## Juniors-Seniors To Give Unique Dance

One of the outstanding events of the week-end will be the junior-senior dance to be given tonight at Coconut Grove. The hall will be transformed into a graveyard with the musicians dressed as skeletons in a huge coffin in the center of the room. Patrons and patronesses will be Mr. and Mrs. Burt Brown Barker, Dr. and Mrs. C. L. Schwering, Professor and Mrs. Louis Myers, Professor and Mrs. Kenneth Shumaker. Ferd Fletcher and Gordon Day will head the affair.

## Dr. and Mrs. Hall Entertain at Reception

Dr. and Mrs. Arnold Bennett Hall entertained at a formal reception Thursday night from 8 until 10 at Alumni hall for faculty and house chaperons. Dr. and Mrs. Hall and Dr. Earl Pallett, registrar of the University, composed the receiving line. Members from the various women's living organizations served.

## Sigma Alpha Epsilon Pledges Hold Dance

A Hallowe'en motif was carried out at the Sigma Alpha Epsilon pledge dance held at the chapter house last night. Pumpkins and cornstalks were used about the rooms and candles furnished the only light. Mr. and Mrs. Robert Seashore and Mr. and Mrs. William Tugman were patrons and patronesses. Philip Corrigan was in charge of the dance.

## Temenids Entertain Eastern Star Members

Members of the Eastern Star on the campus were entertained at tea by Temenids, Eastern Star honorary, at the Craftsman club last Sunday afternoon. The lounge of the club was decorated with autumn leaves. Mrs. E. D. Pattee presided at the tea table. Willametta Logsdon and Anna Evans were chairmen of the affair.

## Underclassmen of Sigma Pi Tau Give Dance

The underclassmen of Sigma Pi Tau will give an informal dance at the chapter house tonight. A Hallowe'en idea will be carried out in the decorations. Jimmy Ferguson is in charge. Patrons and patronesses for the affair will be Mr. and Mrs. John Stehn, John Allen, and Miss Florence Alden.

## Gamma Phi Beta Entertains Director

Gamma Phi Beta entertained at a formal dinner last night in honor of their province director, Mrs. Lucy Davidson of Seattle, Washington. The guests were Dr. and Mrs. Arnold Bennett Hall, Dr. and Mrs. C. L. Schwering, Mrs. Alice B. Macduff, Mrs. Bruce Bogart, Judge and Mrs. E. D. Pattee, Mr. and Mrs. D. F. Stafford, Mr. and Mrs. F. S. Dunn, Mr. and Mrs. Robert Betts, and Mr. and Mrs. John G. Rogers.

## Philelete Group Sponsors Friday Dance

Members of the Woman in Her Sphere group of Philelete sponsored a dance at the Lee Duke cafe last night. Decorations were carried out in the Hallowe'en motif, the programs being jack-o-lanterns. Miss Genevieve Dunlop, who is president of the group, was chairman of the affair.

## Phi Mus Feature Hallowe'en at Dance

Phi Mu held its pledge dance at the chapter house last night. The decorations were in keeping with the Hallowe'en season. Grotesque paper faces hung in the archways, black cats and bats and amber lights added to the atmosphere. Patrons and patronesses for the dance were Miss Sue Badolet, Mrs. Alice B. Macduff, Dr. and Mrs. Sante Caniparoli, and Mr. and Mrs. Kenneth Shumaker.

Misses Beulah Gore and Geraldine Hickson were the members in charge of the dance.

## Phi Deltas Give Informal Dinner-Dance

Phi Delta Theta is entertaining tonight at an underclass dance at the chapter house in honor of their pledges. The affair is to be an informal dinner-dance, carrying out the Hallowe'en motif. Small tables will be placed about the room, decorated with jack-o-lanterns.

Professor and Mrs. Daniel Gage, Mr. and Mrs. A. A. Rogers, and N. Thomas Stoddard will be patrons and patronesses for the dance. George Chamberlain is in charge.

## Phi Chi Theta To Give Formal Tea

Members of Phi Chi Theta, national commerce honorary for women, will hold a formal tea this afternoon in Alumni hall from 3 to 5. Alumnae and women interested in business administration are invited.

## Sigma Kappas Honor Pledges With Dance

The Sigma Kappa house was changed to a deserted house with skeletons, bats, cobwebs, ghosts, and weird lighting effects last night, when the members honored the pledges with a dance.

Patrons and patronesses for the dance were Mrs. Jennie Burrows, Mr. and Mrs. W. G. Beattie, Mr. and Mrs. Raymond Walsh, Mr. and Mrs. I. A. Mather.

Miss Geraldine Adkins had charge of the affair.

## Pledges of Sigma Phi Epsilon Honored

The chapter house of Sigma Phi Epsilon was transformed into a hunting ground for their pledge dance, held last night. Around the rooms were fir boughs and stuffed animals and hunting equipment. The den was changed into a hunting lodge, with snowshoes, guns, and animal skins.

The programs covered with black fur also carried out the idea. Patrons and patronesses for the

dance were Mr. and Mrs. John Rae, Dr. and Mrs. John R. Mez, and Mr. and Mrs. Louis Myers.

A feature during the evening was provided by Sing Harper's trio, and Harper's orchestra also provided the music. Fred Anderson had charge of the dance.

## Pi Lambda Theta To Give Founders' Dinner

Pi Lambda Theta, women's national education honorary will give a founders' day banquet at the Anchorage tonight. Victor P. Morris of the University faculty is to address the group.

## Formal Reception Is Held by Chi Omega

The patrons and patronesses of the affair were Professor and Mrs. Nowland B. Zane, Professor and Mrs. R. H. Ernst, Mrs. Frank Benson, Mr. and Mrs. L. C. Scharps. Miss Lois Scharps was in charge of the dance.

## The Heart Bomb Of Aunt Eppie

Dear Aunt Eppie: I seem to be losing my popularity with the women. Every day I seem to become more and more like poison. Yesterday I got a lot of nerve and asked one of my ex-flames why I was losing my popularity so suddenly. She replied that it had been circulated around the women that I tickled in the clutches. What would you suggest?

Yours truly,  
ADAM FUEL

Dear Adam: Your case is a very queer one and I hardly know how to advise you. Have you a little mustache, or do you grow a beard? Maybe your fingernails need clipping? Maybe it is not a tickle at all but the tingle you hot-blooded Spaniards cause when you clinch a woman.

As ever,  
AUNT EPPIE

Warren H. Chase, engineer for the Bell Telephone Co., has invented a pad on which to rest the telephone, which, when the telephone is lifted to be used, automatically turns off the radio.

#### Mystery at McDonald

S-s-swish!—and a lady loses her head; puff!—a human form disappears in roaring flames; then, a scream, darkness, a shot, and a murdered man topples to the floor; and the web of "The Spider," starring Edmund Lowe as Chatrand The Great, adds another strand to its mystifying plot.

The universal attraction of Black Magic is capitalized on in "The Spider," which has its entire setting on the stage. There are numerous spectacular stunts, but the use of these same occult, hypnotic, mind-reading practices as a medium for solving the perplexing death of a man in the theatre aisle, is unusual to say the least.

Impressionistic photography is used to advantage in this picture, particular stress being laid on shadows. Comedy relief is furnished by El Brendel, who never

Robert Montgomery in "Man in Possession," opening Sunday for two days at the Colonial.

tells a joke unless it is on himself. The rapid spinning of this plot gives Lowe little time to devote to Lois Moran, who plays the feminine lead.

"The Spirit of Notre Dame," thrilling football classic of the year, is coming to the McDonald for a three-day run Sunday. This great picture, which is dedicated to Knute Rockne, has Lew Ayres and William Bakewell in the starring roles. The famous "Four Horsemen" also appear in important parts. Declared to be the first football picture without a love story, it promises something different from its worn-out prototypes.

#### Joe E. Brown at Colonial

"Sit Tight" is the name of the new Warner Bros. comedy featuring Joe E. Brown and Winnie Lightner, but sitting is about the only thing these two do not do throughout the picture. "Sit Tight" is showing at the Colonial for the last time today.

Starting today, a matinee will be shown every afternoon at 2.

"The Man in Possession," starring the youthful Robert Montgomery in his latest film, is showing at the Colonial Sunday.

Harmony Hillbillies, three Scotch cowboys in a roundup of close harmony, will be seen and heard twice tonight at the Colonial, the stage presentation occurring at 7:30 and 9:30.

#### Tom Keene at Hellig

"The Sundown Trail," starring Tom Keene, opens for today only at the Hellig. "Honor of the Family," featuring Bebe Daniels, is coming Sunday.

#### Bill and Andy at State

"The Montana Kid," featuring that inseparable pair, Bill Cody and Andy Shuford, is showing at the State today only.

"Reaching for the Moon," starring Doug Fairbanks, is showing Sunday and Monday. Starring with Fairbanks are Edward Hardman and Bebe Daniels.

The second of a series of six Football-for-the-Fan features is an added attraction on the Sunday bill.

#### Frosh Tryouts Urged

Charlotte Eldridge, deputation chairman of the Westminster House freshman group, urges all freshmen interested in trying out for dramatic parts in a one-act play, to be present at Westminster House at 2:30 Sunday. This play, which is set for November 8, is the first of a series of plays to be given by this group in connection with the deputation work.

## The STUDENT CHURCH

Varied programs have been planned for this Sunday by the different denominational groups for University students. Bible study, present economic problems, the disarmament question and a play have been scheduled for both morning and evening meetings.

### Methodist

Frederick K. Davis will continue his impersonations of Biblical characters with "Caiphas, the high priest of intolerance." The University class meets at 9:45.

"Depression and Social Planning," a continuation of the discussion of economic problems, started last Sunday, will be the topic for the 6:30 devotional meeting of the Wesley foundation. Wallace Campbell, who spent the summer with J. Stitt Wilson in California, is to be the leader.

Following the church services a fireside hour at which Campbell and Rolla Reedy, who also worked under Mr. Wilson, will relate some of their amusing experiences in addressing groups of unemployed on the street corners of Berkeley. The meeting will be at 8:30.

### Congregational

The three questions to be discussed by the student forum at the Sunday evening session are: (1) What are the most important archeological discoveries made in Palestine? (2) What is cosmic evolution? (3) Why is the World Disarmament conference so important? The meeting is scheduled for 6 o'clock.

### United Lutheran

The "Reformation Lesson" is the subject for the Luther League. Grace Biestel will lead the meeting, which commences at 6:30. A social half hour will precede the devotional meeting.

## Huestis Studying Seasonal Color Changes of Mammals

As an aid toward understanding the phenomenon of color-change in the coats of certain mammals during the fall and winter, Professor R. R. Huestis, of the biology department is experimenting with and observing several deer-mice which he keeps in his laboratory next to the University infirmary.

Professor Huestis has at present, individual photographs of a family of five mice, three of which are unusually light in color, while the other two have normal markings. He stated that one of the light colored mice is beginning to acquire a much lighter hue. The cause of color change in the hair of many animals during certain periods is unknown to science. It is known, however, that the change is brought about through the absence of pigment in the new hair which replaces the old during the autumn and early winter.

One of the best examples of this coloration change is the Great Northern or Varying hare, sometimes erroneously called the "snowshoe rabbit." In autumn the coat of this hare, which is grey in summer, gradually becomes lighter in color until the animal sports a pure white coat by winter time, with the exception of its ear tips which remain black, and the hairy pads on the bottoms of its feet. The true "snowshoe rabbit" also undergoes the same change.

### Baptist

The Baptist young people have invited all University students to meet with them Sunday morning at 9:45 in the club room in the church.

Harold Ayres is chairman of the Baptist Young People's union meeting at 6:15 in the chapel. The Junior Baptist young people will present a play.

### Episcopal

"The Practical Value of the Doctrine of the Trinity" is the topic for the student council.

All students are invited to take part in the discussion. The group will assemble at 7 in the men's lounge of Gerlinger hall.

### Community Liberal (Unitarian)

Grace Farris will lead the roundtable discussion for the young people of the church. The group meets at the manse at 7.

### Presbyterian

The discussion of "Religion and Health" will follow the same theme as the lesson of last Sunday, for the upperclass group

### Christian

The Loyal Berean class, with Mrs. Robert M. Day, will observe "World's Temperance Sunday" in the morning discussion.

The Young People's Christian Endeavor will have its monthly consecration meeting. Ruth Orrick will conduct the consideration of "What Jesus Teaches About Faith in God." The meeting starts at 6:15.

### Central Lutheran

Sunday school at 9:45 and a fireside social hour at 6:15 have been announced by the pastor of the church.

## College-trained engineers revisit the athletic field

ON more than a hundred floodlighted fields, football is being played and practiced in the evening hours, before larger audiences than ever before—with fewer injuries and in better conformity with classroom duties.

This constructive revolution in athletics is largely the work of college-trained engineers— young men personally familiar with the needs of college and school. They are dedicating the technical experience gained in the General Electric Test Department to the practical service of undergraduate athletics—designing and installing floodlighting equipment for virtually every sport—football, baseball, hockey, tennis, and track.

Other college men in the General Electric organization have specialized in street-

lighting and floodlighting projects, or in the electrical equipment of industries and mines or of immense power stations; some are designing and applying electric apparatus to propel ocean liners and locomotives. All are engaged in the planning, production, or distribution of G-E products and so are performing a work of national betterment and creating for themselves recognized spheres of personal influence.

You will be interested in Bulletin GEA-1206, "The Light that Started Sports at Night." Write for it to the nearest G-E office or to Lighting Division, General Electric Company, Schenectady, New York
