

Frosh Team Going North Friday Night

Frosh Coaches Will Take Squad of Twenty-two For Use Against Babes

Second String Will Play Ashland Return Game

Out of the 40 players who make up the complete freshman football squad, 22 will leave Friday night, after a light practice, for Seattle, where they will battle the Washington first year men. Bill Reinhart, head frosh coach, and Earl "Spike" Leslie, line coach, will take the team north.

The super-freshmen will meet Ashland Normal in a return game at Hayward field if present plans are carried through. The tentative date is November 10. Beryl Hodgson, second string coach, stated that his men are better than in the last game, when they played Ashland to a scoreless tie, especially in line play.

The second stringers have been slowed up somewhat by the loss of Gilbert French, tackle, and Holbrook Watts, quarter, to the first string. Watts' place at quarter is being filled by Sanford Whiting of Milwaukie, Oregon.

The personnel of the first quad, that will make the trip to Washington, is practically settled. Gilbert French, promoted from the supers, and D. Brown, who make the trip to Portland, are fighting it out for a place as reserve tackle. The first string tackle berths remain unchanged. Irwin Schultz, ex-Boise, Idaho, player, and Francis Keltner of Myrtle Point have played the tackles in every game. Joe Fetters, one of the biggest linemen on the squad, is first reserve.

John Erdley and Dean Rieks have managed to keep their places at end, but Gene Tarbell is practically on a par with them. He is sure to see action against the Washington frosh. Forsythe is the fourth wingman.

Eric "Moco" Forsta from Astoria retains his position at center. He is a strong man on the defense. Shirley Carter is his understudy.

The position at guard is supplied with better material than any other place on the line. Cy West has his place assured, but it is almost a toss-up between Glen Bessonette and Des Anderson. Anderson has won some fame as a wrestler. Edwin Anstey is another guard. Both he and Anderson are lighter than the other two, but they are also faster.

Spike says that the line has shown improvement, but that the timing of plays on the offense is still bothering them. The Oregon style

of plays calls for a quick opening hole and the guards running interference. This is a very effective method, but is harder for a green team to master.

Dean F. C. Young Able To Resume Class Work

Dr. F. C. Young, dean of the School of Sociology, has sufficiently recovered from his recent operation to meet his classes on Friday, November 2, according to Dr. John H. Mueller, professor of sociology. He has been confined to the hospital and his home since October 6, due to an operation.

He has been visiting his office nearly every day this week, said Dr. Mueller, although he has not been able to take up his work. During his illness Dr. Mueller and Professor P. A. Parsons have been in charge of overseeing his classes.

Mozelle Hair Made Head of Northwest Home Study Groups

Miss Mozelle Hair of the university extension division has recently been made assistant to Miss Ellen Lombard, national chairman of the home education committee of the National Congress of Parents and Teachers. Her territory covers the Pacific coast and the Northwest.

The aim of the committee, according to Miss Hair, is to promote the organization of study groups among the parents and to carry on the study of the care and training of children. Each group is to be enrolled with the extension division, which will direct the work.

Two study groups have been formed in Eugene, one by the Condon Parent-Teachers association, and another by the Francis Willard association. In addition others have requested information as to the plan. Miss Hair left yesterday for Portland to talk before the Oregon Congress of the Parents and Teachers which is being held there. Last week she was in Roseburg, and early in November she will go to Pendleton, talking before district meetings concerning the study group plan.

Varsity Basketball Meeting Postponed

The first varsity basketball meeting of the season will be held at the Igloo Friday afternoon at which

time Coach Reinhart will outline his plans for the coming season. It was originally intended to hold this meeting last night but the varsity football team through their last heavy workout in preparation for the game with the University of Washington Babes, to be played in Seattle Saturday.

Many of the varsity aspirants have been working out during the past few weeks so as to be in good condition at the start of practice. Several candidates are now playing in the annual intra-mural tournament so organized practice will not start until next week. Coach Reinhart plans to have drill three times weekly until the close of football season, when daily sessions will start.

Oregon Knight Pledging Postponed at Meeting

Formal pledging of freshmen to the Oregon chapter of Interscholastic Knights was postponed to the next session at the meeting yesterday evening.

Pledges present at yesterday's meeting were reminded of the duties expected of them by the Oregon Knights. Paul Hunt, presiding officer, stressed the fact that pledges were to uphold Oregon tradition and turn out for all duties assigned them. He stated that freshmen would be dropped immediately for lack of interest on their part.

Tom Stoddard, an Oregon Knight, informed the pledges present that the Oregon Knights was the only underclass honorary on the campus and that each freshman pledge should consider it a privilege to become a member.

Another Record For RICHFIELD
FLYING the Lockheed-Vega monoplane "Yankee Doodle," using Richfield Aviation Gasoline, Captain C. B. D. Collyer, round the world record holder, established a new east to west transcontinental non-stop record—shattering the Army record that has stood since 1923.
Captain Collyer, accompanied by Harry Tucker, owner of the plane, took off from Roosevelt Field, Long Island, at 4:17 p. m. Wednesday and landed at Mines Field, Los Angeles, at 2:08 p. m. Thursday—completing the third successful transcontinental flight in the history of aviation, after 24 hours and 51 minutes in the air.
Collyer's feat follows a series of record-breaking flights made by Art Goebel in the same plane, including the spectacular flight from Los Angeles to New York last August in which he established the present Coast to Coast record of 18 hours and 58 minutes and the recent Los Angeles to Cincinnati non-stop flight.
Richfield gasoline was used in all three of these flights—the same famous gasoline that captured four of the six major events in the National Air Derby, the fuel used by Captain Wilkins in his record-breaking dash over the North Pole—the fuel that has won more victories and world's records than all other gasolines combined.
