Eldress Judd

Serving, Betty Beam, of Albany. Assistant, Marjorie Kelly, of Albany.

Clean-up, Maynard Bell, of Roseburg. Grounds and vigilance, Elmer Harrington, of Portland.

Service, Dorothy Villiger, of Portland. Entertainment, Renee-Grace Nelson, of Eugene.

Feeding Big Job

The feeding of something over 3000 persons is considerably more of a problem than it was in biblical times, Miss Judd has discovered in working out her plans for the luncheon. Over a thousand dollars worth of food, purchased at wholesale prices, will be necessary for the preparation of the meal.

The menu which Miss Judd has worked out in co-operation with Mrs. Edna Prescott Davis, director of campus dormitories, includes the following: fruit salad, meat loaf, sandwiches (pimento cheese and date nut), pickles, potato chips, eskimo pies, and coffee.

1620 Pounds of Bananas

The ingredients for the preparation of the articles of food on the menu for the day are required in almost Rabelaisian proportions. For instance, the fruit salad which will be served will require 72 gallons of pineapple, 72 gallons of peaches, 1620 pounds of bananas, 36 gallons of whipped cream, and 90 pounds of sugar.

Fourteen hundred pounds of meat loaf, a good sized steer run through the sausage mill, will be necessary for the luncheon, as will 6000 sandwiches, 50 pounds of coffee, and pickles, potato chips, and eskimo pies in like proportions. Several score of students will be required to assist in the preparation and serving of the food.

Entertainment Planned

The Campus Luncheon will be held at noon Friday, the first day of Junior Week-end, on the campus between the library and Friendly hall. Serving will continue until about one o'clock. Long tables will be set under the trees, and it is likely that there will be service for two lines of students as in former years.

Johnnie Robinson and his orchestra, the official musicians for Junior Week-end, will play during the luncheon, and it is probable that some additional features will also be arranged by Renee-Grace Nelson. The Order of the O will also stage a certain amount of entertainment on the side in the vicinity of the fountain between the library and Deady.

The directorate in charge of the campus luncheon will meet in the upstairs room of the College Side Inn today noon for a discussion of plans for the affair.

Sigma Xi Elects Oregon State and Oregon Members

Joint Initiation With Phi Beta Kappa to be Held May 16

Students and Professors Pledged to Honorary

New active members and new associate members were elected into Sigma Xi, national scientific honorary, at the last meeting held April 19 in Portland at the medical school. A group of professors from Oregon State college were elected at the meeting also, because there is no Sigma Xi chapter there and their members are affiliated through the Oregon chapter.

Those eligible to active membership in Sigma Xi must have written something regarding their particular field of scientific interest and have had it accepted for publication. The persons elected to associate membership are those who show promise of doing fine work and who have already obtained a certain degree of excellence.

Dr. David B. Davis of the math department here was elected to active membership. The following members of the faculty from O. S. C. were also elected. Prof. H. S. Graf, Prof. Henry Hartman, Director James T. Jardine, Prof. Walter T. Johnson, Dr. Roscoe E. Stephenson.

Bradway from the department of animal biology; Rollo Patterson, from the department of plant biology; and Richard Roehm of the chemistry department. Three students of the medical school at Portland were also elected. They are R. H. Allumbaugh, Maurice E. Gourley and S. James Newsome.

If anyone had stepped into the university press between the hours of 8 and 8:30 last night he would have presumed, on first notice, that a strike had been called, or the shop had gone broke and the men had quit—not a machine, from the big Goss Comet and Miehle cylinder presses down to the linotypes and the metal saw was running. The occasion, did you say?

Well—it was nothing other than the 57th birthday of Bob Huston, make-up man and night foreman of the university press, and gracious friend of all the night editors and all of the day staff with whom he has come in contact.

At 8 o'clock Bob looked up in surprise as the night editors, in a body, trooped in wishing him a happy birthday, and before many minutes had elapsed the bunch, including all of the shop force, were consuming ice cream and cake and dancing to the music of a portable phonograph one of the party had brought.

Those who attended were Alyce Cook, Thornton Shaw, Fred Bechill, Max Carman and Chuck Barr, night editors; Julia Currie, Beatrice Bennett, Merlin Blais, Jo Barry, Dorothy Page, Helen Rankin, Gracemary Riekman, Dulcie Lytstell and Fern Baker, assistants; Harry Tonkon, chief night editor; Jean Garman, Ruth Gaunt and Mary Ellen Mason, all former night workers; Clarence Crow, ex-makeup editor; Carl Monroe, Frank Evans, Cecil Snyder and Theodore Zehring, workers at the university press; and Bob Huston, guest of honor.

Publications Group Suggests Oregona Head and Manager

Library Receives French Catalogue Of Noted Writers

Only Part of Work Done; 93 of Possible 189 Volumes Here

The main library received 93 volumes, about one half of the series, of the "Catalogue General" a catalogue of the authors whose works are contained in the French National Library.

The French National Library is one of the largest in the world and the work of cataloguing the authors of its volumes has been extended over a considerable period of years. Stopped by the World War, the work was handicapped financially until a system of selling the whole catalogue to various libraries and using the proceeds to finance the completion of the set was started.

The 93 volumes purchased by the University of Oregon library cost \$400, and it is estimated that they approximate half of the complete catalogue. The 93 volumes carry the alphabet through "Le to Marie"; and it is believed that it will take about 96 volumes more to finish the index. Each of these will cost the library \$10 apiece.

Each volume contains 625 pages, is of an average size, and is printed with a double column of names on each page. The first volume of the catalogue was published in 1897.

State Educators Meet For Plan Discussion
