

### Committee on Constitution Revision Busy

Section on Publications Is Finished; Will Accept Judiciary Section

Groups Meet in Effort To Complete Work

With the section on publications finished, and the decision to accept the report of the committee on the judiciary section, the constitution revision committee, headed by Dick Horn, vice-president of the A. S. U. O., is getting well under way.

Just when the constitution will be ready to be submitted to the student body is not yet known, however, since there is still much work to be done on it.

The committee on the judiciary section has recommended that the article in the new constitution be framed which will grant power to an arbitrary group to settle all points on constitutional law.

A feature of the new constitution will be the incorporation in it of the similar body of laws which govern the Associated Women students, thus associating these two organizations more closely.

Two of the nominations for president were made from the floor in the mass meeting.

An election committee will be appointed later by the president, Mally Kurtz, and the hours for the election will be announced.

**AT THE McDONALD**—Latin charm and suaveness, quick repartee, irresistible French accent, these are only a few of the attractions of Maurice Chevalier's "Love Parade," which is delighting McDonald audiences this week.

**AT THE HELLIG**—"Tiger Rose" is very refreshing entertainment after the big city type of show. Set in the picturesque beauty of old Canada it scintillates with life and buoyancy.

**AT THE REX**—One of the best westerns in a long time is Zane Grey's remarkable "The Lone Star Ranger." Those who have read the book will not be disappointed in having a favorite tale chopped to pieces.

**AT THE STATE**—"Jazz Heaven" is of course a very modern drama of pleasure crazed youth.

**AT THE COLONIAL**—"Smoke Bellev" sounds like it might be a hot picture, for where there's smoke there's fire, you know.
