- Homecoming Dances... Library Steps... Pennant Drive... Parisian Fashions...

WE have an earnest petition to present to the Homecoming committee. In scheduling the traditional dances held every year during Homecoming, former committees have found it necessary to give them to the Gerlinger building. Anyone who has attempted to trip the light fantastic on that floor realizes what an impossible task it is.

WHETHER freshmen who are traditions of violating Oregon regulations should be subjected to corporal punishment is an arguable question. However, since it has been decided that the Library steps should play an important part in the education of negligent undergraduates, we are pleased to see a distinct revision in the plan of naming the culprits.

THERE is probably no movement inaugurated by the friends of the university which is more entitled to support than the new infirmary. We need it, and should have it. However, we question the wisdom of asking the student body to contribute to any sort of a building project with other than moral support.

THE Parisian dictators of fashion have decreed live monkeys and concrete dolls for milady's bizarre. Our contemporary's bizarre fad will certainly...

Balcony of Campa Shoppe To Serve as Stage For Speakers

Something new in the way of rally-sites has been chosen for the U. C. L. A. game pep-rally, according to Chairman Joe Freck, who announced yesterday that the all-campus get-together will be held at 12th and Alder street at six-thirty Friday evening.

The balcony over the entrance to the Campa Shoppe is to be used as a directing point for the leaders of the rally, which will be broadcast over radio station KORE by remote control. The microphone will be stationed on the balcony, where it can catch the speeches of Tom Stoddard and Coach Chuck Reed, the yell-leading of Chuck Reed, and the music of the pep band, which will be stationed immediately below the balcony.

Arrangements with city police have been made to rope off Alder street between 12th and 13th for the time of the rally, and there will be plenty of room for the crowd along Alder and in the grammar school playground across the street from the Campa Shoppe.

The small cannon which contributed so much to the send-off rally held last week, will again be on the scene with Vawter Parker in charge.

Two Dances Arranged for Homecoming

Reception for Alumni Is New Feature Offered For November 16

WORKERS ANNOUNCED

Bill East Tells of Plans Made by Committees For Affairs

Two Homecoming dances, one for the alumni and upperclassmen in the Gerlinger building and the other for the freshmen and sophomores at McArthur court, will be given Saturday evening, November 16, starting promptly at 9 o'clock, according to Bill East, general chairman of the dances.

A special reception for alumni will be held in Alumni hall at 8:30 at which a number of prominent faculty members will receive. Dean John Straub will be first in line. Betty Schmeer is in charge of the affair and will be assisted by Wilma Enke and Florence McNeerney. This is the first time that such a reception has been given on the Oregon campus and the committee in charge hopes by this means to make it easier for former students to renew acquaintanceships.

More than 2,000 programs have been ordered by Jane Cullers, who has as her assistants Marjorie Clark and Marian Andrews. The programs will be new in design and there will be plenty of them this year so that every couple may have one.

A clever act, composed principally of campus talent, has been arranged by George Webber, who is in charge of the features. Assisted by Harry Wood and Boone Hendricks, he has worked out a skit that he guarantees will please.

Both the Igloo and Women's gym will be decorated this year. Bill Pittman has been chosen by East to have charge of the decorations for both dances. Chuck Laird will act as assistant chairman. Lighting will be taken care of by Micky Schmeer, materials by Hal Johnson, and furnishings by Gladys Clausen. Bob Van Nice is the fifth member of the committee.

The thirstiest of students will have plenty of punch to drink, Jack Sammons, chairman of refreshments, has promised. More than twice the amount used last year has been ordered. Sammons has chosen Denzil Page and Lenore Peterson for his assistants.

Bill Hedlund has been placed in charge of the dance floors and expects to begin work on them immediately so that they will be in the best of shape by Homecoming.

Patrons and patronesses will be selected by Erathusa Champlain, chairman, Elizabeth Fletcher and Bob Everts. Bob Holmes, assisted by Barney Miller, Amos Lawrence and Harry Schenck, is in charge of the men's vigilance committee, and Eleanor Schroeder is in charge of the women's vigilance.

Howard Page has been named chairman of the music committee by East. Tickets for the dances will be on sale soon at the Co-op and the men's living organizations.

ERA OF ECONOMIC DEPRESSION PREDICTED BY VERNON G. BLUE

The recent phenomenal break in the stock market foreshadows the beginning of a period of economic depression, thinks Vernon G. Sorrell, of the economics department of the University of Oregon.

"One can't tell, of course, a great deal what the future will bring," he explained. "There are the psychological and economic elements to be considered and we are too close to it to get the true perspective of the crash."

Mr. Sorrell said that the majority of people have been too optimistic the past four or five years and have thought that American prosperity would increase and continue to last indefinitely. Consequently there was a sharp increase in installment buying, which in turn increased production of certain commodities. Now with wholesale sweeping away of values caused by the break in the market, there is a grave likelihood of a severe depression for the next few years.

"The break was bound to come and once it is started nothing can stop it," he continued. "Economists the country over have been predicting it for a good many years. Some of the factors which contributed to the rapid fall are, the fact that we have had easy money conditions, and low interest rates." (Continued on Page Two)
