

Many Works Published For Oregon Profs

Collection, Cataloguing Of Published Writing Finished by Library Books by Allen, Perkins, Beck, Caswell Printed

Collection and cataloguing of published writings of members of the university faculty during 1928 has just been completed by Miss Rita Eiding of the university library staff. Several of the faculty have published textbooks, and several have written technical articles for magazines and papers.

Dean Eric W. Allen of the school of journalism was author of "Printing by the Journalist," published by A. Knopf.

Anne Landsbury Beck, of the school of music, has published "Public School Music," a text-book, through Koke-Chapman.

A. E. Caswell, of the physics department, wrote "Experimental Physics; a Laboratory Manual," and "Outline of Physics."

Perkins' Book Published
Mary H. Perkins, of the English department, published through the Gorham press "The Servant Problem in Elizabethan Literature."

Others of the faculty who published poems, articles, short stories, treatises, etc., are: Eric W. Allen, journalistic writings; Alice M. Babes, a work on planarian worms; James D. Barnett, reviews on state and federal government; Ray P. Bowen, an article on common elements in Vigny and Maupassant; O. K. Burrell, a teaching device in ratios and turnovers; Charles E. Carpenter, numerous law articles; E. Lenore Casford, on high school library instruction; Edmund S. Conklin, book reviews in psychology; D. R. Davis, mathematics; B. W. DeBusk, addition problems; Earl R. Douglass, educational treatises; M. H. Douglass, high school library organization; F. S. Dunn, poems and Latin articles; Alice Henson Ernst, play reviews and verse; H. R. Crosland, psychology.

George H. Godfrey, articles in Old Oregon; Margaret B. Goodall, English writings; Alfred Adler, psychology; Mozelle Hair, child training; Arnold Bennett Hall, educational reform; Fowler Vincent Harper, law reviews; E. T. Hodgo, treatises on mercury in Oregon; Ralph R. Heustis, biological articles; H. L. Huffaker, education; M. Kerns, art studies; Walter Evans Kidd, numerous poems; Edgar R. Means, science.

Fred N. Miller, university health service; W. E. Milne, mathematics; A. R. Moore, biology; R. U. Moore, mathematics; V. P. Morris, property values; P. A. Parsons, tomorrow's probation worker; Edith B. Pattee, education; Kurt Reinhart, literature; C. E. Rothwell, social studies; E. P. Schmidt, constitutional law; F. G. Schmidt, high school German.

Harry Alexander Scott, physical education; Gertrude Sears, high school courses; Robert T. Seashore, psychological articles; L. K. Shumaker, English entrance examination; S. S. Smith, literature, reviews; Warren DuPre Smith, sketch of the Willows; O. F. Stafford, pulp and paper industry; F. L. Stetson, high school administration.

H. R. Taylor, psychology; W. P. G. Thacher, advertising articles; Lillian Tingle, newspaper articles; H. G. Townsend, pragmatism of Pierce and Hegel; Ernestine A. Troemel, physical education; George Turnbull, Oregon Exchanges; Harold S. Tuttle, education.

W. R. Wilcox, architecture; George Williamson, modern languages and reviews; Rosalind Wilzen, biology; H. B. Yocom, biological articles.

Students' Grades Will Be Issued Registration Day

All Attempts to Discover Standings Before That Time Will Be Fruitless

The first students to receive their grades will be those who get their registration material earliest, registration day, Monday, March 25. Grades will not be given to the students before then. Attempts to get them by writing, phoning, or wiring will prove fruitless. They will be mailed to the parents as usual, but will probably not arrive until after the students are back on the campus.

Below is printed an outline of the method of registration to be followed spring term; this is a measure passed by the faculty yesterday:

(a) Registration material will be given out from the men's gymnasium at 7:30 a. m. Monday, March 25. Everybody should have their material by 10 o'clock that day, according to the registrar.

(b) The adviser will sign the student's card. Signatures for courses of two or more sections will be made in the balcony of McArthur court. Courses of only one section will need no signature.

(c) Record book and cards will be turned in, and the \$19.75 will be paid at McArthur court.

(d) Late filing fee will begin

Elise Schroeder Gets Junior Week-end Job

Elise Schroeder, of Eugene, a junior in the school of journalism, has been appointed assistant publicity director for Junior Week-end by Wilfred Brown, publicity chairman on the Junior Week-end directorate.

Miss Schroeder has been a member of the Oregon Emerald news staff for the past three years, and is this year the college year editor of the Oregonian. She is a member of the Alpha Xi Delta sorority, and also of Theta Sigma Phi, national women's journalism fraternity.

Outdoor Sports Call Students From Work

"Fair and warmer," said the weather man last week end; so in spite of exams, students forgot grades and heeded the "call of the wild." The mill race proved the most irresistible temptation of all, for there were more trips made during Friday, Saturday and Sunday than from the middle of November to March first. If all the energy spent on wading paddles was used in pushing pens across paper the Co-op would have increased its business three times over. Fifty-eight excursions were taken up the race Friday, 80 Saturday, and 112 Sunday. Walking, swimming, riding, tennis and golf all became popular with

Library Circulation Drops With First of Spring

All of which had very drastic effects upon the circulation at both libraries. There was a one-fourth per cent decrease at the old libe and 100 less books taken out at Condon. However, in a short while it will be known whether the week end's many outings will be able to decide if it is advisable to forsake their winter haunts at the first bit of sunshine.

Museum to Be Open

The comparatively few university students who will be on the campus during spring vacation will have opportunity to visit the Murray Warner art exhibit every week-day afternoon, it was announced yesterday. The collection, on the third floor of the Woman's building, will be open from 1 to 5 o'clock every afternoon.

Seven Men Chosen By Beta Alpha Psi For Accounting Frat

At a meeting held in the Woman's building Tuesday evening seven men were initiated into the secrets of Beta Alpha Psi, national professional accounting society. The new men taken in were, Keith Ingalls, Donald Wheat, Alvin Keepers, Roy Ford, Fred Gerke, Clarence Veal and William Foley. A written examination was held last week to determine the eligibility of the candidates.

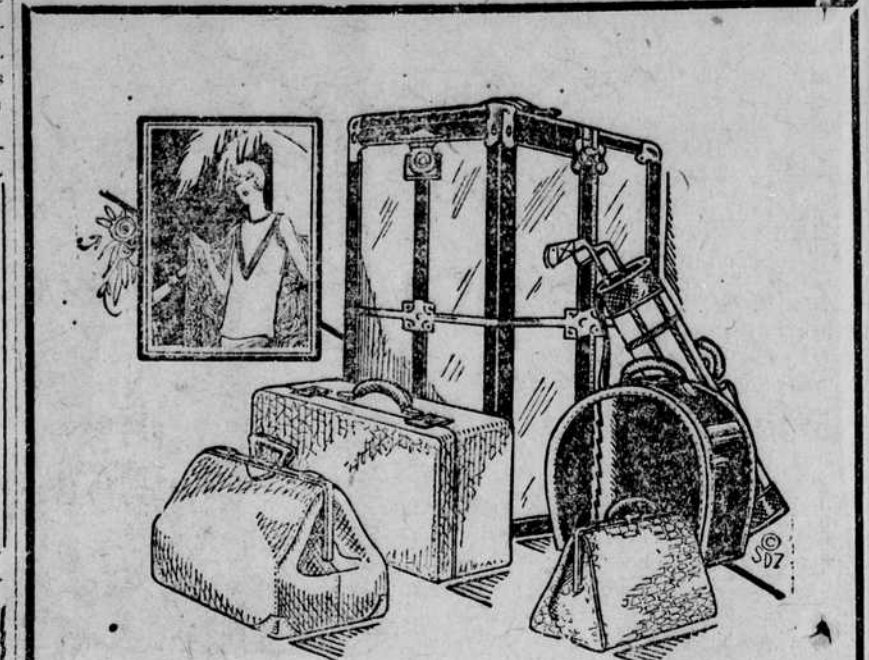

Following the initiation a banquet was held at the Anchorage. Spencer Collins, a practicing accountant in Eugene, spoke to the organization on "The Practical Field of Accounting."

HENDERSON RETURNS

Professor E. L. Henderson, curator of herbarium and research fellow, returned to his own home in Eugene Tuesday afternoon from the Pacific Christian hospital, where he has been recovering from an operation.
