It said Heartly Anderson, successor to the late great Knute were detrimental in that they some series of bouts when he anwould lessen the value of small players.

Although it is difficult to reccollect any small men playing on Mr. Anderson's team last autumn, his opinion merely presents another side of the situation. Then Doc Spears said he thought rigid enforcement of the than new rules, and emphasized the need for clarification of the additional regulations.

Following these outbursts, criticisms from practically every noteworthy coach in the nation began to crowd the wires. Pop Warner at Stanford, Navy Bill Ingram at California, Slip Madigan at St. Mary's and Clipper Smith at Santa Clara added their voices to the hue and cry. From the middle west came loud and lusty complaints from Dick Hanley at Northwestern, Glenn Thistlewaite at Wisconsin and Ike Armstrong at the University of

**Minturn Loses** Spears Calls for Upperclassmen Close One To

ence W. Spears, head football coach, yesterday issued a call for all upper-classmen who are candidates for the 1932 varsity squad. It is not compulsory to turn out, Doc Spears explained, but all sophomores, juniors and seniors planning to contest for positions would do well to join the group of 35 freshmen who began outdoor practice last night. Suits will be issued at McArthur court to all men who turn out. The time is 3:30 as usual. The freshmen spent last night going through plays and drilling in fundamentals.

To Attend Faculty Picture

**Geology Students Urged** 

Smiths' Talk on South America Postponed to Later Day

All students in geology, geograohy or allied courses are particularly urged by Dr. Warren D. Smith to see the faculty club pictures at the Colonial this afternoon. Dr. Smith, who is head of the department of geology, saw the shows, "Pompeii" and "Lost Gods" at a special preview yesterday afternoon, and declared that both of them are highly interesting and authentic. "Pompeii" is but a single reel, but it graphically depicts the ancient city. "Lost Gods," the feature picture, is the record of an expedition into the ancient civilizations of Carthage, Utica and other regions of northern Af-
