

Seniors Lead Honors Group Boyer Shows

Changed System for Higher Qualifications Make Competition

27 Seniors Will Graduate With Honors in June This Year

The list of honors candidates for this year, which was released yesterday from the office of Dr. C. V. Boyer, chairman of the honors council, shows an increase of 50 per cent in the number of students working for honors with thesis. There are 36 students on this year's list, as compared with 24 last year. Twenty-seven of this year's students are seniors, and will complete their work in June. Only eight students graduated with like honors last year.

Dr. Boyer announced a change in the system of general honors competition which involves the establishment of much higher qualifications for the course. The new regulations provide that three related subjects be pursued for two years each, and oral examinations will be given to test the student's correlation of the courses at the completion of the work. Five students, three seniors and two juniors, are working for general honors this year.

The great increase in the num-

ber of honors students is attributed to the growing popularity of scholastic accomplishment within the University. Twenty-seven seniors working for thesis honors compares favorably with the eight who did this work last year. The number of senior general honors students remains the same.

Following is the list which Dr. Boyer sent the Emerald:

Gym Registration To Be Simplified For Winter Term

Chart To Enable Student To Arrange Schedule In Advance

Students registering for required physical education next quarter will find the matter a comparatively easy one as the department has posted an outline in the basement of the men's gym which has the activity, instructor, days, and hours of the sport listed. By this chart a gym schedule can be worked out ahead of time by the student instead of taking the only open hours left after he has signed for the rest of his course, often being forced to accept an activity which he did not wish to take.

Ten sports, formed into 60 activity sections, comprise the options from which one is to be picked. The sports are swimming, volleyball, handball, basketball, boxing, wrestling, tumbling, golf, fencing, and horseback riding. A person registered in an elementary course this term will enroll in one of the advanced sections. In addition men desiring to tryout for Sigma Delta Psi, national athletic honorary, can enter a special section under the direction of Russ Cutler. A multitude of sports will be taken up in this class with an aim of preparing the men for the requirements of the fraternity. Gym instructors directing the

You are able to purchase these in different shades, white on amber, maize on amber, and several others. McMoran and Washburn's have a very distinctive variety of toilet goods. Also the darling manicure sets in either leather cases or attractive boxes that can be placed upon your "vanity." These toilet sets are just the thing for the "girl-friend" and she will be able to cherish your gift a lifetime.

Quaint phrases, modernistic designs, block prints, and etchings—you will surely find the greetings that your friends prefer here. Oh, yes, and then there are the new Japanese prints, beautifully shaded and something that anyone would treasure. They have envelopes, too, so they can be mailed like other Christmas cards.

Gift Seekers

Are invited to visit Densmore and Leonard's, where the shoppers who have time enough to make careful selection of their gifts will always find the suitable article. Exquisite sets of lingerie in pastel shades either lace trim or tailored style. Darling silk pajama sets in the latest of styles. Then there are dainty notions such as handkerchiefs, fancy garters, linen handkerchiefs, and various others which will be so appropriate. Drop in today and see these Christmas gifts—"Sue" is positive you won't come out empty-handed!

Christmas Night

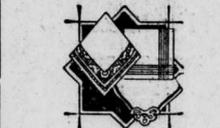

Or any other perfume would be just right if you had one of those new atomizers known as the Evans "Atomists" which Laraway's Jewelry Store have just received for their Christmas stock. They may be obtained in gold with blue or yellow enamel for \$10.00, silver with enameled medallions for \$6.00, or plain silver for \$4.50. If one doesn't look carefully they might be mistaken for a cigarette lighter, but with a slight turn of the knob automatically opening the lever to operating position, one will discover that perfume of your own taste will pour forth instead of a light. There's a limited number—so you'd better hurry and get one now.

Feminine Plural

Is the gender and number of the new styles. Fashion decrees. In other words, fluffy clothes are the mode, and what could be more suitable than a pair of dainty mules with fluffy feathers covering their toes? New imported Paristyle mules with real feathers can be purchased for—\$4.95! At Buster Brown's, on Willamette, of course. "Sue" advises a pair for "Her," whether she be blonde or brunette—she will adore them in her favorite shade! Then, too, lovely rhinestone heels for formal shoes make ideal gifts as Buster Brown's feature them.

Stop a Minute

In the midst of cramming for that final next week and give yourself a rest. Call 3204, the Sandwich Delivery, and order one of your favorite special lunches. It will be delivered in famous Delivery style, and how good it will taste! Then tackle the books again and notice how refreshed you feel. You can't be wasting time during such an intermission, because afterwards you are certain to get your work "down pat." Try it!

Forgotten Someone?

Then go into the U. of O. Ko-Ed Shop next to the College Side and you will find exactly what you want. The "Ko-Ed" has dainty linen and voile hand-made handkerchiefs with delightful designs; clever lamp shades in odd shapes and a variety of shades; cute soap dogs with the most begging look that a dog can give; wood costume jewelry which will complete the new outfit or make the old look new; silver cigarette cases with enamel designs, and then there's the silver finger cigarette holder; needle-point purses which will hold that "extra" change. Most any kind of a gift that you want you'll be sure to find at the "Ko-Ed."
