-mile lead, easily defeating the best the Webfoots could muster for the performance.

Wetzel is conceded a chance for points in the shot, although he is not expected to better the mark of Herm Brix, Washington star. To date the Oregon captain's best distance with the iron ball is 43 feet 2 inches. This was made in practice. In the Oregon Aggie meet the best toss which Wetzel registered was 43 feet 8 inches, and he hit this mark twice in three attempts.

Mile Team on Par  
Until this season Oregon has been without many shot putters, but with two promising sophomores, Hayward expects to have a trio that will account for points in dual meets. Homer Dixon and George Stadelman are the inexperienced men, but both place the ball along with Wetzel.

The Oregon mile relay team is just about equal to that of the Aggies. The Webfoots led in the first three heats in the dual tourney last week, but Sisson, Beaver star, ran one of the fastest quarters as anchor man and came within two paces of breaking the tape abreast of Standard. The Oregon athlete had a 30-yard lead at the start, but barely came in first. Sisson made a brilliant sprint to cut down the long advantage on the home stretch.

2-Mile Team Has Chances  
Oregon's two mile relay team is not outstanding but stands an even chance to place. The combination which will compete against the colleges of the northwest today ran a close second to the Aggies in the dual meet. The Webfooters had a substantial lead in the first half mile but the Aggie runners came ahead to win in the final heats.  
Ruben Ross, Webfoot sprinter, has become one of the outstanding men on the team. For three years he had trained on the distance races, and it was just until recently that Bill Hayward discovered Ross' possibilities as a sprinter. He now runs the 100-yard dash in :10.2, the 220-yard dash in :22.3, the 440-yard dash in :51.2, and the half-mile in 2:01.

### Mortar Board Plans To Present Benefit At Heilig Theatre

The Oregon chapter of Mortar Board, national women's senior honorary organization, to obtain funds to send a delegate to the national convention at Yosemite Park in August, and to aid representatives of other western universities in acting as hostesses for the delegates from other colleges all over the United States, will be the sponsors for the picture, "West Point," starring William Haines, at the Heilig, Wednesday, May 9.

Special features will be presented Wednesday in addition to the regular picture. Harriet Hawkins, famed for her presentation of "Marry" at the Dream Follies, will give a new and original skit designed for the occasion. The Dream Follies girls' trio will also be featured.

Kwama and To-ko-lo, sophomore honorary organizations, are cooperating with Mortar Board in the promotion of the program. From today until Wednesday, tickets to "West Point," white card boards with blue soldiers in each corner, are to be on sale in all campus living organizations. "West Point" will also be presented Monday and Tuesday, but the members of Mortar Board, Kwama and To-ko-lo urge all students to wait until Wednesday to see it.

### Polar Ship Safe After Hard Trip

#### Further Flight Threatened By Arctic Frosts

(By United Press)  
VADSOE, Norway, May 4—The second part of a great air cruise that will take the dirigible Italia to the North Polar area was completed today when Commander Umberto Nobile brought his charge to Vadsoe. He had fought severe head winds for several hours and once the course had been lost, but steadily the dirigible sailed through the night and appeared over Vadsoe only a few minutes after the time the Italian explorer had set for his arrival.

It was shortly after 7 a. m. that the vessel cleared the city and at 7:30 a. m. it was moored at the mooring mast.

Nobile Plans to Continue  
VADSOE, Norway, May 4—The dirigible Italia was refueled and inflated late today as if for an early start for Kings Bay, Spitzbergen, despite bad weather conditions on her route.

Inhabitants of the countryside flocked to Vadsoe all day. The town was decorated gaily in honor of the polar airship.

Dirigible Endangered  
KINGS BAY, Spitzbergen, May 4—The hangar destined to house the arctic dirigible Italia was damaged last night during a severe storm. The canvas walls were torn to ribbons by the wind and the crew of General Nobile's supply ship Citadi Milano was working tonight in an attempt to repair the damage.

A strong wind was blowing south of Bear's Island and rain was falling here. Frosts from Bear's Island northward threatened danger of ice accumulation on the Italia if the flight is undertaken now.

The weather bureau here advised General Nobile to postpone departure from Vadsoe.

### Montana Swamped by Idaho Vandal Players

(By United Press)  
MISSOULA, Montana, May 4—When the Montana University nine blew up in the last frame of the Idaho Montana baseball game this afternoon, the Vandals scored their tenth state victory at the expense of the Grizzlies by a 5-4 score. Brown, star right-hander of the Montana team, and Grabner, Idaho's southpaw, opposed each other on the mound and the veteran Montanan had the best of the battle until his team mates gave the game away. The two teams play the second of the series tomorrow afternoon.

ties which our forefathers cherished most.

"The spirit of freedom inculcated in our constitution is being violated today by our refusal to exercise the privileges of the franchise," McKeown said. About 40 per cent is all that are exercising their privilege of the polls and this has resulted in a political despotism, according to the speaker.

"We bewail the political abuses of modern political machines, we shudder at the corruption and high-handed methods of underworld political politicians, and yet when election day arrives we spurn the voting booths."

### Heavy Call for Loans Exhaust Student Fund

Loans totaling \$16,810 have been made to students of the University, through the general loan fund thus far this school year, according to Elmer L. Shirrell, dean of men.

There has been an exceptionally heavy call for loans with the result that the fund is exhausted. More applications for aid are being made constantly. Many students are able to remain in school four years on account of this aid.

Payments on the loans begin a year after graduation and are made by the month.

## Why Americans excel

The genius of America is restless. It is always striving to master new problems; and when new problems are solved, it advances to others. It is never satisfied.

For that reason we are constantly moving forward into new fields of discovery—insatiable, always demanding something newer, something better, something different.

Nothing demonstrates this more remarkably than the advertisements you read. They cover the entire range of human requirements—from the absolute necessities of life to the most refined luxuries. Yet they are constantly changing. This continual change means fresh material, fresh ideas, a stimulus to new endeavor.

The moment you cease to find interest in the advertisements of the offerings of industry, of commerce, of art—that moment you will begin to retrogress, and the world will slip away from you.

Reading advertisements is looking forward
