The '32 Trojans. They Look Good. Orv Mohler Back.

By DICK NEUBERGER THE University of Southern California will have another great football eleven this year. Make no mistake about that. The Trojans aren't through yet. They may not be as uniformly formidable as the team that scored 16 points on Notre Dame in 12 minutes, but they will be strong enough to carry the Theta Chi, SPT, Kappa Sig. fight to every opponent they meet. Southern California's power was in its line last fall, and the majority of the members of that bruis-

ing unit will return this autumn. Only in the backfield will the Trojans suffer from lack of experienced men. Every position on the line will be taken care of by veterans. There's Ray Sparling, the rangy junior, for one end. The other wingman probably will be Johnny Seixas, a freshman. Several varsity reserves will be back, but Johnny's so good that he's virtually a certainty to play at Garrett Arbelbide's old position.

The tackles will be Ernie Smith and Captain-Elect Raymond Brown. They were regulars last fall when the Trojans dashed to an undisputed national championship. The guards will be Larry Stevens and Aaron Rosenberg, the lads who had Johnny Baker, an all-American, sitting on the bench almost half

Curtis Youel and Frank Williamson, understudies to Captain Stanley Williamson last fall, will return to play center, but neither may see action. Tentative plans at Troy have Bob Erskine groomed for the pivot post. Erskine was a 200-pound subtackle last year, so there should be no lack in weight in the center of the line.

Now let's look that over once 15-5.

End-Ray Sparling, 180. Tackle-Ernie Smith, 220. Guard-Rosenberg, 200. Center-Erskine, 200. Guard-Stevens, 205. Tackle-Captain Brown, 210. End-Seixas, 187.

Who said the Trojans would be shattered? The Oregon lads who played last autumn will tell you that the big boys mentioned above are nobody's playmates.

Behind this line, however, will crouch a backfield which will have to improve considerably before it | Cal is as big as Erny, but lacks can equal the quartet that powered the Trojans to national su- gressiveness. premacy last fall. Mohler didn't get into the game until the other team was on the run. That makes a considerable difference. This year... he will have to depend upon his own efforts to tire the Trojans' adversaries. There's no doubt that Mohler is as elusive as a phantom in open territory, but

Six volleyball teams triumphed yesterday in the intramural tournament to add wins on the right side of their ledgers. The victors were La Casa Filipina, Alpha Tau Omega, Sigma Nu, Kappa Sigma, Theta Chi, and Sigma Pi Tau.

The Filipino volleyball sharks ran into a little difficulty in their first set with Chi Psi but won the second session handily to chalk up a 15-12, 15-1 win. In an uninteresting contest, the ATO volleyballists conquered Friendly hall in three sets, 15-8, 12-15, 15-7.

Theta Chi, demonstrating the beneficial effects of competition on the improvement of a team's ability, defeated the Phi Psi volleyball team, 15-12, 15-8. The Sigma Pi Tau six had no difficulty in suppressing an Alpha hall threat, with the result that the dorm players went down to defeat, 15-5, 15-6.

> No, the Southern California backfield this year will not be as strong as that of last. The line, however, should be equally as good, if not better, than that of 1931, so there's no particular reason why Mr. Howard H. Jones should wear sack-cloth and ashes. He had better save such a demonstration for 1933, when practically everything he has this year will graduate. Then there will be wailing and weeping within the walls of Troy.

Oregon is fortunate in meeting Southern California this year one week after the Trojans battle California. However, it's six of one and half a dozen of the other, for the Webfoots go south only a week after the traditional civil-war encounter with Oregon State. The game will be played in Los Angeles. That's another advantage for the Trojans. They're always better on Los Angeles turf than Pacific Northwest mud.

Captain Windy Calkins and Hank Levoff are in second and third places with 55 and 51 points each. Ken Fagans, Oregon State forward, is fourth with 50. Oregon and Washington have played eight games, however, to six for Oregon State and Idaho, and five for W. S. C.

Spook Robertson, Oregon forward, is tied with Pete Wicks and Paul Grenier, of Idaho, for the "bad boy" honors with 17 personal fouls apiece.

Calkins leads the division in foul conversions. So far he has thrown in 27 shots from the foul line. The scoring leaders:
