DUCK SOUP

ALL OUR POLITICAL MATERIAL CEASES TODAY. ONLY A POOR SPORT DRAGS IN NEW STUFF ON ELECTION DAY.

FAIRNESS APPRECIATED

Dear Duck Soup,
I want to take this opportunity to thank you for the fairness you have shown in this campaign. Remember, if I am elected, any appointment you may ask is yours.
(Signed) JOHN ANDERSON.

Dear Duck Soup,
I want to voice my appreciation of the way you have kept dirt out of this campaign. Don't forget that if I'm elected, you are chairman of the clean-up committee for the frosh bonfire.
(Signed) TOM STODDARD.

THE CANDIDATES HAVE 50-50 CHANCES AS THEY GO TO OUR STRAW BALLOT.

LONG NEW YORK RUN PLANNED FOR 'OH DEAR'

Cast Ready to Leave for East; Lack Only an Offer

Railroad tickets have been purchased, permission secured from the university, and all plans are completed for a showing of "Oh Dear" on Broadway this summer.

"The only drawback so far," said Paul Hunt last night, "is that as yet we have had no offers."
In the meantime, Bob Warner and Virginia Moore are putting the pony and men's choruses through their paces for the opening night Friday. Bob Warner has had wide experience in this work, having had charge of Stanchon & Marco's "Helluva Idea." Virginia Moore has had charge of all Colonial theater stage revues.

Kermit Stevens developed his wonderful stage voice by working in a stage depot, calling stages. Marjorie Clark's voice carries so well because she has spent several years trying to make herself heard above the din of Chi Omega chapter meetings. Betty Barnes came all the way from California and so did Bill Siegfried. Jack Jones came all the way from Portland and Homer Dickson dropped up from Ashland.

MADGE NORMILE SINGING "MY COUNTRY 'TIS OF THEE," POPULAR HIT FROM "OH DEAR"

ELECTION HI-JACKING

One of the parties is taking the blind students to vote today. These students will be taken to vote in cars, and their pencils held while they vote.

INTRAMURAL DOG FIGHTS

It has been rumored on the campus that an intramural dog fight league has been formed.

PLEDGING ANNOUNCEMENTS

Phi Gamma Delta announces the pledging of John Anderson, of Portland; Sigma Nu, of Walter Norblad; Alpha Omicron Pi, of LaWanda Fenimston; and Sigma Chi of James Swindells.

WATCH DUCK SOUP TOMORROW FOR ELECTION RETURNS

WE WILL ALSO SHOW RETURNS TONIGHT FROM OUR BOARD ON TOP OF THE MINER BUILDING.

Drippings From The Keg Spigot

Edited by: Mike Griffin

EMPEROR FRANCIS JOSEPH OF AUSTRIA

By Joseph Redlich

Among the outstanding recent biographies is this volume recently published by MacMillan. When Emperor Francis Joseph received President Roosevelt in his palace in Vienna, he described himself as "the last European monarch of the old school." And in truth he never was a shadow Emperor; from his ascension to the throne at the age of 18, through 60 years of action and suffering, right down to the day when the World War began, his was the deciding will throughout his wide empire.

His life therefore is, almost from the beginning, a history, and his biography portrays him by showing the Europe of Francis Joseph's day from the standpoint of his personal activity as a ruler. The daily demands of his task of maintaining a great old European empire, of moulding its external policy by decision derived in the last analysis from his own judgment of men and things—these made him what he was as the men of his time saw him and as he lives on in the recollection of those who knew him.—P. A.

CAMPUS BULLETIN

A Dayton Steel Racquet adds 20% more SPEED to your game

A workman can be no better than his tools. A tennis player can be no faster than his racquet. The Dayton is the fastest. Perhaps you can't teach some old dogs new tricks—but the new generation turns always to the rising mode, to the mode of whip-steel speed. It asks for all-steel in its roadsters, its airplanes, its tennis racquets. Certified laboratory tests prove that the Dayton Steel Tennis Racquet has 43% less air resistance than the average wood-and-gut racquet. They prove further that the same effort drives a ball 20% faster with a Dayton. And that extra 20% gives you the jump on speedier players. Dayton Steel Racquet Co., Dayton, Ohio.

DAYTON STEEL RACQUET AS MODERN AS AVIATION

Put Away Childish Things

AT our neighboring institution of higher learning, the University of Washington, the faculty are investigating a fraternity initiation which was said to have caused the serious injury of Lee Young, a freshman in the university.

Young, it was claimed, was forced to withdraw from school following his initiation into one of the nationals, and for three months has been confined to a hospital.

The case happens to have occurred at Washington, but it might well have been the University of Oregon instead. Here, as at too many other colleges and universities, it is assumed as a part of the antiquated traditions of the institution, that it is necessary for a fraternity pledge to submit to a certain amount of horse-play, before becoming a full-fledged member of the organization, even as it is necessary that a freshman on the campus constantly wear a green lid and submit to regular paddlings on the library steps.

Such sessions are foolish and unbecoming the dignity of university students at all times, but even this is as nothing in comparison with the too-frequent cases of actual physical injury that result from initiations, fraternal and class, such as the one now under investigation at Washington. The Washington case is not unique in the history of initiations. Only last fall the newspapers carried a dispatch telling of the death of a student in a mid-west institution resulting from an electric shock which was part of the fraternity initiation ceremony.

On one occasion, St. Paul, the most noteworthy apostle of the New Testament, remarked that when he was a child he spoke as a child, thought as a child, and understood as a child, but when he became a man he put away all childish things. This saying has been accepted as good advice through the years

since the time of the evangelist, up until the days of collegiate undergraduates. Isn't it about time that we put away the childish things which are so prevalent in collegiate life at present?

More Uses For Radio

RADIO during the 1924 and more especially during the 1928 national presidential campaigns was utilized extensively for electioneering, but it remained for the University of Oregon politicians to make use of broadcasting in carrying their campaign messages last night to the voting populace. Over KORE a certain ticket of candidates in today's election was championed by means of the spoken word. Notified in advance, students in various living organizations tuned in. Use of radio in student politics to hear the political address, is indeed an innovation. This is a fast age in which we live. Methods of student campaigning are adapted to these high-powered modern times.

And in yesterday's issue of a local evening paper there was a story predicting the election of the rival candidate. Such are the tactics of the A. S. U. O. democracy. May the best men and women win.

Tonight a very important step towards better radio activities for the university over KORE will be taken when Professor Hugh E. Rosson will feature the program inaugurating the Extension Division's cooperation. Until the end of the term every Tuesday, Wednesday and Friday at 8 p. m. there will be broadcasted extremely worthwhile programs over KORE. They will represent the university officially, and every number will be "okayed" by the Extension Division upon whom falls responsibility for such relations with the public.

Radio is coming into its own so far as the university is concerned.

OPEN 'SHACK'

I should like to register my little howl for today. For the past few Sundays students of the journalism department have been pleasantly (?) surprised when they came down in the afternoons to do the weekend's studying to find all the doors in the "shack" locked.

A handy window furnished the only means of entrance. We, the journalism students, think it would be nice if these doors could be unlocked on Sundays.

A JOURNALIST.

Jean Taylor Improving Home From Hospital

Jean Taylor, who was seriously injured in an automobile accident on the corner of Thirteenth and

Kincaid streets two weeks ago, has been removed to her home from the Pacific Christian hospital. She is still confined to her bed, but is convalescing quite satisfactorily according to her parents. Jean is the daughter of Howard Taylor of the psychology department.

McDONALD

CAMEL CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

The Camel blend of choice Turkish and Domestic tobaccos has never been equaled.

This blend produces a delightful mildness and mellowness.

Camels are always uniform in quality.

You can smoke Camels freely without tiring your taste.

They do not leave a cigarette after-taste.

Camels are a refreshing and satisfying smoke.
