## THANKS LECTURERS

To the Editor:  
Now that the faculty lecture series is completed perhaps a few words of appreciation from an attending citizen of Eugene would be appropriate. To say that I appreciate them is hardly sufficient, for somewhere in the back of my head I feel an obligation to the University administration and especially to the lecturers, who so assiduously and charitably devoted their time for the benefit of the public weal.

As an interested member of the audience, however, I have a criticism which I cannot help but express. Considering that the lecturers were supposed to be for an audience considerably above the norm, the fact that a lecture is read to an audience may be for the best interest of some, but for myself, and I think I speak for the majority, this seems to be rather stilted and difficult manner of presenting that for which the lecture was intended.

In saying this, I feel as though I am another one of those knockers who is always vain enough not to hold his tongue and does not appreciate the efforts of others. This is not the case, however, for I realize a written lecture often takes more time to prepare than an oral one, and credit is due him who is so industrious.

In closing, I wish to apologize for my criticism and thank you for your cordial invitation to the townspeople.

—JOHN B. SMITH.

## Bellinger Again Calls for Oregona Campus Pictures

AN URGENT request for pictures for the snapshot section of the Oregona was issued yesterday from the Oregona office.

Snaps have so far been coming in very slowly, and inasmuch as eight pages are to be filled, all students who have pictures of students or campus scenes are asked to hand them in at the Co-op store office immediately, according to Jack Bellinger, school year editor.

## Montana Debate Squad Will Meet Oregon Tonight

Congress Club Will Hear Campbell and Reedy Defend Affirmative

"Should the government control industry?"

That will be the bone of contention between the representatives of the University of Montana and the Oregon speakers in the debate to begin tonight at 7:30.

The contest will be given before the Congress club in the hall above the University Co-op.

The question as formally stated and of which Oregon will maintain the affirmative is: "Resolved, That congress should enact legislation providing for the centralized control of industry."

The Oregon team will be made up of Wallace Campbell and Rolla Reedy.

Although the contest will be non-decision, the cross-examination system will be used. Each speaker will be allowed to speak for a 12-minute period. He will then be required to submit to a six-minute questioning by a member of the opposing side. The rebuttals will be of six-minute duration.

Another distinctive feature of the meet will be the usage of the conference style of debate which was inaugurated by the speech division in a freshman debate two weeks ago.

Curly brown hair, athlete's shoulders, the real Barrymore profile. He says that he and the Chi O's are just like this anyway. (X). He's willing to learn, and, well—he's real willing—

## SPRING POLITICS HANG IN BALANCE TODAY

(Continued from Page One) the results will affect every living group.

"The session this afternoon will do much to show the campus just how campus politics and student government operate. Out of the crowd on hand this afternoon we hope to develop a large group of students who will be interested enough to continue these discussions and help us reach solutions of the many problems which now confront the Oregon student body—questions of budgeting, of finance, of athletics and publications.

"If the campus wants good student government, it must back the student administration. The reception accorded the discussion today will spell victory or defeat for our plans for an awakened, active, cooperating student body."

## MUSIC PROGRAM SUNDAY AFTERNOON IS PLEASING

(Continued from Page One) ed the choir and soloists exceptional opportunities; and was a sure-fire public attraction. The Mendelssohn work, less florid, was built on a striking four-note theme, and worked to a full climax. Yet there were dull moments, in spite of the efforts of the conductor to keep the music moving. The chorus, the orchestra, and the soloists did their work consistently, but high-pitched enthusiasm was not written into the score.
