Most Trackmen Green Hayward Starts Bottom

"If I can't make anything else out of a man I let him run the mile," Bill Hayward, veteran track coach, cast this bit of cinder path philosophy out upon the still air of Hayward field yesterday afternoon. He was considering for the time being his prospects of putting out a successful freshman track team.

"None of them have experience," he protested. "I haven't six men out who ever ran before." Just then a new yearling candidate hesitantly approached Bill and said he'd like his name on the roll. "What experience," asked Bill before even asking the lad's name. When the prospective trackman answered in the negative, Bill sadly turned to the writer and said: "You see, none of them have had experience. There's Hubert Allen over there, and Gilbert French, and Schroeder and Whisnant. They have more or less experience. The rest of the boys are willing but I'm having to start at the bottom with most of them."

Bill has only one consolation in his tribulations. The first meet doesn't come for more than three weeks yet. That's the Frosh-O. S. C. relays here, May 2. With a little luck in discovering virgin talent among his freshmen, Bill may find the makings of a team yet. He usually does.

In this day and age the drug store that carried only drugs would be hopelessly obsolete. Why? Americans have long since quit chasing all over for their wants. Time is worth too much.

Bovard to Occupy Office in Remodeled Building

The bungalow, which was recently moved from the site of the new infirmary to the lot next door, is in the process of a complete renovation and will be occupied about May 1 by the main office of the school of physical education.

Plans as given out yesterday call for an office for Dean Bovard, a main office, and a seminar room.

According to Miss Alice Dunn, secretary to Dean Bovard, the building is to be completely done over. Fresh paper on the walls and new floors as well as lawn and shrubbery are among the improvements.
