

## Nobody's Business

By BRUCE HAMBY

FOR the past three days I have been hunting for my little friend, the eminent Crystal W. Ball. Every member of the sport staff searched the nooks and crannies of the campus but no Crystal. It's really a shame for his predictions on the Oregon - Washington games might have been valuable.

Maybe he's wise at that, for personally I'd hate to pick the winner. Remember, Washington State is a favorite. Their pre-season record warrants that. They defeated Oregon State once and having seen Oregon State play this season I know that the Cougars must have a team to do that. But also remember what happened last year. Yes, it's easy to understand why Crystal is holding out on us.

Oregon's chances to win rest on one big factor. If the boys drive in hard and don't let up the Cougars may find themselves on the short end of the score. Did you notice how Ashland wilted in the second half after the Webfoots had kept banging in during the first period. They took the game away from them at the very first and didn't let up.

One thing you can be sure of. Cap Roberts and Gib Olinger will not let down. The loss of Kermit Stevens is sorely felt in this matter for Stevens is a fighter from the word go. That's the reason he's on the bench now. In the first game of the local series with the Sons he suffered a severe knee injury that will keep him off the floor until next week's series with Washington.

If Spook Robertson gets off the well-known dime and plays the ball he is really capable of he may turn the tide. Jim Watts always plays consistently and can be depended on both offensively and defensively. The fifth member of the starting lineup, Bob Miller, should be able to take care of himself. He will have the honor of taking care of Roland Johnson, the tall sharpshooting ace of the Cougar squad. Miller is big and aggressive. His only handicap, according to Bill Reinhart, is small hands. His small paws made it hard for him to be a first-class passer.

One interesting fact about the Washington State quintet: every member of the ten-man traveling squad is a native of the state of Washington. Three come from Spokane, two from Seattle, two from Walla Walla, two from Mount Vernon, and one from Ritzville. Bobby Cross, two-year letterman forward, is the pride and joy of Ritzville, which, Ned Simpson tells me, is near Pullman.

Today's depression story: The University of California will not send their crew to the Poughkeepsie regatta. One hour later the story came from New York that the Poughkeepsie regatta might not be held this year. Withdrawal of several annual entries was given as the reason.

For the benefit of those who didn't read the tale in the Portland Journal we take time out to repeat one of the several humorous incidents which happened on the Louisiana trip. There are many others but unfortunately they can not be printed in the unweeekly Emerald. Calling a four-day-a-week paper a daily is not the only thing the post office fines one for.

Anyhow, the story goes that while in El Paso, Texas, Prink Callison ordered the Webfoots to lumber up on the station platform. Members of the U. C. L. A. team, traveling to Florida on the same train, watched with some interest. Only one of them loudly commented on the slowness of the Oregonians.

Mike Mikulak overheard—even though the Uclan was speaking English—and retorted gently that the California was slightly balmy. To make a long story short, the

## Five Indians Were Enough For 'Old Fox'

### 'Pop's' Teams Couldn't Be Beat, Says Bruce

#### Thorpe Wins Eight Events To Put Meet on Ice for Warner's Tracksters

By EDWARD J. NEIL  
NEW YORK, Jan. 12—(AP)—Dr. Harold Ansen Bruce, a brisk, dapper man and member of the amateur athletic association high council, held the floor, and the subject was the return of a famous son, Glenn Scobey Warner, to the coaching ranks of the East in general, and Temple university in particular.

"You youngsters," he said, "don't know the real 'Pop' Warner. He's slowed up some now. . . . But I can tell you. . . ."

Whereupon Dr. Bruce moved in to the past to add to the legends that surround the name of the great football leader of Cornell, Georgia, Carlisle, Pittsburgh and Stanford.

The story goes like this: Homecoming day approached at Lafayette in 1909, and it was up to Dr. Bruce, coaching track there, to top off a banner day of days with an outstanding attraction. He thought immediately of "Pop" and his Indians at Carlisle, not far away.

"For \$400," said Pop, "I'll bring the boys over."

Broke Then, Too!  
That was a staggering sum in a day when \$35 was a large guarantee for a track meet. But Dr. Bruce wanted the Indians. He begged what he could of the school funds. He chipped in what he had. Finally he canvassed the sports of the town. On the basis of the magnificent attraction he finally got up the dough.

Nervously Dr. Bruce met the train bearing "Pop" and the Indians into Lafayette the day before the meet. He had to see for himself \$400 worth of talent arriving. The consequences otherwise were too gray even to consider.

#### Five Indians Come

"Pop" climbed down the forward steps of the train and there was ONE Indian with him. Lazily TWO others stepped from the second car. TWO more appeared at the rear of the train. Dr. Bruce's temperate rose precipitously.

"Hello, 'Pop,'" he said, trying to make it a hearty greeting. "Where's the team?"

"Don't worry," said "Pop," "they'll be here. Let's go eat."

Words, just words, couldn't save Dr. Bruce's peace of mind. All day he pestered "Pop" for information. All day "Pop" was evasive.

Where Is the Team?  
In desperation Dr. Bruce went to the college president and explained the situation. The president gave definite orders, the gist of which was:

"Find out immediately where is that Carlisle track team."

So Dr. Bruce, perspiring freely, came back to "Pop."

"Please, 'Pop,'" he begged, "where's the track team? I've got to know."

"They're here," said "Pop." "You saw them get off the train with me."

"You mean those FIVE Indians?" gasped Dr. Bruce.

"Sure," said "Pop" complacently. "We only want to win the meet, that's all."

Dr. Bruce heard the last words but faintly, as if from a great distance.

#### Thorpe Wasn't So Slow

The next afternoon Warner's five met 42 members of the Lafayette track team. Jim Thorpe won eight first places, and finished second in the 100. Two Indians named Arquette and Tewanima finished one-two in the half mile, mile and two miles, both running the latter under ten minutes. Shenandoah won the quarter-mile by almost that far. The fifth Indian, named Johnson, finished second in about everything else. The Indians won the meet, 71 to 31.

"For years," concluded Dr. Bruce, "we staged meets with the Indians. We never licked them, no matter how few they were. Once we tied them, 56-56."

"We would have lost then only an Indian named Houser refused to throw the discus. He laid down on the grass and refused to get up. Even 'Pop' couldn't budge him."

"No, 'Pop,'" said Houser, "I won't throw for you today. You haven't been treating me right lately."

Uclan offered to wager \$10. Mikulak managed to scrape up that amount.

Both the contestants were put on the mark and ran 100 yards in their street clothes. The Oregon player won by \$20 feet.

## Paul John Schissler, 1924-1933.

Following the resignation of Pop Warner, P. J. Schissler, head football coach at Oregon State college for nine years, enjoyed the title of "Dean of coast conference coaches" for nearly a month. But last week he handed in his resignation. His record for the nine years was 17 victories and 27 defeats, which did not satisfy Orange supporters.

## My Greatest Thrill in Athletics

By BILL MORGAN  
(As told to Ned Simpson)

I CAN'T quite make up my mind which was the bigger thrill—the New York U game in 1931 or the East-West game that I just played in on New Year's day. The former was thrilling because it was unexpected, while the East-West struggle packed a kick because in it I had my first chance to play opposite an all-American who played the same position as myself.

In the East-West game we were trailing one touchdown at the half. Coming out at the start of the third quarter things began to pick up for us and before we knew it, Hank Schaldach—who, incidentally, scored all 21 of our points—punted out of bounds on the East's three-yard line. Right there we called our "hop-ta-diddy" play, in which each linesman took care of the man opposing him and prevented him from going down under their punt. This sure did fuddle them up, and Schaldach ran that kick right back to their four-yard line. From there we punched it over on an off-tackle smash.

The big thrill in this case came from the realization that we could shove this gang, mainly composed of all-Americans, anywhere we wanted—that we could score on them again and again. This feeling was strengthened by the fact that they had more or less shoved us around the first canto.

Elmer William Morgan, captain of the 1932 Oregon team, started on the path to fame as a member of Prink Callison's state championship Medford high teams back in 1926-7-8. Coming to Oregon in 1929, Bill—as he is better known—played two years under "Doc" Spears, and finished up his varsity

### Yesteryear

Wednesday, January 13, 1932

In a thrilling second-half rally, the Webfoot hoopers trounced the Cougars of Washington State, 42 to 29. The game was played on the losers' maple floor in Pullman.

At a meeting of the A. S. U. O. council, it was thought that golf and tennis may have to be removed from the list of varsity sports, due to the necessity of slashing the A. S. U. O. budget.

Hank Levoff, star Webfoot hoopster, is the leading basketball scorer in the Northwest loop.

Donut handball artists continued their activities yesterday, when the Yeomen beat the Fijis and Friendly hall the Pi Kaps. Both matches were hard fought and close.

### CLASSIFIED

LOST—Pair Ful-Vue glasses, silver rims, in dark blue case. Reward. Phone 1187-3.

LOST—Black topcoat in Commerce Thursday. Reward. G. T. Anderson, Zeta hall.

## Frosh Slated For Hoop Tilt With Yeomen

### Yearlings To Get Initial Test Saturday

#### Independents To Have Strong Lineup To Battle Rogers' First Year Quintet

By JACK CHINOCK  
Red Rogers' freshman basketball team meets its first big test next Saturday afternoon, when it meets the Oregon Yeoman quintet at 4:00 o'clock at the Igloo.

The Yeoman five won the intramural basketball championship last fall, trimming the Betas, 25 to 21, in the finals. They present a well-balanced line-up that the frosh will find it hard to break through. The ineligible freshman hope, Wright, a freshman himself, will start at center for the Yeomen. Another star, Chatterton, captain and forward, is expected to give the yearlings plenty of trouble.

#### Harcombe Frosh Center

Against this line-up of stars, Rogers will test his men under fire. The center call will probably go to Bill Harcombe, who is the only freshman tall enough to have a chance of getting the tip-off from Wright. Sanford, all-state guard from Salem, is sure to start at one of the guard positions, probably opposite Chatterton.

"Stew" Milligan, of freshman football fame, gets the call for the other half of the back court. He will be acting captain for this game, as no regular captain is to be elected this year. Stroble, star forward, will start in one of the forward berths.

The other forward will probably be Hampton, who has been switched from center to forward, although there is a chance that Pete Buck may start. Hampton has the advantage of height, while Buck is just a little faster.

The game should be close, for the teams are very evenly matched. The Yeomen have the advantage of more experience and of having played together longer. Also, they have had plenty of real competition. The frosh, though, have had more practice recently, and have been working on plays. This will do much to overcome any advantage that the Yeomen may have. How the freshmen use the things they have learned will have much to do with the outcome of the game.

### Probable lineups:

Frosh	Position	Yeomen
Stroble	F. (C)	Chatterton
Hampton	F. (C)	Kjenesness
Harcombe	C.	Wright
Milligan (C)	G.	Watson
Sanford	G.	Inman

### Today's Schedule

4:00—Phi Kappa Psi vs. Sigma Alpha Mu.  
5:00—Alpha hall vs. Phi Gamma Delta.

All of yesterday's handball games ended in one-sided scores. The Chi Psi quartet gave the La Casa Filipina boys a through beating, while the Yeoman team repulsed the Delta Tau Delta aggression in a like manner.

The Chi Psi team composed of J. Travis, W. McCall, J. Wells, and J. Grady took a clean sweep from the Filipino boys, winning the first singles 21-2 and 21-1; the second singles by the forfeit route; the doubles 21-2 and 21-1. La Casa Filipina was represented by E. Oegmpo, H. Manano, B. Anastasio, and V. Espirito.

The Yeoman boys repeated the performance of the Chi Psi team by winning the first singles 21-2 and 21-3, the second singles 21-9

### Mueller Will Address Socialist Organization

The Socialist club will be addressed by Professor John Mueller, who will discuss "Is America Socialized?" at their next meeting.

The meeting held last night was a business meeting in which the future plans of the organization were discussed.

## Ready To Go

Bob Cross, Washington State college forward, who appears on McArthur court tonight against the Oregon Webfoots. He is one of the Cougars' leading scorers.

## Students Present KOAC Musicales

Beginning last night's 8 o'clock radio program over KOAC, Victor Bryant sang Franz's short melodious "Maedchen mit dem rothen Muedchen" and one of Schumann's loveliest compositions, "Die Lotoslumme."

Edith Grim, pianist, presented Bach's "Fantasy in C-major." Her second number, "Rigaudon" by Raff, was of a light spritful character.

Two Chopin numbers, "Nocturne in F-major" and "Scherzo from the B-minor Sonata," concluded Miss Grim's part of the program. Mr. Bryant finished the program with Rasbach's "Wanderer's Song," a musical expression of the wanderer's yearning for the sea.

### Seniors of High School To Give Play Saturday

The senior class of the University high school will give the comedy, "The Queen's Husband" Saturday evening at 8:15 in the school auditorium. It is being directed by Donald Confrey.

The play, from the pen of Robert E. Sherwood, has just finished a run in San Francisco by a London company and was termed by critics as "the hit of the bay region."

## SIGMA DELTA PSI HAS NYE AS NEW CHAPTER MEMBER

### National Athletic Honorary Open To All Who Pass Series Of All-Around Tests

The latest all-around athlete to win his entrance into Sigma Delta Psi, national athletic honorary, is Clarence H. Nye. Nye not only won his membership, but also shattered a long-standing record in one of the events, the football punt.

Sigma Delta Psi, according to Russell K. Cutler, head of Oregon chapter of the honorary, is open to any student on the campus who can pass a number of tests which are necessary for entrance qualifications. Athletic awards, won in any major sport at Oregon, may be used as a substitution for one of the events. With this method many athletes who have not previously tried for the honorary may become members.

Nye's record-breaking event, the football punt, in which he kicked from a standing punt formation, was for a distance of 60 yards and 2 feet. In all the other events Nye was among the leaders.

Nye's individual records follow:

Event	Nye's Mark
100-yard dash .....	11 1-5 sec.
120-yard low hurdles ..	15 4-10 sec.
High jump .....	5 feet
Broad jump .....	17 feet 6 in.
Shot put .....	29 feet
Football punt .....	60 yards 2 ft.
Javelin throw .....	136 feet
Mile run .....	5 min. 45 sec.
20-ft. rope climb .....	10 1-5 sec.
100-yard swim .....	1 min. 23 2-5 sec.

## Norris Returns From Eastern Science Meet

W. V. Norris, professor of physics, has just returned from the East, where from December 27 to 31, he attended the annual convention of the American Association for Advancement of Science at Atlantic City. He was the only Oregon representative among the 4000 present.

The main feature of the convention was a discussion of a new discovery concerning cosmic rays, which will have a decided effect upon the present much-talked-of technocracy.

While there, Professor Norris visited Columbia university and the University of Chicago, investigating research problems at the latter. He also stopped in Washington, D. C., for a short time.
