

Group Named As Committee For N.S.F.A.

Kenneth Curry Is Head Of Oregon Student Commission

TO HELP STUDENTS

Seigrist, McGee, Kaufman, Stipe and Teepe Given Jobs

A movement to extend and foster the work of the National Student Federation of America at the University of Oregon was launched yesterday by Tom Stoddard, student body president, with the announcement of a campus N. S. F. A. committee.

Kenneth Curry, junior in law, is to be the chairman of the new committee. Other members are Kenneth Seigrist, Mildred McGee, Jack Stipe, Dorothy Teepe, and Victor Kaufman.

The National Student Federation of America is a nationwide league of university and college student bodies. Its primary object is to improve student self-government by research and the study of mutual problems.

Seigrist in Charge
Seigrist will have charge of work on campus organization and student activities. Mildred McGee will carry out the international relations program of the association. Jack Stipe will co-operate as an Oregon representative in the national group's work of improving student government, and Dorothy Teepe will occupy a similar position in relation to women's government.

Victor Kaufman, as director of the news bureau, will have charge of distributing bulletins which come from the national news bureau and of publicizing the activities of the Oregon committee.

Oregon Is Member

Oregon has been a member of the federation since its founding five years ago, and at present Tom Stoddard is a member of the national executive committee as one of the two delegates chosen from the country at large, an honor which he gained at the annual convention held at Stanford at the first of the year.

Tours Are Sponsored

"The federation seeks to develop among American college students the finest and most intelligent sense of citizenship," said Stoddard, "and to foster an international attitude on political questions. It sponsors student tours to Europe and the Orient. It also seeks to be a channel for the significant expression of student opinion on national politics by means of questionnaires and polls of opinion."

"In carrying on this important national work locally, the Oregon N. S. F. A. committee will be one of the most important committees of the student body. This committee will be appointed regularly at the beginning of each spring term and will work in close cooperation with the president of the Associated Students."

The plays were judged on interpretation of the story, characterization, and the ability of the actors to convey their roles to the audience; scenery, lighting, costumes, and so forth; and evidence of the director's work.

"Spring Sluicing," presented by Milwaukie Union high school and directed by Elizabeth Yoder, took first honorable mention. "Lone-some-like" by Corvallis high, directed by Mrs. Edna Condon, and "The Last of the Lowries" by Sa-

Oregon Debators Beat New Mexico

Laird, Sloan Triumph in Forensic Battle

By a 3-to-0 decision Oregon's varsity debate team, composed of Eugene Laird and Errol Sloan, defeated the University of New Mexico at Albuquerque, New Mexico, on March 31, according to word received from the team.

The question for debate was "Resolved: That world peace demands the demobilization of all forces except those necessary for police protection."

This was originally scheduled for a no-decision debate, but due to a misunderstanding, judges were appointed, and their decision gave Oregon the victory.

No Class or Sex Wanted in Council

Moving Finger

Proposal of Soph Man Brings Finger's Reply

By Oliver Politicus

THE FINGER SUGGESTS:
1. No sophomore on council.
2. No junior on council.
3. No senior on council.
4. No sex requirements.

Provision for a sophomore on the executive council has been suggested by the executive committee of the constitutional revision committee. No action has yet been taken on the suggestion by the whole committee, and it remains a suggestion.

Before that action is taken the Moving Finger has its own suggestions to make. It agrees that student representation on the council should be increased, and has advocated that change in this column.

But it also agrees with earlier formal agreement of the entire committee that the student representatives are not delegates of the classes. They represent the student body as a whole.

The day of the student council is over. The executive council is to act and not to be subdivided into committees to inquire into the responses of each class, organization, fraternity, or society. It should keep closely in touch with students, but it does not need a member from the Order of the O, from Phi Beta Kappa, from Socks from Socrates, Oregon Knights, or Alpha Alpha.

The junior and senior finance men are so named because of their progression by seniority. If the junior man is advanced he becomes senior man, no matter what his class credits. The senior woman's name is a take-over from the old impotent student council.

Thus the Moving Finger suggests no sophomore, junior, or senior. Let them be elected within those years, but not as representatives of the classes. Let them be representatives instead of delegates. Let the new office increase

Lettermen Planning Barn Dance To Be Given at Igloo Saturday Night, April 12; \$1 Is Charge

Oregon may not be an agricultural school in name nor yet give agricultural training to its students, but these last are "agricultural-minded"—at least when it comes to dances.

The latest group to announce the motif of its dance as that typically found on farms is the Order of the O. Several fraternities have already signed up to give "barn dances" this term and while the athletes made plans for their dance last term, the decoration scheme was not announced until yesterday.

At the Igloo Saturday night of this week, starting at the usual dance hour, the Order will be hosts to the entire campus in an infor-

"Ma'm'selle Has Posey," Said Maestro to Jane Thacher

"Go back to America where you belong!" was the verdict often pronounced by the great piano teacher, Teodor Leschetizky, when timorous young musicians from the states, aspiring to his classes, played for him in Vienna.

But not such discouraging words greeted one petite young pianist from Michigan who played before the maestro. Instead, he exclaimed of her, "Ah, the mademoiselle has posey!"

She was Jane Thacher, now faculty member of the school of music, who has gained national distinction for her work as a virtuoso. She studied for years with Leschetizky and he pronounced her a great artist. Mrs. Thacher will appear in her first recital program since last spring Thursday, April 10, at the music auditorium at 8:15 o'clock.

Saturday Last Day To Enter Divot Contest

Handicaps To Be Given to Dubs; All To Have Equal Chance

SHORT IS NAMED HEAD

Trophies for Winners of Flights To Be Placed On Display

Campus golf enthusiasts of both sexes will be given a chance to match their skill in competition for handsome trophies in an all-campus handicap tournament which is being sponsored by the Oregon Daily Emerald and plans for which were announced last night, by Faulkner Short, who has been placed in charge.

Entry Blanks Required
Those wishing to compete must fill out the entry blank which is found at the bottom of this page and turn it in to the Emerald office by noon Saturday.

The qualifying round of 18 holes to determine the handicaps will be run off next week. This will give the dubs a chance to compete on an equal basis with those who are more experienced in the art of divot-digging. Short announces.

Ticket Price Reduced
Tickets admitting the entrants to the Eugene Country club course where the tournament will be held may be secured at a reduced price, at either the men's or the women's physical ed. offices.

The rules for the contest, as announced by Short, will bar members of the varsity and freshman golf teams from participating and it will also be required that all regulations of the club be adhered to. The regular U. S. G. A. rules will be followed.

The trophies which will be awarded to the winners of the first flights will soon be placed on display at the Co-op.
In announcing the contest Short urged that every student in the University, not a member of any varsity team, who has ever swung a mashie turn out. Under the arranged handicap all have an equal chance of winning the prize.

Law Library Increased

Twenty-four volumes of Encyclopaedia Britannica and a copy of the authorized version of the Holy Bible have been added to the library of the law school.

"Ma'm'selle Has Posey," Said Maestro to Jane Thacher

Eugene audiences have come to look forward to her recitals as events of deepest enjoyment and news of the Thursday night program has been received here with general interest.

In her concert work in both east and west states, Mrs. Thacher has had real ovations.
Press clippings from various appearances praise her as an artistic genius and comment on her excellent technique, power of interpretation and skilled musicianship.

One writer said of her: "Mrs. Thacher convinced her audience that she has brought her playing to a standard reached only by the chosen few."
"It isn't technique—if by that you mean the physical and mechanical part of her playing. It isn't interpretation—if by that you
