

Kappa Sigma Wins Water Polo Match

Sigma Nu's Hold Sigs' Marginal Lead in Close Check

Bill Pittman Scores First; Spirit Shown

Starting off with a touched goal a few seconds after the referee's whistle opened the hostilities, the Kappa Sigma water polo team took the lead and held it throughout in their skirmish with Sigma Nu last evening. Although the final score was 12 to 6, the Kappa Sig's margin was continually in danger.

Bill Pittman scored the first five points for Kappa Sigma. The Sigma Nu's started off with a well-organized attack, but they lost possession of the ball near the Kappa Sigma goal. Accurate passes put the ball on the unguarded Sigma Nu goal.

After Sigma Nu had shot one on a technical foul, Watts solidly smacked the Sigma Nu goal with the ball for three more points in the Kappa Sigma bag. The half ended with a great deal of scrimmage but no further scoring.

The Sigma Nu team raised their total five points by a touched goal after a spirited encounter in which everybody was ducked at least once, making the score 8 to 6 for the Kappa Sig's. Marshall Shields centered the goal with a throw from past the middle and proceeded to add the final point by a free throw on a personal foul. Sigma Nu touched the ball against the boards shortly before the end of the game but a technicality prevented the counting of the goal.

Daughter of Dr. Taylor Victim of Auto Accident

Jean Taylor, daughter of Dr. H. R. Taylor, associate professor of psychology in the university, was accidentally hit yesterday afternoon at 5:40 o'clock while running across Thirteenth avenue at the Co-op corner, by a Ford coupe driven by Miss Beatrice Barker, head catalogues in the university library. Dr. George I. Hurley, physician in charge, reported that Miss Taylor's skull was fractured, however, a satisfactory report could not be given for 24 hours. At 8 o'clock Wednesday evening, when this report was made, she was unconscious in the Pacific

Christian hospital. Jean is from 11 to 12 years old.

Miss Barker was driving slowly down Thirteenth avenue in her car, when according to reports, the girl ran from behind a parked auto in front of Miss Baker's machine. The driver was unable to stop her car until after she had run over the child. Another car took the injured girl to the hospital while Miss Barker reported the accident. Dr. Taylor was in Condon hall at the time of the accident attending a committee meeting.

Dr. Taylor came here in 1925 from Stanford university where he took his Ph.D. degree. They have one other child, a small boy.

Canoeing Rules Made Clear by Dean Prutsman

Regulations for Raceway To Remain Unchanged 10:30 During Week

"There has been a great deal of misunderstanding this term among students about the university rules concerning the mill race," Hazel Prutsman, acting dean of women, said yesterday. "Oregon has always been criticized concerning the race," she continued, "and this year we are especially asking the cooperation of the students."

Rule 5 of the University of Oregon social regulations states: "Women students shall be in their residences not later than 10:30 p. m. after picnics and canoeing parties, except after house or class picnics, when the hour shall be 12:15." Rule 2 says that "calling hours shall close at 10:30 p. m. every evening, except nights preceding school holidays, when the hours shall close at 12:15 p. m." This means that students probably will have to be off the race by 10 o'clock week nights and 11:45 week-end nights in order to be in their houses by 10:30 and 12:15. Calling hours for seniors are 11:00 week nights and 1:00 week-end nights. None of these rules are new, having been made several years ago.

There has also been some confusion about the recently made rule allowing men to remain in sorority houses until 1:00 during vacations. This applies only to long vacations such as at Christmas time and the period between the winter and spring terms.

The Oregon social regulations are: 1. Quiet hours shall be maintained during the week after 7:30 p. m.

2. Calling hours shall close at 10:30 p. m. every evening, except nights preceding school holidays, when the hours shall close at 12:15 p. m.

3. There may be no dancing parties within two weeks preceding final term examinations.

4. Evening dances shall be scheduled with the dean of women one week before the dance is to be given.

5. Women students shall be in their residences not later than

10:30 p. m. after picnics and canoeing parties, except after house or class picnics, when the hour shall be 12:15 p. m.

6. All picnics must be adequately chaperoned by persons approved by the house chaperones or the dean of women.

7. Students are forbidden to shoot the rapids at the head of the mill race.

8. Students are not to participate in hazing in any manner.

9. Students remaining in Eugene during short vacations will be considered under university supervision and will be expected to observe university regulations.

Book Sale Is Planned By Girls' Fraternity

Plans for a sale of books to be held within a week or two were discussed at yesterday's meeting of Theta Sigma Phi, national journalistic fraternity for women. The sale will be in the form of an auction, and will be conducted on the steps of the old library.

A rent shelf of books was maintained by this organization last year and it has been decided to place them on sale to the students. Committees will be appointed soon to handle definite arrangements.

The Eagle Shirtmakers launch another innovation in collar attached shirts. A collar-band that is a full one and one-fourth inches at the back, tapers to nothing at the front—causing the collar to lie flat in graceful, artistic fashion.

An adaptation of the famous Barrymore collar that adds dress-up appearance to the breeziness of the latter.
