

Women Sport Heads Choice Comes Today

New System Proposal May Allow Activity In But One Sport

W. A. A. Mass Meeting Called for 4:00

A measure to do away with the predominance of physical education majors in intramural sports will be voted on by members of W. A. A. at a mass meeting which will be held this afternoon at 4 o'clock in room 121 of the Woman's building.

New Measure Passed
The new measure, which has already been passed by the W. A. A. executive council, will limit the number of points which may be earned in one year's participation in intramural sports to 400. The number was formerly 500. The proposed new ruling would also prevent a woman from going out for more than one sport per term, thus making it impossible for a small number of physical education majors to monopolize first places on several teams.

Sweaters Senior Year
This system would make it impossible for anyone to earn a sweater before the winter term of her senior year. The council also felt that the ruling would promote better team organization if each member concentrated on one sport.

New heads for the following year will also be chosen at this meeting. Twenty women have been nominated to fill these positions. Those who will be voted on include:

- Speedball—Marjorie Kelly and Pauline Kidwell.
- Swimming—Alberta Rives and Lois Murfin.
- Tennis—Beth Salway and Jeanne Bell.
- Volleyball—Virginia Mynard and Mary Agnes Hunt.
- Basketball—Edna Dunbar and Lucille Murphy.
- LaCrosse—Josephine Barry and Virginia Hunter.
- Baseball—Alta Bennett and Jessie Puckett.
- Archery—Ruth Jaynes and Dorothy Dundore.
- Hockey—Naomi Moshberger and Mary Wilburn.
- Riding—Betty Beam and Blanche Griggs.

Southern School Impresses Girls At Women's Meet

Helen Peters and Edith Dodge Return From Oklahoma Confab

Long stag lines at dances, absence of cords and "sloppy" masculine attire, charming "you all's" and "sho nuff's" in conversation, and genial southern hospitality—these are some of the things that impressed Helen Peters and Edith Dodge, incoming and outgoing presidents of Women's league, as characteristics of the University of Oklahoma, at Norman, where they attended the national convention of women's leagues last week. They returned to Eugene over the week end, ending a two-week trip that included brief stops in San Francisco and Los Angeles.

The University of Oregon Women's league has a unique place among the American organizations because of its self-financing, according to the two girls.

The big sister work, international relationship, hobby work, teas and 'Get Wise' parties the girls listed as the chief activities of leagues.

Smoking among women was discussed at the convention and the general opinion of all representatives was that it did not become college women to smoke in public.

The official rules for the race were announced by Sharp last night. They are as follows:

A contestant must wait for a passable place before passing another canoe.

The contestants should remember that they are paddling against time rather than against the other canoeists.

Canoes will be available at the Anchorage any time after 9:45 Saturday morning. The contestants may use any method they wish in getting them to the Portage.

The houses represented in each canoe will be held responsible for any damage done to the canoes. The Anchorage canoes are being donated free by Mr. Bailey. The Anchorage canoes are to be used in the race unless private canoes are accepted by the committee in charge.

The canoe race will be one of the principal features of the water carnival, which will be held on the campus for the first time this week-end. The carnival will begin at 11 o'clock Saturday. Other events include free-for-all swimming races from the Portage to the Anchorage for women, for men not on the frosh or varsity swimming squads, and for the members of the frosh and varsity swimming squads. A race in which women will swim from the Portage to the Anchorage will be one of the features of the water carnival which will be held on Saturday morning during Junior Week-end, according to an announcement made yesterday by Ione Garbe, who is in charge of arrangements for the women's part in the carnival.

Each woman's house will be expected to enter at least one contestant, and a prize will be given the winner. The house representatives for Junior week-end will turn in the names of entrants to Ione Garbe or to Beryl Harrah.

Betty Pennock, junior from Marshfield, was the first person known to have made the swim from the Portage to the Anchorage this year. She made the swim Friday in less than twenty minutes, aided by the swift current; and she reported that the water was cold but that it would probably be all right by the time of the race.

An announcer will stand on the steps of the Anchorage during the race and report the progress of the swimmers as it is transmitted from stations along the course.
