Fresh Time Trials Set for This Afternoon

Varsity tryouts for the O. S. C. relays, which will be held in Corvallis April 20, will take place this afternoon at 2:30 o'clock on Hayward field. The events for which the men will be chosen are the 100-yard dash, the 220-yard dash, the 440-yard dash, and the 880-yard run, the mile run, and the shot-put.

Fresh time trials, which were postponed from Friday because of bad weather, will commence at 2:00 o'clock. The 100-yard dash, the 440-yard dash, the 880-yard run, the mile run, and the high hurdles are the scheduled fresh events.

Hayward at Work

Bill Hayward is working out a new system of providing officials for meets, and this afternoon men in his high school coaching class will report on the field to get practice in the work of officiating. The men available are Tom Weems, Don Flynn, Charles Dregnie, Jim Wagon, Harold Bailey, Merrill Hamant, Delman Boyer, and Norville May.

Many complaints have been made in the past that meets are sometimes spoiled for the spectators as well as the contestants by poorly trained officials. Coach Hayward hopes that by careful instruction he will be able to develop an efficient staff of men for the work of conducting meets.

Leaders Named

Leading the varsity in the dashes are Howard Lowry, Harold Kelley, Francis Hill, Bert Tuttle, and Clare McKennon, in the 440 are Clare McKennon, Kenneth Hudson, and Bill Prendergast; in the distances are Ralph Hill, Ed Jensen, Bill Winter, and Harry Fitch; and in the shot put are Ed Moeller, George Stager, Marion Hall, and Homer Dickson.

Little is known about the strength of the individuals of the fresh squad, since the tryout this afternoon will be the first competition for the yearlings this season.

Week-end Budget Given by Norblad

ing a profit of \$500. The largest single item in the total expenditures are the rental on the theater, which will be \$225, and the music from Johnnie Robinson and his 11 piece orchestra, which will amount to \$270. Both the rental on the theater and the orchestra will include a number of practice sessions in addition to the actual shows.

The prices of admission to this year's Vodyl have been reduced considerably from last year in compliance with the demands of the students last year. Tickets to the lower floor and the best seats in the balcony will sell at \$1.25 on the two nights of "Oh Dear," and the remainder of the balcony seats will be 75 cents. Last year \$1.50 was the top price for the seats at the show. Seats at the matinee performance of the comedy Saturday afternoon will sell for 75 cents and 55 cents.

The Junior Prom will be something of a loss as a money maker, in the opinion of Norblad. The expenses for the dance are set at \$775, and the total income is estimated at \$450. The big expense in producing the Prom will be the decorations which will cost in the neighborhood of \$500. Harriet Atchison is in charge of the decorations. Tickets to the Prom will sell for \$1.25.

The Canoe Fete, which will be held on the mill race on Friday night, will net some profit if the weather is favorable, Norblad believes. The expenses of the affair have been budgeted at \$350, and the income estimated at \$725. Decorations, music, staging, lighting, and awards constitute the principal expenses.

The income from student fees for the campus luncheon will be in the neighborhood of \$1350, and the budget for the meal has been set at \$948. Eldress Judd, who is in charge of the feed, has prepared an excellent menu in cooperation with Mrs. Edna Prescott Davis, head of the halls of residence.

The expenditures for Mother's Day are being partly handled by the university, and will cost the juniors only about \$50. Seventy-five dollars has been allowed Jim Sharp for the expenses of Campus Day, and \$10 has been allowed for the expenses of publicity for the Week-end.

Large Sums Spent In City by Students

spent for suits elsewhere than in Eugene, the amounts being \$53,345, and \$40,992 respectively. This is also true of top coats for which \$19,190 is spent elsewhere and \$16,675 in Eugene. Eugene, however, gets the bulk of the haberdashery business, the amounts being \$45,591 here and \$38,801 elsewhere. For shoes men students spent \$16,144 in Eugene and \$13,211 elsewhere. Eugene gets the bulk of the "Tuxedo" business, with \$10,530 a year spent here against \$6,730 elsewhere. For hats students spend \$3,458 here and \$4,822.50 elsewhere.

Women Heavy Investors

Women students spend for clothing a total of \$542,548.40 annually, the survey revealed. Of this total but \$121,045 is spent in Eugene, while \$421,503.50 is spent elsewhere. Of this the greatest single item is for lingerie and hosiery, which totals \$113,245. Even in this classification expenditures outside of Eugene are greater than here, the figures being \$63,916 to \$50,229.90. Other large items are as follows: dress shoes, Eugene \$67,770, elsewhere \$11,786; coats, Eugene, \$15,000, elsewhere, \$96,000; dresses, Eu-

gene, \$37,000, elsewhere, \$122,000. For instance in men's suits while a great many buy under the \$30 price range, about 60 per cent buy in the range between \$38 to \$56 but the average of these garments in Eugene is found to be \$42.23 as compared to \$44.09 elsewhere. In top coats the average is \$33.35 in Eugene; \$37.63 elsewhere. In men's hats and caps, the average is \$5.49 here; \$6.70 elsewhere. In men's dress shoes, \$10.09 here; \$10.65 elsewhere. In tuxedos (only 38.8 per cent of the men students own their own) the average price here is \$47.86; the price elsewhere is \$48.07.

Buying Habits Compared

And the men buy 43.4 per cent of their suits; 46.5 per cent of their top coats; 41.8 per cent of their hats; 55 per cent of their shoes; 61 per cent of their tuxes; 54 per cent of their haberdashery; 49.5 per cent of all clothing here.

The buying habits of the women students are noticeably different, though the expenses of the average girl (except for clothes) are just about the same as those of the average boy which may surprise some parents. Except for lingerie, the girls don't spend so much of their clothing money here—only about 23 per cent of the \$42,584 total for clothing as contrasted with the men's 50 per cent of their \$269,000 clothing total.

Take women's hats. The average Eugene price is \$4.93; elsewhere \$6.08. In women's coats, the average price paid here is \$183.70 for a very small number of fur coats against \$150 average here and elsewhere.

But fur coats don't figure very heavily at the University of Oregon and in dress coats there is a Eugene average of \$41.60; in sport coats an average of \$21.23. The averages are not given for other places.

In dresses of various types, Eugene has a marked advantage, the average on formal being \$27.05 here; \$30.42 elsewhere; on informals \$15.35 here, \$18.90 elsewhere; on sports, \$10.28 here, \$12.71 elsewhere; on street dresses, \$12.67 here, \$17.67 elsewhere.

Few Autos on Campus

The percentages show that the girls buy 40.5 per cent of their formal hats; 29.4 per cent of their other dresses; 23 per cent of their coats; 38.8 per cent of their shoes; 28.6 per cent of their hats, and 55.7 per cent of their hosiery and lingerie from Eugene stores.

That Oregon is not a rich school is illustrated by the fact that only 12.3 per cent of all students own automobiles. Of these 71 per cent of the men own cars are driving second handers, but 66 per cent of the girl car owners are driving new ones. One third of all student owned cars are bought here.

More than 27.9 per cent of all students are entirely self-supporting. Half of the students are half or more than half self-supporting. Only 4.1 per cent of all the student men and women are entirely dependent on others.

Law Student Body Meets

The law school student body held its first spring term meeting Thursday morning in the Oregon building to discuss entertainment for pre-legal students who will visit the campus on Wednesday.

Water Polo Team Of Freshmen Will Meet Jefferson

Portland High School Has Good Team; Soft Ball Will Be Used

Followers of the newly popular game of intercollegiate water polo will be treated to a contest this morning between the Jefferson high tossers, Portland high school champions, and the newly formed Oregon freshman team. This probably will be the only game played by the fresh team this spring, although a game with the Oregon Aggie rooks game is to be called at 10 o'clock and will be played in the men's gymnasium pool.

The intercollegiate style of play, commonly known as soft ball water polo, is fast gaining over the international (hard ball) game now played in the Pacific coast conference. Coach Edward Abercrombie, swimming mentor, predicts the eventual changing of conference play to the intercollegiate style.

The Jefferson high swimmers are known to have a strong team, although last winter marked the first year's play in Portland high schools. The yearlings have been working out almost every night lately.

The fresh lineup will be chosen from the following men: Al Edwards, Art Hanson, Dick Torrey, Sol Director, Henry Lovoff, Paul Lafferty, and Charles Foster.
