Educators, Civic Leaders Send Good Wishes To President

Trains, Airplanes, Wires **Bring Messages From** All Over Country

The unanimous response from educators and civic leaders in Oregon and all over the country to the information that Dr. Arnold Bennett Hall's fifth anniversary of service at the University was to be commemorated by the Emerald. testifies to the esteem in which he is held everywhere, both professionally and as a friend.

The letters, which speak best for themselves, came by air mail,

gon-Dr. Arnold Bennett Hall has never before. devoted five years of tireless acas Governor and personally to extend congratulations and good his services to our state.

Homer D. Angell, president, University of Oregon Alumni Association-As the spokesman for the Alumni Association of the University of Oregon, it gives me much pleasure to extend to Dr. Arnold Bennett Hall the congratulations of the Alumni on the completion of his five years of service to the state. They have been years of earnest endeavor and hard work, not unmixed with discouragements but full of achievement and promise, not only for the University but the state at large. My active participation from the outside in University affairs has given me an opportunity to measure to some extent the work Dr. Hall has done since coming to our state.

He brought to us a vision and an enthusiasm for the enlargement of the University's usefulness, founded on a breadth of experience and technical study, which has resulted in the rebirth of the

slight extent in this great program, the Oregon Dads feel very grateful and desire to compliment Dr. Hall for the effective work he has done, and congratulate the University for the outstanding results accomplished.

Mrs. P. L. Campbell, wife of the former president of the University of Oregon-I appreciate deeply the privilege of expressing my personal regard for President Arnold Bennett Hall, and for the tremendous work which he has accomplished during the years he has been with the University of Oregon.

His plans as outlined for the future are equally fine for the University and the State, it seems to me, and if he is given support and understanding aid, there is no limit to what may be achieved.

Mrs. Gertrude Bass Warner, by train, and by wire, some of donor of the fine arts museumthem arriving just before the Since our good friend, Arnold Benpaper went to press. They follow: nett Hall, has been our president, Julius L. Meier, governor of Ore- this University has prospered as

His energetic building, the Museum of Arts, and enthusiastic efforts for the which is to house the Oriental Colbenefit of the University have been | lection of Chinese and Japanese unremitting. It gives me pleasure art treasures and also the library in connection with them.

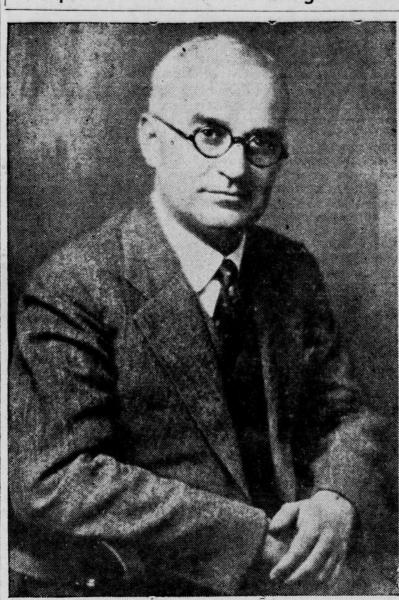

Is it any wonder that my enthuwishes on this fifth anniversary of siasm received a fresh impetus which resulted in my acquiring our greatest art treasures and our rarest books, since this great administrator was here to lend a hand in obtaining the funds necessary for the buildings? I am most grateful that he put forth the necessary, the continuous, and the unwavering effort to obtain this great tribute to President Campbell and Murray Warner.

We are all helped in our endeavors, by active expressions of gratitude, and when President Hall bestowed upon me the degree of Master of Arts in Public Service and had me appointed to the Pacific Relations conference, I felt that I had a friend who was expressing to me his appreciation of my efforts in behalf of establishing and maintaining relations of fellowship and friendship with our neighbors across the Pacific to the end that God's law of peace be established and maintained.

Completes Five Years As Oregon Head

Dr. Arnold Bennett Hall, President of the University of Oregon

The President and the Students

By VINTON HALL, Editor, Oregon Daily Emerald

A THE helm of the great ship, the University of Oregon, is a sturdy, dynamic man who is held in highest regard by every student. This man is Dr. Arnold Bennett Hall. His judgment is unsurpassed and students believe him ablest to carry them through the roughest of seas.

Elevating the standard of his educational institution and placing it in a position of deep respect among the schools of the nation, Dr. Hall extends his activities far and wide. He does not confine his work to the campus and yet he does not ignore his responsibility to the students. He is always willing to personally discuss the troubles of any student who may desire an interview. Seldom is other work more important to him.

Dr. Hall is a man who is capable of gathering all the loose ends of trouble, sorting them, and tying them in such tangible form that the students' battles are simplified. In a discussion with him the rough spots smooth out into mere nothings. A talk wih him leaves one refreshed and feeling fit-ready to face new problems. Every student who really knows and understands Dr. Hall is convinced that he is the man for the University of Oregon.

His integrity, soundness, and conscientiousness place him foremost in the hearts of his students.
