

### Students May Obtain Work In Factories

#### College of Puget Sound Offers Four Credits For Summer

#### Calef and Bruer Sign Up For Tacoma Conference

The Summer Student Industrial Research conference in Tacoma June 17 to August 12, will include in its group a delegation from Oregon. Three or four students from each college in the northwest will, through the Tacoma Y. M. C. A., secure jobs in the factories and foundries of the city. They will work for the regular wage, and meet in session two or three times a week for seminar work in which they will be addressed by labor leaders and big business men, as manufacturers. Arrangements have been made with the College of Puget Sound whereby the students may receive four credits for the summer's work. The credits will be accepted by the University of Oregon, according to Henry W. Davis, secretary of the United Christian work on the campus.

Qualifications are physical fitness to do hard labor and some work in economics or sociology. After the seminar is closed, the students may remain in their positions until school opens in the fall, although they are not obliged to do so.

Two Oregon students have already signed up to attend the seminar: Fred Calef and Blaine Bruer.

Five Oregon people have also signed up to attend the Y. M. C. A. conference at Seabeck, June 8 to 17. They are Don Campbell, Alsen Bristol, John Maxwell Adams, Fred Calef, and Blaine Bruer.

### Women Leave To Take Part in O. S. C. Play Day

#### Annual Event is Sponsored By W. A. A. to Promote Friendly Spirit

About thirty Oregon women are expected to leave today to attend the Play Day with O. S. C., which will be held at Corvallis, according to Dorothea Lensch, who is in charge of the arrangements. A number have already signed up to enter the various events, but she urged that as many more as possible should go to represent Oregon.

Play Day, which is held alternately at Eugene and Corvallis, is sponsored by the W. A. A. to promote friendship between the two schools. Teams composed of women, half from one school and half from the other, will compete against each other.

It is not necessary to have been a member of an intramural team to attend the meet, Dorothea stated, since there will be room for a large number of women in the group game and in quints. She particularly urged that women turn out for these and for archery.

A bus will leave at eight o'clock this morning from the front of the Gerlinger building, and all who intend to go should be there at that time. The round trip will cost fifty cents, and the group will return about five o'clock.

The program for the day follows: 9:30—General reception in the woman's building. 10:00—Tennis matches. 10:30—Archery. 11:00—Hockey. 12:00—Lunch. 1:00—Group games and quints. 2:00—Two baseball games. 3:00—Social swim.

### James Harding, ex-'26, Receives Appointment

After less than two years as a representative of the Connecticut Mutual Life Insurance company, James G. Harding, ex-'26, has been appointed as district agent for Eugene and southern Oregon. Ivan D. Houston, ex-'25, who was recently killed while piloting an air mail plane, was district agent until he went into the flying service.

Advising college students yesterday, Mr. Harding said, "A great many college men would profit by taking the money from one 'date' a month to save on the insurance program they will surely start when they are through school. They would do so if they fully realized the difference a few years of age make in the investment."

### Get Programs Now

Seniors who want commencement programs are advised to call for them at the registrar's office as soon as possible. The present rate at which the programs are going indicates that many more will be needed but no certain number can be definitely decided upon so students are urged to get theirs now and save a delay in printing later on.

### Combined Piano, Vocal Recital to Be Given Tonight

#### Two Instructors to Take Part in Program At 8 O'clock

A combined piano and vocal program, consisting of strictly modern music, will be presented at the music auditorium tonight at 8 o'clock by Jane Thacher, instructor in the piano department of the school of music, and Madame Rose McGrew, dramatic soprano, who has charge of the class in operatic fundamentals.

This program will be unusual inasmuch as it is, as far as can be learned, the first program of strictly modern music to ever be given on the University campus.

While Mrs. Thacher was in the East last summer, she ran across several attractive selections by modern composers, who, while recognized in the eastern part of the country, are practically unknown on the coast. In order to give the Eugene music-goers a taste of newer type of classical music, Mrs. Thacher decided to give a program entirely devoted to it.

Madame McGrew, who will sing a number of selections, has had a remarkable music career. She was, for a number of years, on the operatic stage in Germany and was known all over Europe. In addition to possessing a superb voice, she is a splendid actress.

Jane Thacher is head of the piano department of the School of Music and is one of the best known pianists on the campus.

The program will be as follows: Drifting ..... Gardner Eyre Beyond the Mist ..... Gardner Eyre Poeme ..... Scriabine Bourree ..... Paolo Gallico

J'ai Pleure en reve ..... Georges Hue Ariettes oubliées ..... Debussy Die Bekehrte ..... Max Stange Fremdliche Vision ..... Richard Strauss Hat dich die Leibe berührt ..... Josef Marx

Mme. Rose McGrew Impressions ..... Francis Frank Ritual Fire Dance from the Ballet, "Love Magic" ..... Manuel de Falla Cuban ..... Manuel de Falla Spinners of Brittany ..... Bheue-Baton Jane Thacher

### Seventh Victory Added to Frosh Baseball Record

#### Hal Waffle Holds O. S. C. To 8-3 Score; Return Game Here Today

While his mates were knocking the cover off the horsehide at the expense of Peterson and Phillips, rook twirlers, Hal Waffle held the O. S. C. outfit down to two lonely bingles, and the frosh won their seventh consecutive game, 8-3.

In addition to this pitching exhibition, Waffle, by way of demonstrating his versatility, stepped to the plate in the sixth inning and slapped out a home run, scoring one man ahead of him. Kershner, tall frosh first sacker, also collected a

homer, but the real leader of the yearling attack was Brian Minnaugh, second baseman, who drove out three hits in four times at bat.

Abetted by a host of errors on the part of the frosh, the rooks were leading 2-0 up until the sixth inning, when Waffle performed his "Babe Ruth" special. From this point on the freshmen were never headed. In the eighth inning, Kershner put the game on ice when he stepped into one and crashed out a home run, scoring one man ahead of him.

The game here today between the Frosh and the Rooks will take place at 2:30. In all probability Ed Charles will be slated for hurling honors for the frosh.

**Names you should know**

You like to know names that everybody knows — name of the man who tied lightning to a kite; name of the man who watched a tea kettle and went out and made an engine. Just knowing such names gives you pleasure.

Yet there are names that thousands of people know that can give you much more pleasure in a much more personal way. Names that stand for the best things to eat, to wear, to sleep on, you can buy. Names that if connected with the salad dressing, hat, mattress you select—or any other desirable thing you select — mean it is most desirable. Names written large in advertisements. Advertisements tell why those are wise names for you to know. Why such names greet you in the best groceries, department and hardware stores. Why those names are in the buying vocabulary of thousands . . . are believed in by thousands . . . justify belief!

Read the advertisements. Don't ask vaguely in a store for "cold cream," "a skillet," "a vacuum cleaner." Ask for So-and-So's Cold Cream, So-and-So's Skillet, So-and-So's Vacuum Cleaner. Use the names, you have learned through advertisements; that stand for the product that means most to you and most to most everybody.
