

Grads to Have Own Luncheon At Homecoming

Reservations for 200 To Be Sold

Jeannette Calkins To Plan Meal at Men's Dorm For Saturday

Plans are well under way for the Alumni luncheon at Homecoming, says Jeannette Calkins, alumni secretary. This year, for the first time, the alumni are featuring a luncheon separate from the student affair at the Igloo. The alumni luncheon will be held in the men's new dormitory at noon on Saturday of Homecoming week-end. Only a limited number of places will be available, and therefore reservations must be turned in to the alumni office immediately in order to insure a seat, Miss Calkins said.

"The plan is not to have such a large luncheon," said Miss Calkins in discussing the affair, "but to have a group of representative alumni present. We have sent reservation blanks to all the alumni who have bought tickets to the O. S. C.-Oregon game, through the cooperation of Mr. Robnett of the A. S. U. O. ticket office. In addition we are notifying the alumni in Old Oregon, alumni magazine, of our plans and we expect to have all the reservations sold several days before Homecoming."

Committees To Further Plans
The Portland alumni committee on the luncheon, under the direction of Lamar Toozie, '16, held a meeting Tuesday noon at the Copper Kettle Tea Room to complete plans for handling the Portland applications for the luncheon.

The Eugene committee, of which Edward F. Bailey, '13, is chairman, has sent letters to many Lane county alumni telling them of the luncheon. Another meeting of the Eugene committee is planned for the first of next week.

Miss Calkins states that an effort is being made to hold the attendance at the alumni luncheon down to 200. Reservations have already stated to come in to the alumni office indicating the interest that the grads are taking in the event.

Tribute Paid by Dr. Hall To Dads' Day Committee

Officers of Group Say 1931 Event Unsurpassed

Tribute to the student committees in charge of the 1931 Dad's Day and the student body in general was paid by President Arnold Bennett Hall in a statement to the Emerald yesterday. He especially commended the courtesies extended to the Dads, many of whom were unknown to most of the students. Dr. Hall's statement follows:

"To the Students of the University:

"It was the unanimous judgment of the officers and members of the executive committee of the Oregon Dads that the last Dads' day was the most successful one we have ever had. It was the feeling of the executive committee, as well as of myself, that this was in large part due to the enthusiastic welcome extended to the visiting dads by the students themselves. My attention has been called to innumerable courtesies extended by students to dads who for the time being were unknown but who profoundly appreciated the spirit of hospitality and kindness which prompted it all.

"The students established a high standard of hospitality and met in a very gracious way their obligations as hosts to the visiting dads. I hope this growing spirit of generous hospitality will ripen into a true tradition on the campus that will gather strength and vitality through the coming years. It would be a charming experience for campus visitors and an enriching and significant development for the students themselves.

—Arnold Bennett Hall."

Drama Department Moves Shop to 1265 Onyx Street

The drama department shop is being moved from its old location in the rear of the Architecture building to more commodious quarters at 1265 Onyx street.

An old residence at that address has been renovated in order to give more room for building scenery than the old location provided. Besides being cramped for floor space, the old workshop was not high enough to permit the construction of the taller sets for various plays. The new location overcomes these deficiencies.

Affiliated Men Favor Open Library on Friday Nights

Hall and Town Men Expected To Vote Today

Fraternity men at the University unanimously voted in favor of open libraries for Friday night, at the meeting of the interfraternity council Tuesday. Choice of hall and down town men will be expressed today.

The question of whether they favored open or closed library was presented to the council on the request of Brian Mimnaugh, president of the associated students. A motion was made that the group favor the open library and it was adopted unanimously.

The presidents of the groups, acting on the story in the Emerald yesterday morning, had determined the consensus of opinion in their respective groups before the council meeting.

"This group represents approximately half of the men students on the campus," Mimnaugh commented. "The Pan-Hellenic council and independent groups are to vote on the question also. This way it is expected to get a cross-section of the student feeling on this matter."

When the standing of all groups has been determined, Mimnaugh plans to present the opinion of students to the library committee. It is expected that a decision by the committee will be reached by Friday afternoon.
