Day Editor This Issue—Doug Polivka.

The Oregon Daily Emerald, official student publication of the University of Oregon, Eugene, issued daily except Sunday and Monday during the college year. Entered in the postoffice at Eugene, Oregon, as second class matter. Subscription rates \$2.50 a year.

ASUO President Makes Statement

To the Editor:
The stories that have recently appeared in the Emerald stating that the executive council had cut the Emerald to four days a week apparently are due to errors in reporting.

In order that the students may know what the executive council did, the minutes read, "It was moved, seconded, and carried that the recommendation of the finance committee be accepted and that Plan 2 be adopted with the exception that the budget surplus of \$840 be distributed between track and baseball, and these sports be continued with intercollegiate competition."

Concerning the Emerald, Plan 2 merely stated that the budget figure be reduced from \$12,361.50 to \$10,352.59. There was no statement made as to the number of issues.

There were obviously several possible methods of taking care of the cut, including the reduction of the number of issues per week, reduction of the number of weeks published, reductions in salaries given to staff members, and combinations of these. If the second method were chosen, it would mean that about three weeks' publications would be cut from the spring quarter.

It was assumed that the easiest and most obvious way to comply with the reduced budget was the reduction of the number of issues per week. But of the publications committee and the Emerald staff desire a paper issued five days a

week, it is immaterial to the executive council so long as the reduction in expenditures are provided for.

It might be added that the percentage cut for the Emerald is LESS than any other major activity except football, as it shown by the following figures showing percentage of cut:

- Concerts 99.4%.
- Baseball 43.4%.
- A. W. S. 40.0%.
- Oregana 37.6%.
- Track 36.4%.
- Canoe Fete 29.5%.
- W. A. A. 26.0%.
- Basketball 27.6%.
- Athletic fields 50.0%.
- Forensics 16.7%.
- Emerald 16.3%.
- Football 16.2%.

Although these cuts are drastic, the executive council is gratified with the spirit of cooperation which students connected with these activities have shown.

BOB HALL,
Pres., A.S.U.O.

Assault and Battery

by Parks Hitchcock

WE see Bob Hall, versatile student body president, is in charge of the vod-vil acts for the Krazy Kopy Krawl tonight. He ought to have obtained a lot of valuable experience from handling the executive council.

Found out at last where they print the examination papers. It's right next door to the University press.

A man named Domas, Isaiah Domas, runs the place. No relation to the author of the "Three Musketeers." They've got two mimeograph machines, one multi-graph, and one "little" machine. Run pretty fast, too. Turns out about two sheets a second and if you don't think that's fast, try it. They've got a sorting table that just turns around and around all the time. Doesn't seem to go any place, just turns like one of these new rotary cafeterias. Doesn't cost anything to ride, though.

Said they'd heard a lot about exam paper robberies ever since somebody stole the Zorn-Macpherson petitions, but that nobody had ever been caught. Lucky.

We see the paper is back on a five-day basis. Like the fifth card in a stud hand, it's this one that counts.

We see the frosh commission is going to sell apples in the near future. At ten cents an apple we'd rather pay the doctor bill.

Emerald Of the Air

The regular "newspaper of the air" with latest dope on the paper-printing controversy will come to you today at 12:15 on the Emer-

ald-of-the-Air program over KORE.

Watch this column. Something might happen—how do we know!

Five in Infirmary

The epidemic of the grippe seems to have gone its way at last. Only five students are now in the infirmary; they are Gene Way, Charles Clay, Douglas Pelton, Joseph Deming, and Duncan York.
