Representatives from Sigma Chi and Phi Psi have not yet been chosen.

Tariff Problems Argued by U of O, Fresno Debaters

No-Decision Forensic Tilt Held in Friendly Hall; Fursley and Hartfiel Speak

University of Oregon and Fresno State college debaters met last night in Friendly hall to discuss the question, "Resolved: That the tariff is contrary to the economic welfare of the Pacific Northwest." Although not the new symposium style of debate, this meeting was a non-decision one, in which no final result was given.

The Fresno group, represented by John Said and Spurgeon Avakian, upheld the affirmative of the debate. They offered as their issues these three points: the inhabitants of the Northwest as consumers are injured by the tariff because prices are raised enormously; infant industries no longer are in any great need of whatever protection, the tariff can afford them; and the limitation of importation curtails export trade. Ted Fursley and Tom Hartfiel, the Oregon team, maintained that the tariff systems have not been in vain and showed the advantages of the tariff for the industries that have grown up under its protection for the past few years. They insisted that the tariff maintains a high standard of living, makes us self-sufficient, and protects us against the depreciation of foreign currency.

STUDENTS ARE ASKED TO GIVE TO RED CROSS

(Continued from Page One)

Cross truck will transport them to the downtown offices.

"The taxpayers fought to save the University at the bidding of the students," declared Mrs. Thayer. "and now ask the students to reciprocate and fight to save destitute taxpayers."

Faculty Women Well Received in Recital Monday

By BETTY OHLEMILLER

Lora Teshner Ware, 'cellist, and Aurora Potter Underwood, pianist, music school faculty members, presented one of the outstanding concerts of the year. Mrs. Ware's performance proved the 'cello, usually considered as the background for an orchestra, equally beautiful and appropriate as a solo instrument.

Mrs. Underwood has unusual power, yet her softer tone shades are as beautiful as her crashing crescendos.

Mrs. Underwood played a group of Chopin numbers, some of which are favorites in the long list of compositions by this musician. Contrasting with its companion number, "Humoresque Hebraique" by Chastus, Hebrew melodies handled humorously was the "Kol Nidrei" by Bruch, expressing all the misery and sorrow of the "chosen people." These two numbers and Bridge's "Melodie" and Popper's "Vito" made up the last group played by Mrs. Ware.

Medical Alumni Wives Will Give Bridge Tea

Wives of the Alpha Kappa Kappa, national social medical fraternity alumni, will give a bridge tea Tuesday afternoon, March 7, for the pleasure of the wives of the alumni of the University of Oregon medical school who will be in Portland during the 20th annual meeting of the alumni association, March 6, 7, and 8.

The affair will take place at the local chapter house of Alpha Kappa Kappa, 874 Northrup street, Mrs. J. Earle Else is in charge.

Oregon Riflemen Win Correspondence Match

The University rifle team won a correspondence shooting match, sponsored by Culver Military academy,

in which some of the leading school teams of the country were entered.

The defeated teams are Pennsylvania Military school, South Dakota State college, Michigan College of Mining and Technology, A. and M. College of Oklahoma; University of Dayton, Kemper Military school, University of Maine, University of Nebraska, and Culver Military academy.

Men's Hygiene Exam To Be Held at 7:30

A change in the scheduled time for men's hygiene examination was announced yesterday by the physical education department.

The examination was scheduled for 8 o'clock Monday but has been moved to 7:30 and will be held in the same place as announced previously.

The complete examination schedule appears on page three.

Wesley Club Selects Eula Loomis for Head

Eula Loomis, social chairman of the Wesley club, was elected president of that organization at a meeting Sunday evening. She succeeds Donald Saunders.

927 Willamette Phone 411

Dear Friends:
"Birthdays are always a problem," a student told Mr. Skeie yesterday. "but I've learned my lesson. When I found out my girl's birthday was coming, I came straight down to Skeie's. No shopping all over town and finally sending flowers or candy for this boy!"

As he picked up the daintily wrapped gift he had chosen, he said, "I've found what she wanted right where I knew I'd find it—at Skeie's."
TICK.

Full Information For Spring Term Registration Out

Material To Old Students Will Be Issued From Main Floor of Men's Gymnasium

Full information regarding spring term registration to be held Monday, March 27, was released for publication yesterday for the benefit of new students by Earl M. Pallett, registrar. Registration will start at 8 a. m. and end at 5.

Undergraduate students registered during the winter term will be issued their registration material from the main floor of the men's gymnasium. Graduate, new, and old students not registered in the winter term may receive theirs at the registrar's office on the second floor of Johnson hall.

New Students' Instruction
Upon receiving material a new student will proceed to his major dean or chairman for assignment of an adviser. All students are to confer with the adviser to construct a study program and receive the adviser's approval. Students are especially urged to make sure that the major indicated in the student red book is the major they intend to pursue.

After securing the adviser's signature on the study program the student will proceed to McArthur court balcony where he will register for each of his courses. From there he proceeds to the main floor to have his material verified and accepted. By special application presented at McArthur court, students in straitened financial condition may register upon payment of but \$18 fees on registration day, the balance of \$20 being payable in two installments: \$10 on April 22, and \$10 on May 6.

The registrar's office asks that students exercise special care in recording their proper class and major on material for normal progress toward upper division or graduation, and in following the standard procedure for registration, as students can thus help the administration materially under present financial conditions.

Platinum resistance thermometers are extensively used for temperature measurements where high accuracy is required.

Don't you get Pipe Hungry

once in a while?

©1933 LIGGETT & MYERS TOBACCO CO. TEN CENTS

The Granger pouch keeps the tobacco fresh

scientific study to find out, if we could, the kind of tobacco best suited for pipes. Down in the Blue Grass regions of Kentucky, we found a tobacco called White Burley. There is a grade of this tobacco between the kind used for chewing and the varieties suitable for cigarettes that is best suited for pipes. This tobacco is used in Granger.

This tobacco is prepared by a method worked out many years ago by Mr. J. N. Wellman. It gives Granger a fragrance and mellowness that pipe smokers like, and makes it burn to a clean, dry ash. Granger never gums a pipe.

Granger has not been on sale very long, but it has come to be popular, and there is this much about it: We have yet to know of a man who started smoking it, who didn't keep on. Folks seem to like it.

Liggett & Myers Tobacco Co.

Something to ASK THE PSYCHOLOGY PROF

"WHAT makes the man so blithe and brisk, professor?"
"My boy, that's what a hat will do for you. He's wearing a new Stetson and he knows it's *spring!*"

Superbly styled by Stetson for a young spring and a youthful world—spring Stetsons are ready now at your favorite store. And you can get a genuine Stetson for as little as \$5.
