There were many teachers from all parts of the country and he discovered another Oregonian at the convention. The problems of organization are more difficult in the high school because the districts overlap each other and in such a way as to cause considerable confusion.

Tryouts for Debate Squad Are Arranged

November 19 Set for All
Varsity Aspirants to
Make Talks

MEN TO TOUR IN WEST

Freshmen To Hold Initial
Trials November 21,
Laird Announces

Debate tryouts for varsity and freshman teams have just been announced by Eugene Laird, general forensic manager. On Tuesday, November 19, the date set for varsity tryouts, men will appear at 2 p. m. and women at 7:30 p. m.

Freshman men and women will try out on Thursday, November 21. Men at 2 p. m. and women at 4 p. m. All tryouts will be held in the assembly room of Villard hall.

All four groups will debate on the question, "Resolved that the nations should adopt a plan of complete disarmament."

Speeches will be five minutes in length and devoted to any phase of the question that the speaker desires.

Schedule Lined Up
So far only a tentative schedule with other schools has been arranged for the four debating groups.

The varsity men will have six home debates with Washington State college, University of Idaho, University of Southern California, University of Denver, University of Hawaii and California Institute of Technology.

The debate with the University of Idaho is the annual triangular debate between the University of Washington, University of Oregon and the University of Idaho. The Oregon team did not take part last year.

Men Have Long Trip
The varsity men's team will make one long trip on which they will make nine debates, meeting the University of Washington, University of Montana, University of Wyoming, University of Denver, University of Arizona, University of New Mexico, Stanford, University of Southern California, and the University of California, at Los Angeles.

An attempt is being made by western universities and colleges to bring Yale and Princeton teams to the Pacific coast. If this is accomplished, the University of Oregon will debate one of these schools.

For the first time in four years, negotiations are under way for a dual debate with O. S. C. for men, women, and freshmen. If this can be arranged it will be held early in March.

Women Have Debates
The varsity women will have four home debates, meeting Washington State college, University of Idaho, O. S. C., which is the dual debate, and with one California school. The Idaho debate is the annual triangular debate between Idaho, Washington and Oregon women. A trip will be made to the University of Idaho, at Moscow and Washington State college at Pullman.

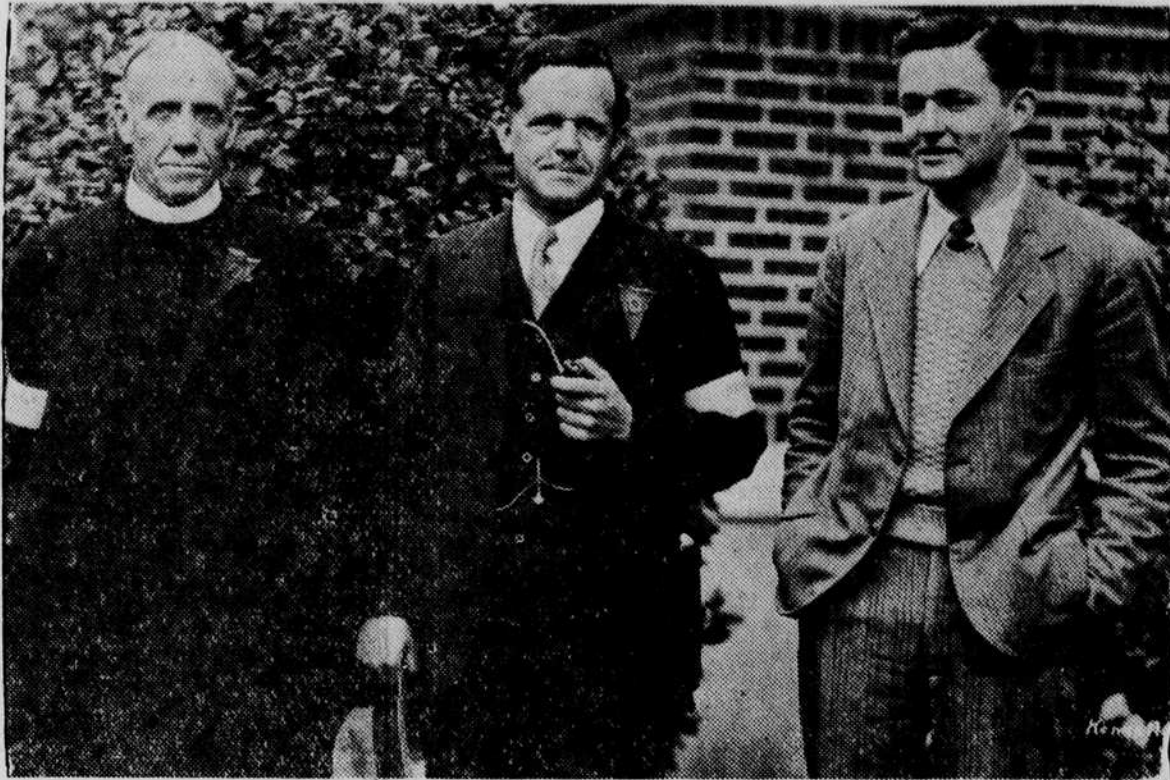

Freshman men and women will debate with Ashland Normal, Monmouth Normal, Pacific university, Linfield college, and O. S. C.

Dr. Ralph C. Hoer, the new debate coach this year, plans to use as many people as he possibly can who are willing to work. In this way every one will have an equal chance.

Squads will be picked of about 16 varsity men, 12 varsity women and 8 on each of the freshman squads.

A party of four, composed of Dr. and Mrs. J. H. Marshall and Dr. and Mrs. R. M. Erwin, motored down from Portland Saturday to attend the U. C. L. A.-Oregon football game and to take part in the annual Dad's day activity. They are visiting Jack Marshall and Mott Erwin of Alpha Beta Chi.

College Professors Poor Teachers, Says Dr. Conklin at Frosh Assembly

Definite Concentration Is Necessary if Student Wants To Obtain Much From Everyday Work

"As a rule, college professors are very poor teachers," said Dr. Edmund S. Conklin, head of the psychology department, in a talk to the freshman class last night on the subject of "How To Use Your Mind." "The thing for the freshman to do is to study his professors and their ways of teaching."

Concentration of a very definite kind is necessary if the student expects to obtain much from study, according to Dr. Conklin. He also said that work must be planned if the student wishes to complete all of his tasks, since the college man or woman must expect to do far more than was done in high school.

The meeting was opened with two solos by Professor Roy Bryson of the music department, and closed with the usual rendition of the "Pledge Song" by the class. No business was transacted.

Motion Pictures of Washington Shown

Motion pictures showing the city of Washington, D. C., were presented in Villard hall last night at eight o'clock.

These pictures were produced, it was stated, to develop interest in the city of Washington, and to stimulate a study of history. They have been made under the auspices of the treasury department of the United States. The pictures were brought to the campus by the university, and no admission was charged.

Frosh Informed About Dime Crawl Wednesday Night

Advised To Take Coins
Visit Women's
Houses

Frosh who have been wondering if the Dime Crawl is some kind of a centipede contest, pipe this: If you're one of the boys you're supposed to go see your best girl, and take a pocketful of dimes with you. Then, you're supposed to dance—after you've put your dime in the box at the door. And if you're a girl, you're supposed to tell the boy friends to come on over.

It's a campus event; it takes place three times a year; and it's held to raise money for the Women's League Foreign Scholar fund. The Crawl lasts from 6:30 until 7:30 o'clock, and during that time most men have previously managed to "make the rounds."

Florence McNeerney, chairman of the Foreign Scholar committee, will announce the house representatives tomorrow.

Twelve members of Delta Epsilon were named as charter members of the local chapter of the fraternity. The formal initiation is scheduled to take place in Portland sometime before the first of the year. The national convention of the fraternity is set for the last week in December at Detroit, and a member of the new chapter is to be named as the chapter's delegate.
