Women's league wound up its 1928-29 series of teas yesterday afternoon when the Thespians were hostesses from 3 to 5 o'clock on the lawn by the Gerlinger building, one of the largest groups ever to attend a tea calling during the afternoon.

This was the final tea to be directed by Florence McNeerney, chairman of the committee for this year, and Eleanor Flanagan and Marjorie Chester, members.

An ideal spring day helped to make yesterday afternoon particularly successful. Iced tea and the "duck" cookies were served.

Town Girls' Club Hostesses For Summer Group

Assemblies, Dances, Hikes And Teas to be Given By Active Group

A whirl of activities is scheduled for the summer school students by the Town Girls' club, an organization of Eugene women attending the University of Oregon.

"Since the town girls are better acquainted with university life and know the 'ropes,'" said Evelyn Hollis, president, "they will be hostesses for the students, and endeavor to make the summer as pleasurable as possible.

When the students arrive, Eugene girls will meet the trains, wearing Oregon badges, and give information and directions to all who desire it. They will also have charge of the first assembly, held Wednesday of the first week of school. Although the plans are not definitely fixed, the idea of it is to make the assembly as peppy and get as much of the "Oregon" atmosphere as possible. Oregon songs will be taught to newcomers who do not know them, and a snappy skit of college is being worked out by the officers.

A tea will be given the first week also so that they can get acquainted more readily. The town girls will serve at this and try to see that everyone meets everyone else. All during summer school, dances will be given every Friday night for the whole campus and town students. Groups of two Eugene girls will take turns being hostesses at these. They will be very informal.

The club is also planning a series of dances and hikes for themselves. Monday at 4:30, in room 111 Johnson hall, there will be a meeting of all Eugene girls and officers for the coming year will be elected.

Past officers are Evelyn Hollis, president; Lova Buchanan, vice-president; Shirleigh Glad Fowler, secretary; Louise Smartt, treasurer. Dean Hazel Prutsman is advisor to the club.

Reorganization Of Oregon Daly Club Completed

Membership Cards and Pins to be Given All Eligible

Vinton Hall to Continue as President of Group

Final plans were formulated for the new organization of the Oregon Daly club at the last meeting of the year which was held at the College Side Inn yesterday noon.

A new constitution was presented and adopted, according to Vinton Hall, president. In the future the club has decided to hold regular monthly meetings which will be in the form of a luncheon.

"Certificates of membership are to be ordered soon and will be presented to each of the charter members who were instrumental in the organization of the body this year," said the president.

"Next year when the new students from Lake county enter the University of Oregon, they will be initiated and presented with membership cards, too," he continued. "Then they will be expected to buy their pins."

About 16 students are sent to this institution each year from the various high schools from Lake county by the fund which has been set aside by the will of the late

Dr. Bernard Daly, Lake county pioneer, for whom the club was named.

According to the constitution, officers are to be elected at the end of each school year but the same officers that now conduct the group will hold their positions next year. The other officers besides Hall are Frank Harrow, vice-president; and Nellie McDonald, secretary-treasurer.

Graduating members of the club are Lawrence Ogle and Mildred Baker. Both made short speeches at the luncheon yesterday wishing the club success in the future.

Guests yesterday were Adrian Burris, who entertained with vocal arrangements of popular song hits, and Gather Everett.

Swim Demonstration To be Held Tonight

A demonstration of swimming and diving will be put on this evening at 7:30 o'clock in the tank in the Gerlinger building by men and women swimmers of the university. It will come as a finale for "Everybody Swim Week," which the Red Cross association sponsored during the week.

Ten women and an equal number of men will participate in the event, which will include racing, life saving demonstrations, stunt swimming, floating formations, and fancy diving.

Although the event will be staged particularly for town people, university students will be welcome to view it, according to Ernestine Troemel, who has charge of it.

Botanists Will Collect Fossil Plants Saturday

A group of people interested in botany are leaving next Saturday morning at about seven-thirty to collect paleobotanical specimens or fossil plants. Those in the party are Dr. Ethel Sanborne, professor of plant biology, T. S. Easton, senior in botany, Miss Audry Hall, geology major, W. H. Cash, pre-law student and Charles Marlatte, geology senior.

They are leaving in two cars and expect to make an all day trip of it. They are going "hunting" around the vicinity of Comstock.

Examinations for Ernestine Troemel's 4 o'clock archery class, which have been scheduled to start today, will consist of two Columbian rounds, the form of tournament

usually used in contests for college women. Each round will include 36 arrows at distances of 30, 40, and 50 yards.

The caps and gowns which the seniors who are to graduate will wear at the commencement exercises may be called for at the university Co-op on Wednesday and Thursday of examination week, June 5 and 6, according to Marion F. McLain, manager of the store.
