

Lemon-Yellow Diamond Artists Vanquish Columbia University Ball Tossers in Two Straight Tilts

Oregon Nine Downs Irish In Two Games

Saturday's Double-Header Scores Are 7-2, 11-1; MacDonald Hurls

Webfoots Boost List to Seven Straight Wins

Finding runs and errors even easier to make than hits, the Webfoot ball team humbled Columbia in both games of Saturday's double header, and concluded their list of pre-season games with seven straight victories.

Oregon won the first game 7 to 2, and the second 11 to 1. In each game the Ducks made more runs than hits, and two or three errors. In the first struggle, Reynold MacDonald hurled two for the Webfoots and Leon Eulberg started for the Irish.

Two Runs Start Scoring Eulberg disposed of two Webfoots in the first inning, then Gabriel doubled. An error allowed Kramer Barnes to get to second and Gabriel to score. Carl Nelson singled to bring in Barnes, and Oregon had two runs as a starter.

The Webfoots chalked up five runs in the fourth frame, clinching the contest. Eulberg pitched himself into much trouble. Hoag was given life on an error. Then Londahl walked and Andrews singled to fill the bags. MacDonald walked to force in Hoag. Londahl scored on Stevens' fly, the umpire being socked with a wild heave to the plate. Rabbit Robie drove in two more runs with a triple, and later tallied himself.

Irish Score on Double The Cliffdwellers kept MacDonald from getting a shutout in the seventh, or rather errors contributed by Barnes and Andrews did. Shely drove out a two-bagger, however, to help the Irish score their pair.

Ken Seales went the route for the Webfoots in the second game and pitched good ball. Herman started for Columbia, but retired under a Webfoot onslaught in the fourth, and Tony Arena took up the burden. Despite the fact that Tony has a big curve and is also a boxer, seven runs came in before the inning was over and Oregon had a safe lead. The Irish made their only run also in the fourth on three singles.

Spec Stevenson Wins Over Bain

Spec Stevenson emerged victor over Rudy Bain in a close divot digging contest Saturday. The match was a nip and tuck affair with Bain in the lead after shooting a string of birdies on the first nine. Bain lost his touch on the last nine to lose to Stevenson on the last hole.

Golfer Takes First Place On Frosh Squad

The match decided the race for number one position on the frosh squad which will meet O. S. C. next Saturday. Bob Neer and Bill Grigsby will hold down the third and fourth berths, respectively.

FINANCIAL STRAIN IN DEFERRED PLEDGING

(Continued from Page One) total fraternity membership on the campus is to be reduced one-fourth by eliminating freshmen, obviously the adjustment is going to be difficult.

Change Is Difficult The second objection to deferred pledging is the difficulty experienced in the transition from a promiscuous type of pledging to the deferred system. To make the complete change in a single year is extremely hard on the fraternity. At the University of Maine the problem was solved by making the transition period over about four years. Each year the number of freshmen the fraternity was allowed to pledge was reduced until in the fourth year second year pledging only was permitted.

At the University of Michigan, where deferred pledging and rushing was suddenly installed, there was an immediate storm of protest from fraternity men. Most of the objections to the new system failed to intimate either directly or indirectly that it would work a hardship on the fraternity. The objectors seemed, rather, to be fearful of the dire results to freshmen who would thus be deprived of the early university training gained through contact with a social organization.

Side Lines

By Harry Van Dine

Old Jupe Pluvius is again with us, to put a crimp in the training plans of the varsity baseball and track teams just before the opening of the conference season in each sport. The Webfoot nine will open against Oregon State at Corvallis Friday while Coach Bill Hayward's cinder path artists meet the Beaver tracksters in the annual relay meet here the same afternoon.

Both coaches have hopes that better weather will favor them for the next few days as the Webfoots need plenty of work. Hayward's men are in pretty good condition but they have to keep in shape. The varsity baseball board of strategy, composed of Bill Reinhart and Ray O'Donnell, are not satisfied with the showing of the Webfoots in their pre-season record of seven straight victories.

What the Oregon sluggers need most, to our way of thinking, is more hitting practice. While they are winning plenty of ball games they are not connecting solidly with the old apple. Errors by the opposing teams have contributed greatly to the total of the Webfoot runs and conference teams will not make so many misplays. One great consolation of the Columbia series was the way Ken Robie, half-pint shortstop, slugged the ball. He hit two nice triples to almost the exact spot in center field and they were good hits in any game.

The first game was featured by a good old back biting contest, with Tyler Christian, the ump, getting the worst of it. Here's how it all happened. With the bases loaded Stevens lifted a long fly to left. Londahl, who was perched on third, decided to make a break for home but the throw was too fast and he dashed back to third. Brennen, the Co-

lumbia catcher, in trying to cut us, put a crimp in the training plans of the varsity baseball and track teams just before the opening of the conference season in each sport.

It was a great afternoon, and the Webfoots seemed to doze on fourth inning rallies. In the first game Oregon pushed five runs over and in the second contest seven Webfoots crossed the platter. In piling up their total of 18 runs for the afternoon the Webfoots collected only 14 hits while Columbia garnered 11 hits and only made three runs. Errors made the difference.

Tyrell Lowry proved that he is still speed king of the Oregon track team in the varsity time trials on Hayward field Saturday afternoon. He won his heat in both the century and the 220 and turned in the best times of the afternoon. Lowry should be able to go under the ten-second mark in meets this year as he is in great form. Ralph Hill turned in good exhibitions in both the 880 and the mile run. He will give Mr. Kiser of Washington, a merry race for honors in the mile this year.

Russ Baker, senior athletic manager, wants more sophomore men to turn out for the baseball and track staffs. This is the first year that there has been such a great shortage of managers and it is surprising as the Order of the O voted recently to include senior managers in the membership of the lettermen's organization. Baker has a well balanced system worked out this year and there are ample opportunities for those interested.

TODAY'S GAMES

- Sigma Phi Epsilon-Beta Theta Pi.
- Friendly hall-Omega hall.
- Kappa Sigma-Sigma Pi Tau.

- Phi Delta Theta-Sigma Nu.
- Thursday's Games
- Theta Chi-Phi Sigma Kappa.
- Psi Kappa-Zeta hall.
- Chi Psi-Bachelordon.
- A. T. O.-S. A. E.

But it is possible that these fraternity men were more afraid of the effects of deferred pledging on the fraternity than of its effect on freshmen. This may not be the case, but it seems entirely plausible that the deep concern was a direct result of the financial embarrassment it was felt might be experienced.

THREE GROUPS TO SING FROM KORE TONIGHT

(Continued from Page One) ed to the "Emerald of the Air" directorate, to manage the women's musical numbers, promises that in the near future acts and talent from the April Frolic will be broadcast for the benefit of the campus at large, and especially for the men who were unable to see the show.

Art Potwin, director, urges that everyone tune in on KORE at 8 o'clock tonight, for the most colorful program so far presented.

Little Willie was lost the other day. They found him under the Saturday Evening Post.

The Famed

"Oregon mist" demands frequent shoe shines. And "Ted" has arranged it so that the special ticket rate cards are good until summer.

Yearlings Blank Pearpickers 17-0 In Seven Innings

Hughes Turns Back Old Team-mates, Allowing Only Three Hits

When the mud had stopped flying at the end of the seventh inning in the Frosh-Medford game Saturday morning, it was found that the frosh had 17 runs and that the Pearpickers had been all but annihilated. Therefore hostilities were ceased.

Jack Hughes, an ex-Medfordite himself, pitched for the yearlings and was hard on his fellow men. He fanned 11 and allowed only three hits. Jack Caldwell opened for the preppers, but was relieved by Montgomery. Neither one could stop the frosh, however, who made 13 hits.

Hughes' hurling was the feature of the game. Hugh Chapman and Carl Sandine did the heavy stick work for the first-year men, bagging four and three blows respectively. Chet Anderson slugged the ball for a triple which was the longest hit of the game. The Medford boys had trouble handling the ball in the field.

Starr Takes Two Firsts in Frosh Track Time Trials

Five Events Run Friday In Preparation for Annual Rook Meet

Final time trials for the Oregon freshman track team in preparation for the annual dual relay meet with the Oregon State Rooks were held on Hayward field Friday afternoon. The results of the events were as follows:

110 yards for the 440-yard relay—Paul Starr, first; Ed Boles, second; Don Siegmund, third; and Jake Stahl, fourth. Time—:11.6.

440 yards for the mile relay—Charles Dolloff, first; Lutchter, second; Milton Mauzey, third; Clifford Nash, fourth. Time—:54.2.

380 yards for the distance medley relay—Ed Hicks, first; John

Donut Water Polo Will Make Debut

Tournament To Be Headed By McCormick

Something different in the line of intramural sports, water polo, will make its appearance next week. The tournament will be under the direction of "Mac" McCormick, and will be either a round robin affair or straight elimination. For this reason the various living organizations are all urged to form new teams and enter the competition. If only a few entries are received a round robin schedule will be used while a large turnout would necessitate the straight elimination plan. The latter arrangement is more desirable since it adds to the competitive interest of any activity.

Arrangements for team entries may be made at the gym office this week, according to Mr. McCormick, and the drawings will be posted as soon as possible.

Call for Soph Men Issued By Athletic Manager

AN URGENT call for sophomore men to turn out for berths on the baseball and track managerial staffs has been issued by Russ Baker, senior athletic manager.

Under the present managerial system men turn out for managerial positions in their sophomore year. From their ranks three junior managers are chosen and one of these three men is chosen as the senior manager of the sport.

Senior managers are awarded managers' sweaters and are entitled to membership in the Order of the O.

All men interested in positions are requested to get in touch with Baker at the Bachelordon house.

Torrid Rounds Feature Day's Ping Pong Fray

Rubenstein Barely Wins From Page; Semi-Finals Today

Favorites in the annual intramural ping pong tourney survived the quarter final round played at the Y. M. C. A. hut Monday and they will enter the semi-finals today.

Several torrid rounds were played, with the last game between Max Rubenstein, defending champ, and Denzil Page going 13-11 before Rubie emerged victorious. Rubenstein played two sets yesterday, taking Page down the line in the morning encounter and then trimming Don Ragen during the afternoon.

Jean Eberhart didn't have to extend himself to beat Ron Lewis, 6-0, 6-1. Pat Pascua sunk John Crockett, 6-0 and 7-5.

Rubie had a battle on his hands before he disposed of Page with the scores of 9-7, 6-8, and 13-11. He beat Ragen 6-0, 7-9, and 6-2.

Scott Milligan will meet Pascua at 3 o'clock this afternoon and Eberhart will battle Rubenstein at 11 o'clock this morning. The finals will probably be played Wednesday afternoon.

Blinded Track Star Recovers Use of Eyes

Claire McKennon, varsity track star, who was stricken temporarily blind early Friday morning, as a result of exposure of his eye to a carbon arc heat lamp, has had the bandage removed from his eyes, and is able to see through dark glasses. His eyes still pain him, however. He expects to be in classes again today.

Dr. Hall in Portland

To present the annual budget of the University, Dr. Arnold Bennett Hall and his secretary, Miss Marian Phy, left yesterday afternoon for Portland to attend a meeting of the executive committee of the state board of higher education. In addition the president will look after other University business in Portland, and expects to return sometime Wednesday.

Who Wants To Live ON BLUBBER?

One of the scientific results of Stefansson's explorations in the "livable Arctic" was establishment of the fact that it is quite possible to live in health upon an exclusive diet of blubber.

The blubber seems to acquire a creamy, nutty flavor. Very agreeable, according to this intrepid investigator! After living upon it for some time the craving for a varied diet passes completely away. To this astonishing simplicity may all your tastes be reduced. But it would be retrogression of a most serious sort for humanity to revert to such simplicity.

In the Arctic, where Eskimos live in a vast wasteland, there is no progress. Progress depends upon ideas—fresh impulses—the stimulus of changing desires. Our modern progress has been stimulated to the greatest degree by means of advertisements. Daily advertisements awake new desires; and desires, capable of fulfilment, tend to diversify life, enrich it, and add considerably to its joyousness.
