CAMPUS BULLETIN

The Audience Again

I was much surprised and chagrined at the child-like behavior exhibited at the conclusion of last evening's concert by many of the students of the University of Oregon.

Being an alumnus of another university where such conduct would have been a reflection upon the cultural standing of the institution, I certainly want to thank the loyal students who remained to the finish, thus saving the singer a most humiliating embarrassment.

The artist had the pleasure of singing to a moving audience which I imagine was quite an innovation for him, judging from the reports of his reception at other universities.

Talking cognizance of the fact that the artist is a world traveler, the University of Oregon, no doubt,

will receive rather interesting, if not unusual, publicity.

EUGENE RESIDENT.

And Once More

And so another excellent concert was almost ruined. Why is it that an audience, as soon as it recognizes a selection, bursts out in applause? Why not let the artists finish their number and then show appreciation? Let us at least learn one of the simplest of the rules of the etiquette of concert-going. I am sure that visiting artists would appreciate it.

Hygiene Examination To Be 6 to 8 P. M.

Examinations in women's personal hygiene will be given by Dr. Wilmoth Osborne, medical adviser to women, Saturday evening from 6 to 8 o'clock instead of from 7 to 9, as previously announced. The change was made to allow students to attend the lecture by Richard Halliburton.

DUCK SOUP

CONTRIBUTORS TO DUCK SOUP ARE REQUESTED NOT TO PLACE ANY MORE FOOD CONTRIBUTIONS IN THE DUCK SOUP BOX THIS TERM.

They always get stale over vacation. The cake and cookies especially.

The last cookies we got were so hard and dry that we thought surely they came from the domestic science department.

AT LEAST WE DON'T SUSPECT ANY FRATERNITY OR SORORITY. THEY COULDN'T SPARE THE FOOD.

BECAUSE OF LACK OF FOOD ANALYSIS ON THE CAMPUS WE DON'T DARE EAT ANY OF THE STUFF.

Too much danger of getting poisoned.

WE THINK A GREATER NEED IS A TEXT BOOK THAT CAN BE READ AT ALL.

FRESHMAN CREDO

College is a funny place. Everybody else in college is set on sitting on you and making you feel insignificant.

Housework is a terrible injustice forced upon you.

Going to a show by sneaking away on week nights is a big thrill. Eccentricities of campus dress pass by as collegiate.

There is lots of necking going on all around you, even if you don't see it.

OREGON STUDENT WINS FAME AS AN INVENTOR

Bath-tub Attachment Outstanding Achievement of Term

X. Mortimer McGoof, Oregon student who has for the past ten years

been perfecting a rubber book which can be read in the bath-tub on Saturday nite without the slightest precaution.

He firmly believes that the student should utilize his time to the greatest possible advantage and for this reason he plans to extend his invention to text books. He also states that by a very light adjustment the book can also be read in a shower.

SENIOR CREDO

College is a funny place. Nobody noticed you when you entered, nor gives a whoop if you drop out.

Housework when a freshman was a wonderful thing. It got you up for 9 o'clocks.

Going to shows on week nights is a waste of money.

Goofy campus clothes are merely things someone gave you for Christmas and you're trying to wear out.

There is a lot of necking going on. You can tell by the sleepy looks next morning.

TODAY FROM SCOTLAND

Then there's the Scotchman who liked monogrammed cigarettes but wouldn't buy them so changed his name to "Lucky Strike."

Drama group of Phi Theta Upsilon will meet in the women's lounge, the Woman's building, at 5 o'clock Sunday.

The last social swim of the term will be held at 7:30 in the Woman's building.

Physical education for men—Final grades will be posted on the bulletin board in men's gym at 9 a. m. Monday, March 11. No grade will be changed after Thursday noon, March 14. Old Oregon will pay one silver dollar

for the best joke submitted to the Old Oregon office Friday or Saturday.

Newman club will breakfast Sunday morning at 9 o'clock at Newman hall. All members invited.

Personal hygiene exams will be held in Villard Saturday evening from 6 to 8 o'clock. This will permit those who choose to go to the Halliburton lecture.

Newman Club Plans Breakfast Sunday

The Newman club will breakfast Sunday morning at 9 o'clock at Newman hall, according to Richard Burke, president of the group. Joe McKewen, student body president, and Helen Webster, secretary, will

be guests at the affair. Dr. and Mrs. K. Reinhardt will also attend at this, the last function of the term for the club.

Try these better Bran Flakes

Now for a new treat in flavor and crispness! These better bran flakes, made by Kellogg, have no equal. There's the flavor that only PEP can give. Extra crispness. The nourishment from the wheat.

With all this taste-goodness is just enough bran to be mildly laxative. Try these better bran flakes with milk or cream. You'll say they're great.

The most popular ready-to-eat cereals served in the dining-rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. They include Corn Flakes, ALL-BRAN, Rice Krispies, Krumbles, and Kellogg's Shredded Whole Wheat Biscuit. Also Kaffee Hag Coffee—the coffee that lets you sleep.

Have you a "camera taste"?

The Hindu Fakir tosses a rope into the air, swarms up said rope hand over hand, and pulls it in after him. Marvelous! One skeptical tourist took a snapshot of the miracle. Result: no miracle, no climb, nothing.

You can't photograph a cigarette's flavor, of course. Can't taste it, either, if it isn't there. Mildness can be overdone, you know — to the

point where there's no taste at all. But never in Chesterfields. They've got flavor and body, and it doesn't take a hypnotist to prove it.

Not that there's even a hint of harshness in Chesterfield. There's none smoother. But all the full, rich, subtly blended tobacco flavors are kept intact to do their pleasant duty—to satisfy. Isn't that what a cigarette is for?

General view of the United States Military Academy, West Point, N. Y.

PROBABLY no single spot in this country is more widely known than West Point, where our future army commanders receive their education and training in the arts of war.

As an army post in the Revolution, West Point's fortifications were the works that Benedict Arnold attempted to deliver into the hands of the British. Later the United States Military Academy was established and is now composed of magnificent buildings, parade grounds and athletic fields.

It is a source of pride to the Otis organization that most of the famous buildings of the world are equipped with Otis Elevators and West Point is no exception to this rule; five Otis Elevators are installed in various buildings of the Academy.

Throughout the world, in far-off places and at home in familiar surroundings, we find that people everywhere depend upon Otis for safe, speedy Vertical Transportation.
