

Nobody's Business

By BRUCE HAMBY
TWO days ago I started a yarn about "Long Tom" Pickell, former all-American basketball center at Arkansas and now starring for the Wichita Henrys, national champions.

When I first noticed the above story about Pickell I rewrote it only for the freakiness of the shots, never thinking that anyone here might know of him.

While we're clearing up odds and ends, here's the remainder and most important part of the story about Mikulak winning ten (10) dollars on the way to Louisiana.

Along with Watts are Kerm Stevens and Ed Kunkle, who, according to Bill Reinhart, will not get in either of the games this week-end.

Reinhart stated last night that he would be able to determine tonight if either Stevens or Kunkle will be able to play.

Leading the invading Huskies is Johnny Fuller, all-coast forward and high scorer in the double slaughter of Idaho last week.

The guard berths are held by two veterans, Joe Weber and Bob Heaman. In case Lee is kept out of the lineup, Jack Hanover will start at forward.

OLYMPIC HERO TO WITHDRAW FROM ATHLETICS

(Continued from Page One)
the country honored Hill as one of the greatest of amateur athletes by placing him third from the top in their poll to select the athlete "who had done most for the advancement of sportsmanship in amateur competition during the year of 1932."

Hill's retirement will probably not mean that he will give up running entirely. Now he will confine his activities to exhibitions and practice, "just for the sport of it," to use the words of Colonel Bill Hayward, veteran University track coach and tutor of Hill throughout his college career and later.

My Greatest Thrill in Athletics

By JOHNNY KITZMILLER (As told to Ned Simpson)

THIS, dear public, is the story of my greatest thrill! Realizing the interest that you have shown in the many interviews given by me to the press of the nation, I hasten to say that the greatest—absolutely the most unique—thrill that I have ever experienced in all my experience in athletics was the one I received when Bill Reinhart and I beat Tom Stoddard and Bob Officer for the handball championship of the Igloo!

Johnny Kitzmiller

For many months Reinhart and myself had been battling vainly against this great team of handballers, and it took long and arduous hours of practice before we could accomplish our purpose.

The championship was to be decided in two out of three games. (Needless to say, we won two.)

The first game was a long and bitterly contested match of skill and wits, but my wonderful pick-up shot off the back wall finally saved the day, and we won—21-19.

And that, dear public, is how I (paired with Bill Reinhart) beat Bob Officer and Tom Stoddard for the championship of the Igloo. Ahem!

Johnny Kitzmiller, one of Oregon's greatest gridiron heroes, hailed from Harrisburg, Pennsylvania, where he was a star in baseball, basketball, and football.

Seek Director in Sweeping Readjustment Plan

President Spencer Proposes Idea: A. S. U. W. Struggles To Avert Possible Bankruptcy

SEATTLE, Wash., Jan. 18.—(Special)—Sweeping adjustment of Washington's physical education, intramural sports and intercollegiate athletic programs and centralization of the three under the athletic director were indicated this week by President M. Lyle Spencer as probable results of adoption of faculty control over the associated students.

Transfer to the administration of responsibility for the A. S. U. W. organization was recommended by Dr. Spencer this week in his report to the board of regents.

Intercollegiate and intramural sports are educational and should be under faculty direction," he stated. "All others, which are not educational in nature, belong to the students."

"Activities like the Varsity Ball, the A. W. S., the Junior Prom, and other functions which belong solely to the students should be under complete student control," Dr. Spencer said. "They will be if the proposed plan is adopted."

Any possibility of faculty or alumni domination, he explained, will be eliminated under the proposed plan. "I am attempting to turn over student activities to students and educational activities to the faculty."

The graduate manager's office would be retained under the new system, Dr. Spencer said, as promotion and handling of athletic events would still be necessary.

To avert bankruptcy of the A. S. U. W., the same report recommended, it will be necessary for the faculty to assume control of the corporation, and purchase outstanding bonds through diversion of \$200,000 from University rentals derived from city property.

Brotherly Love In This Grid Tilt

MOORESVILLE, N. C., Jan. 18. (AP)—You have heard of brothers on the same football team or on opposing elevens, but how about brother referees sharing a job in the same game?

C. Y. Hood is Mooresville coach. His brother, Tom Hood, is the Mount Ulla mentor. There's great rivalry between the two schools, and as time approached for their annual duel it was found that no arrangements had been made for a referee.

A desperate search failed to locate an official. So the brothers agreed to take turns refereeing. The game ended in a scoreless tie. And everybody was satisfied—at least with the officials.

Grid Champions Use But Six Plays

FOR COLLINS, Colo., Jan. 17. (AP)—The Fort Collins high school football team, which won the Colorado interscholastic title for the third consecutive year this season, used only six different plays.

Coach George Scott said that during his 21 years as mentor at the school only two additional plays had been used. The only variation in the play is the direction in which they go.

Education Department To Administer Exams

Friday and Saturday morning, January 20 and 21, the staff of the University school of education will administer preliminary examinations for master's degrees in the school. These examinations will be given to Portland teachers, who have been doing work for their master's degrees during the last year.

Among those already registered for the examination are Miss Olive Lehman, instructor in Franklin high; Miss Pauline McIlvain of Commerce high and Miss Mable Maule, also of Commerce. Several others have signified their intention to take the examination.

YEARLINGS BEAT FRUIT GROWERS BY SINGLE POINT

Rogers' Squad Looks Good Against Independent Five, Winning By 18-17 Score

By JACK CHINNOCK
The freshman basketball upset the Eugene Fruit Growers yesterday in a short but fast game, 18 to 17. A last minute rally by the Growers almost turned the tables, and the missing of an easy shot by Ingrahm Kjosness with only seconds to go decided the final outcome.

The frosh broke into the scoring column in the first minute of the game, when Pete Buck got loose under the basket and pushed in a crumple. A minute later Stew Milligan scored.

The independent team got organized, and baskets by Thom and Kjosness put them in the lead. The lead alternated between the two teams, till about five minutes before half time, when Buck went on a scoring spree to ring up three baskets, putting the frosh ahead 16 to 9 at the half.

The second half, which was cut down to only eight minutes, was all in favor of the Growers. Glen Sanford scored early in the half, but that ended the yearling plays. With only about three minutes to play, Jacobs ran wild to score four baskets, cutting the freshman lead down to one point.

Kjosness had a shot from under the basket, but he missed it, giving the frosh the decision, for there wasn't enough time for another try.

Outstanding for the yearlings was Buck, who scored 12 of his team's total of 18 points. Harcombe and Milligan were the pillars of defense, breaking up plays and taking the ball off the backboard whenever the Growers missed. Rogers' team plays St. Mary's in a preliminary game Friday night, and hopes to get revenge for the defeat handed them by the Saints earlier in the year.

CINEMA

McDONALD—"Call Her Savage," featuring Clara Bow. Showing today for three days.

COLONIAL—"Movie Crazy," starring Harold Lloyd. Showing till Saturday.

By RALPH MASON
Red Head Returns
After a prolonged absence from the screen, the incomparable red head, Clara Bow, returns in what is described as a smashing hit entitled "Call Her Savage."

The story has all the good and old elements of a movie playwright's conception of a perfect romance to all appearances. First there is the home life. Miss Bow's dad is capable of running a railroad but he can't manage his daughter. She leaves home and gets "impulsively" married. Aw heck, you know the rest as well as we do.

Supporting Clara are Thelma Todd, Estelle Taylor, Gilbert Roland and a few other characters

who try unsuccessfully to compete with her. "Call Her Savage" opens at the McDonald today for a three-day run.

"Movie Crazy"
Simple faced, bespectacled Harold Lloyd is with us again, this time in "Movie Crazy," which is showing at the Colonial for the remainder of this week.

Said to be his best vehicle since the immortal "Freshman," "Movie Crazy" contains all the comedy making elements of the famous Lloyd formula. One distinct change in the modus operandi (two-bits please) in this film is that Lloyd makes the gags instead of the gags making him. There are so many gags that you feel like going ga-ga.
