

Willamette Man Tells of Seabeck

Jim Reddy Speaks; Sixteen Sign for Meet

Hal Anderson, Robert Jackson, Claude Addison, Shailer Peterson, John B. Rice, Don Campbell, William Schulze, Clair Meisel, Glen Brown, Ricardo Leones, Alton Bristol, H. W. Davis, Augusto Esperito, Singh Sadharia, Wilbur Bushnell and Robert H. Smith have registered their intentions of going to the Seabeck student conference to be held at Seabeck, Washington, June 9 to 18. This was the report made last night at the Y. M. C. A. hall, following a talk by Jim Reddy of Willamette University, who is chairman of Student Work of the Northwest Council of the Y. M. C. A.

There are a number of other men who will likely sign in a few days. In his discussion of the conference speakers, Mr. Reddy said that "you won't be long with Stitt Wilson before you get a jolt. He is an interesting character with three complexes: socialism, brown bread, and a bath every day. His sparkling humor, and sarcasm attract every person who comes in contact with him." He has had a remarkable career, according to the speaker. He worked in the slums when a student in Chicago and continued to interest himself in the poor. Papers would not print his articles because of their socialist tinge, so he printed them himself, and has continued this work. Mr. Wilson went to England where he interested himself in the labor movement. The London Daily Mail commented highly on his work. "If you like to think, you'll like Stitt."

Dad Elliott, another of the speakers at the conference, is best at helping students orient themselves at Seabeck, Jim Reddy told his auditors. Mr. Elliott has been traveling secretary for the Y in the Big Ten universities. "He is extremely good at getting the sails set square with the wind."

Arthur Ruhg and George Stewart were also characterized in sketches during the evening. Mr. Ruhg has traveled in Europe, written many magazine articles and is regarded as an authority on international relations.

George Stewart, author of "The Life of Henry B. Wright," is another of the men on the Seabeck program. Mr. Reddy found this book one of the most interesting he has ever read. Dr. Stewart has written a number of books on religion and theology. He is well fitted for giving help in straightening out problems of students on these subjects. This leader is a graduate of Linfield College, now pastor of Madison Avenue Presbyterian church of New York. He will help correlate science and religion.

Mr. Reddy says that his contact with men from other schools, intellectual adventure and readjustment of religious ideas are the values of the conference.

That the visit to Bremerton navy yard, sports, scenery, all make up the great Seabeck and are highlights of the meet was the opinion of those who attended.

Joe McKeown, new president of the A. S. U. O., told of his enjoyment of the Seabeck group last year and his hopes of returning again in June. He especially enjoyed the important speakers.

Final Woman's League Tea To Be On May 22

The last Woman's League tea of the year is scheduled for next Wednesday, May 22, in the sun room of the Woman's building. An interesting program is to be given, according to Glenna Heacock, who is in charge of the teas.

The tea was postponed from yesterday until next week because of the Phi Beta Kappa and Sigma Xi initiation and banquet at the Woman's building. Members of Kwama and Thespian are to serve.

Guild Theatre Scene Of Great Activity as Class Play Advances

Fairies are running over the cluttered Guild theater stage; Hermia, Helena, and their supporting roles are going over some of Shakespeare's famous lines of "Midsummer Night's Dream," and out in the halls and offices, the overworked students of the stage craft and costuming class are taking measurements for the costumes to be made for the commencement play which will be given June 8, on the race.

The rest of the cast are loitering about or waiting for their "turn to show up." Everyone seems to be aware of the short time left for rehearsals, but the effects of spring's first warm days are counterbalancing pangs of anxiety concerning the coming play.

Nevertheless, arrangements for the largest production ever attempted on the campus are well under way. Miss Wilbur, director of drama, has completed her appointments, and is leaving the music and dancing to the music and physical educational department.

Approximately 125 students from the drama, music and physical education departments will be in the Shakespearean drama. At present it is planned to have some of the costumes done by members of the class, and other necessary costumes will be ordered from San Francisco.

Junior Women Plan Breakfast

The annual Junior-Senior Breakfast will be given Saturday morning, May 26, at 8:30 in the Woman's building. All senior women are invited to attend as the guests of the junior women. Lists of the senior guests and the junior hostesses have been posted at the libraries, Villard, and the Y. W. C. A. bungalow. Each junior woman is asked to get in touch with her assigned senior immediately. If any difficulty arises please call the Y. W. C. A.

The annual breakfast is given as a farewell to the senior women and affords one of the few last opportunities of all being together.

The social committee of the Y. W. C. A. has charge of the affair. Dorothy Turney is general chairman. Mildred Tuggle is chairman of the ticket selling. She is assisted by Mary Harny, Margaret Schaefer, and Mildred Johnson. Lucile Wirth has the committee on food. Tables and serving is under Bess Templeton. Eleanor Jewett is working on the motif for the breakfast and she promises appropriate and unusual decorations. There will be music and short talks.

The ticket sale begins today and closes May 23. Tickets are fifty cents and admit both the junior and senior. They must be secured at the houses, the halls, and the Y. W. C. A. bungalow.

Woman at California To Receive Ph.D. at 22

U. C. L. A., Los Angeles, May 17 (P.I.P.)—Completing a record of scholastic attainment seldom equalled in the annals of American universities, Julia Celeste Turner, of Pasadena, will receive the degree of doctor of philosophy at the University of California this month at the age of 22 years. Inasmuch as three years of graduate work are necessary to obtain a doctor's degree, Miss Turner stands as one of the youngest women to ever win this honor.

Graduating from Pasadena high school in 1921 at the age of 15, Miss Turner entered the University of California at Los Angeles and in 1925 was awarded the degree of A.B. after four years of exceptional scholastic work. In 1926 she received her M.A. at Berkeley, making another record throughout her course.

Forensic Finals In Guild Theater

Pendleton and Ashland Vie For Cup Tonight

The final debate to decide the championship of the Oregon high school debating league, and incidentally to decide in which trophy case the DeCou cup will find its final resting place, will be held tonight at 8 o'clock in Guild hall. Pendleton will represent eastern Oregon, and Ashland western Oregon.

The Ashland team is composed of Richard and Adena Joy, who represented the school last year, and is coached by Harold Allison. The Pendleton team, Bob Miller and Grace Mason, is coached by Henry Carpenstein.

Twenty-one years ago in 1907 the State High School Debating League was organized through the efforts of Professor E. E. DeCou, head of the Department of Mathematics, and was sponsored by the Extension Division. Mr. DeCou was selected as the first secretary and treasurer of the league and it was decided at that time to hold the final debate each year at the University of Oregon, the University paying all expenses of the teams.

The first cup that was offered was called the Regents cup, being given by the regents of the University. This cup was won for two times by Grants Pass, thereby passing into their permanent ownership. The second cup, the University of Oregon cup, which was offered by two of the debating societies then existing in the University, was held permanently by Salem, after being won by them three times.

The DeCou cup, given by Professor DeCou in 1921, will be given to the winning team tomorrow night to hold permanently. Both Ashland, last year's winner, and Pendleton have had the cup two times and as the provisions of the trophy demand that it should go to the school winning three times, tonight's debate will decide its fate.

Dr. Dan E. Clark, assistant director of the extension division and present secretary of the league, is in charge of plans.

The question to be debated is: "Resolved, That the six per cent tax limitation law should be repealed." Pendleton will debate the affirmative and Ashland will uphold the negative. Judges will be J. K. Horner, debate coach of the University; Robert Prescott, Eugene realty man and former secretary of the league, and Hugh Rosson, of the law school. Dr. James Gilbert, dean of the college, will conduct the debate.

Fresh-Rook Schedule For Week-end Altered

A change in schedule for the remaining two fresh-rook baseball games this week-end has become necessary because of the O. S. C. athletic schedule, reports Jack Benefiel, graduate manager.

According to the new arrangement the first of the two will be played Friday afternoon in Eugene at 3:30 on the varsity baseball diamond. The last tilt is to be Saturday morning at ten o'clock in Corvallis.

So far the series between the freshman baseball teams of the two schools is tied, one game being won by each team. The rooks took the first game 14-8 and the frosh won a close game in the second start, 17-16.

Gordon Guthrie, infielder, who has hitherto been ineligible, may be on the starting lineup in one of the tilts.

Sophomore Picnic To Be Best in Years, Chairman Announces

When 3 o'clock rolls around Friday afternoon the biggest and best sophomore picnic ever held at Oregon will get under way, announced Ken Potts, general chairman of the affair, yesterday. Busses will leave from the administration building at that time for Swimmer's Delight, where the sophomores will disport themselves.

Swimming, hiking, and dancing will be the amusements available. A four-piece orchestra will dispense music for dancing until it is time for the busses to return. Everything is free, including plenty of refreshments. Dorothy Belle Endicott is in charge of the "cats" committee.

Special busses will be provided to bring back early those who wish to attend the Schumann-Heink concert. All other busses will be back on the campus before 12.

The picnic is to be a "no date" affair.

Phi Deltas Take 1928 Net Title

Phi Kappa Psi Defeated in Finals, 6-3, 6-3

For the second consecutive year, the intra-mural tennis team of Phi Delta Theta has walked off with the championship of the annual net tournament.

Wig Fletcher and Earl Miller, the Phi Delta pair, cinched the pennant yesterday afternoon (or would have cinched it) when they took the second straight set from Don McCook and Hugh Miller, Phi Psi finalists. The score: 6-3, 6-3.

Fletcher and McCook are both veterans insofar as do-not tennis goes. Fletcher played on the winning combination last year, and McCook has been a Phi Psi entry for the past two years. The two Millers, Earl and Hugh, made their debut in net circles this year, and since both are freshmen, much may be expected in the coming three years.

The Phi Psi team defeated the Sigma Nu's 7-5, 6-4, earlier in the week to enter the final round. The Phi Deltas defeated the A. T. O. team 6-3, 6-1, in the semi-final round.

Names of Big Sisters Needed

Nearly 150 Places Open For Next Fall

Plans for next year's Big Sister movement are being formulated and it is the desire of Glenna Heacock, newly-appointed chairman, that all women interested in acting as big sisters leave their names and telephone numbers in Dean Esterly's office, by Saturday of this week.

It is hoped that 200 names will be submitted, from which number 14 captains will be chosen to take charge of teams of 10 girls each. Only those who have an interest in this work and have time to devote to their "little sisters" should hand in their names. It is not limited to upperclass women, but any girl who would like to help new students at the university next fall.

The duties of a big sister are to write a letter during the summer to her freshman in charge and attempt to further a contact of friendship with her. Then she is to make arrangements to meet her when she arrives in Eugene, and see that she is settled. She is to explain things on the campus and help with registration. After the first few weeks of the term the big sister is to see that she becomes acquainted with other girls on the campus and makes friends, takes an interest in her scholarship and health—in general, acts as a friend from whom the younger girl may receive help, advice and friendship.

"It is through big sisters that freshman women become acquainted with activities of the campus and become adjusted to university life," said Helen Webster, chairman of the committee for this year, in explaining the purpose of the movement.

This is the fourth year of this work and it has attained recognition all over the state. It is a branch of Women's League, and the chairman is appointed by the president at the time of installation of new officers for the following year.
