

SOCIETY

By LAVINA HICKS

The quiet Lenten period immediately preceding Easter had some effect on the social activities of the campus during the past week. However, the opening of the spring season seems to have encouraged more engagement announcements and weddings.

An engagement of the most outstanding interest was that of Miss Hazel Prutsman, acting dean of women, to Dr. C. L. Schwing of Eugene, made at a luncheon given Saturday by Mrs. J. L. Hershner and her daughter, Mrs. Powell Plant. Another interesting engagement was that of Miss Margaret Mumaw to Harold Socolofsky. The annual founders' day banquet of Phi Delta Theta was another important social event as was also the Delta Delta Delta informal tea, Friday afternoon, in honor of their national president, Miss Pearl Bonisteel, who spent the past week-end in Eugene.

Miss Hazel Prutsman Announces Betrothal At Luncheon Party

Miss Hazel Prutsman, acting dean of women, announced her engagement, Saturday afternoon, to Dr. C. L. Schwing, of Eugene, at a lovely luncheon party given at the Eugene hotel by Mrs. J. L. Hershner and her daughter, Mrs. Powell Plant. The luncheon table was decorated to carry out the Easter motif with daffodils, soft, yellow tapers and greenery. The placecards, of tiny cupids holding a ring, carried the verses which told of the engagement.

Miss Prutsman has been connected with the university for the past two and one-half years. For the past year she has been acting dean of women during the absence of Mrs. Virginia Judy Esterly. Miss Prutsman is a graduate of the University of Chicago, and later took advanced work at Columbia university, New York, and at Harvard university, and is now working further on her master of arts degree at the University of Oregon. She is a member of Kappa Kappa Gamma sorority, of Phi Lambda Theta, national education honorary society for women; of Mortar Board, national senior women's honorary society; of Kwama, sophomore women's honorary service society on the campus, and is an active member of the Eugene branch of the American Association of University Women.

Dr. Schwing, who is the son of Mr. and Mrs. H. A. Schwing, is a former student at the University of Oregon and a member of Beta Theta Pi fraternity. He is a graduate of the North Pacific Dental college of Portland, where he is a member of Psi Omega, dental fraternity. No date has been set for the wedding.

Guests at the luncheon included Miss Prutsman, Mrs. Lewis Beeson, Mrs. Gilson A. Ross, Mrs. Lettie Mowry, Miss Fanny McCamant, Miss Consuelo MacMillan, Mrs. Kenneth Wilshire, Mrs. Edri M. Pallett, Mrs. William Fowler, Miss Alice McKinnon, Miss Marian Phy, Miss Florence Grebe, Mrs. Burt Brown Barker, Mrs. H. A. Schwing, Mrs. James Brown, Mrs. P. L. Campbell, Mrs. George H. Godfrey, Mrs. Charlotte Donnelly, Mrs. E. E. DeCou, Miss Glenna Fisher, Miss Edith Dodge, Dr. Wilmoth Osborne, Mrs. Hershner and Mrs. Powell Plant.

Phi Delta Theta Celebrates Founding At Annual Banquet

Active and alumni members of Phi Delta Theta fraternity celebrated their annual founders' day banquet, Saturday evening, March 30, at the Eugene hotel. Oregon Alpha chapter sponsored the affair for all members of the fraternity in Oregon. Many prominent men of the state were present for the event.

Speakers at the banquet included Judge O. Hewitt, alumnus of the University of Nebraska; Judge Frank Howell, Portland, University of Missouri; Dean Cordley of Oregon State college; C. W. Wall, Portland, University of Oregon, province president; Douglas McKay, Salem, Oregon State college; Franz Wagner, president of the Oregon

active chapter; Jim Torson, president of the Oregon State active chapter; Carl Lodell, graduate manager, Oregon State; Spec Keene, coach at Willamette university; Wallace Kaddery of the extension department at Oregon State college. L. L. Hurst, Eugene, manager of the local May store, and an alumnus of the Alpha chapter at the University of Kansas, was toastmaster at the banquet.

Following the banquet honoring the 81st anniversary of the fraternity, a smoker was held at the chapter house.

Socolofsky-Mumaw Engagement Told

Miss Margaret Mumaw, daughter of Mr. and Mrs. W. C. Mumaw, of Aberdeen, Washington, announced her engagement to Harold Socolofsky, of Salem, Saturday evening, at the Alpha Chi Omega house.

The flowers and candles used in the decorations were of pink and blue, the colors of Beta Theta Pi of which Mr. Socolofsky is a member. Individual corsages were at each place with tiny cards telling of the engagement.

Special guests at the dinner were Mr. and Mrs. Mumaw and Helen Mumaw, of Aberdeen, Mrs. Skeet Manrud, of Eugene, Mrs. Nellie Green, of Portland, and Miss Alice McKinnon, secretary to the dean of men.

Delta Delta Delta Entertains at Tea

On Friday afternoon, between the hours of 3 and 5 o'clock, members of Delta Delta Delta entertained at an informal tea at the chapter house in honor of Miss Pearl Bonisteel, national president of the sorority and a visitor in Eugene over the week-end. The guests included housemothers, house presidents and wives of department heads on the campus.

Mrs. J. M. Singleton, housemother of the sorority, poured. The tea table was decorated in yellow tapers and daffodils.

During the afternoon an informal musicale was given. Piano solos were played by Misses Prudence Spight, Irma Logan and Theresa Kelly. Miss Alberta Rives had charge of the tea.

Beta Theta Pi Have Double Engagement

On Saturday evening, March 30, Harold Socolofsky and Dr. C. L. Schwing, both alumni of Beta Theta Pi, announced their engagement at an informal dinner at the chapter house, to Miss Margaret Mumaw of Aberdeen, Washington, who is a member of Alpha Chi

WHY HIGH COMPRESSION

THE greatest strides in automobile motor development have come through high compression. The modern 91.5 inch racing motor which has developed more than 280 horse-power and a speed greater than 164 miles per hour is only one-half the size of the old Model T Ford, which was capable of developing only 25 horse-power. High compression has done it!

Two years ago only 1%, a year ago less than 21%, while today more than 56% of American automobile manufacturers are producing high compression motors! Compression ratios are constantly increasing because with high compression there is less fuel consumption—greater power—greater speed and acceleration, with generally reduced operating costs.

High Compression motors were not commercially practical however, until a fuel was developed that would function where ordinary gasolines failed. This fuel is Ethyl Gasoline, developed and proved after many years research and the expenditure of thousands of dollars. Blended with the finest gasolines by 42 of the largest and best known oil companies in the world, it is the only genuine anti-knock fuel for high compression motors.

Because Ethyl Gasoline is dyed to distinguish it from ordinary gasolines, hundreds of imitators have produced dyed or so-called anti-knock gasolines whose chief merit is their only claim. Ethyl Gasoline is the many genuine, anti-knock, high compression fuel, and can be obtained only from authorized distributors of Ethyl Brand of anti-knock compound.
