

'I PAGLIACCI' COMPANY TO PRESENT COMEDY

Wilbur Walker Has Lead in 'Physician in Spite of Himself'

Plots and inner plots, romantic intrigue and ribald comedy, and 19th century farce at 20th century speed is the bill for Tuesday night's initial campus performance of the "I Pagliacci" players in Moliere's "Physician in Spite of Himself." The place is the Methodist church on Willamette between 11th and 13th, the time 8 p. m., and the tickets, 20 cents each, are on sale at the Co-op.

A glimpse into the bang-up plot finds Wilbur Walker, comedy star of "Once in a Lifetime," forced by his wife's revenge into the role of pseudo doctor, falling for the charming nurse whose green-eyed husband lurks menacingly in the too-near background. Inez Simons is the spiteful spouse, Louise Marvin, the cause of the doctor's downfall, and Don Confrey handles the role of the jealous husband.

Added to this is young love eloping from beneath the very nose of a belligerent father with the nervous aid of the doctor. Cynthia Liljeqvist and George Andreini are the principals of this romance and Professor John L. Castee takes the part of the adamant father. Hagan Moore portrays the right-hand man-servant and later does a character sketch of an old French peasant.

THEATRE NEWS

By DOUGLAS MACLEAN

"Luxury Liner," a showy but feeble story laid aboard a trans-Atlantic liner, is the Mac's offering for this week-end, starting Saturday. Though somewhat held down by the story, the play has a good cast composed of George Brent, Zita Johann, Frank Morgan, and Alice White, who does a nice job.

The general theme of this Paramount production is that of a young doctor who pursues an erring wife onto an ocean liner. Complications develop while the drama unfolds in a rather clumsy manner. All the action in this story takes place on an ocean liner, like that of Grand Hotel, which was all centered in a hotel.

Along with "Flesh," starring Wallace Beery and Karen Morley, the Colonial is presenting a midnight matinee of "Air Mail" with Ralph Bellamy and Maureen O'Sullivan. This picture is the story of a girl who falls in love with the pilot of a mail plane. The action is centered around the trials and

hardships of carrying the mail across the country by air. This extra attraction begins at 10:45. "Flesh" is an amusing picture which affords Wallace Beery a chance for some noteworthy character work. The play deals with ex-jailbirds, German beer gardens, and much wrestling. Karen Morley, in her role as a girl just out of jail and expecting an illegitimate child, and who marries "Wally" the hero, does a pretty good job. Ricardo Cortez is portrayed as the ex-husband of Karen who plots with her to swindle her present husband out of his money. The play offers several amusing scenes and is quite entertaining.

Who Has It? The Co-op Wants Its Beloved Lighter

WHO has the Co-op cigarette lighter? W. F. McClain, manager of the Co-op, sadly reports the disappearance of the cigarette lighter which has rested upon the candy counter of the Co-op for the past five years. It has lighted millions of cigarettes, it has worn out many flints, and has never failed to light, except sometimes, he said.

"That cigarette lighter is a tradition," said Mr. McClain. "Everyone loved it, but someone loved it too much and now it is gone."

It is Mr. McClain's earnest plea that whoever has the lighter please return it, and no questions will be asked, for the Co-op is not the same without it.

o'clock section members will please call on instructor, Mr. Turnbull, individually for assignment.

Worship group of the Y. W. C. A. will meet at 3 on Monday.

Group on religion will meet at the "Y" bungalow at 9 Monday morning.

Westminster guild meet Monday evening from 8 to 9 at Westminster house.

The Oregon Yeomen will hold an important business meeting Monday night at 7:30 on the third floor of Gerlinger hall. Nomination of officers. All independents be there!

Morning student forum at Methodist church at 9:45. Wesley club social hour at 6:00. Wesley vespers service at 6:30. Rolla Reedy will speak on "Education in a Changing World." Betty Hentley is in charge of the service. Special music.

MRS. CHAMBERLAIN TO INSPECT LOCAL YWCA

Mrs. Harris Chamberlain, president of the national Y.W.C.A., will be a visitor in Eugene Saturday, May 6. She is now making a tour of the West, investigating the Y. W. C. A. organizations, offering new suggestions, and holding conferences with cabinet and executive officers.

Saturday morning there will be

JUDGE CANNON TO TALK BEFORE ART STUDENTS

Judge A. M. Cannon, federal judge in bankruptcy in Portland, will speak to the law school students this morning at 10 o'clock on the subject of "Bankruptcy."

Inasmuch as there are no courses on this subject in the Oregon law school, this talk is looked forward to as being especially interesting and instructive, for bankruptcy has in recent times

GEORGE INMAN BADLY BURNED BY ELECTRICITY

George Inman was badly burned about the arms and narrowly escaped serious injury or death at the Igloo late last night when a flood light which he was hanging from the ceiling shorted, transferring the high voltage current to his body. Inman was lying down on one of the cat-walks pulling the heavy light into position when the accident occurred. The shock paralyzed him, almost causing him to fall from the narrow plank. Several girls who were on the floor below, working on the decorations for the Fresh Glee, were so badly frightened they had to be taken home.

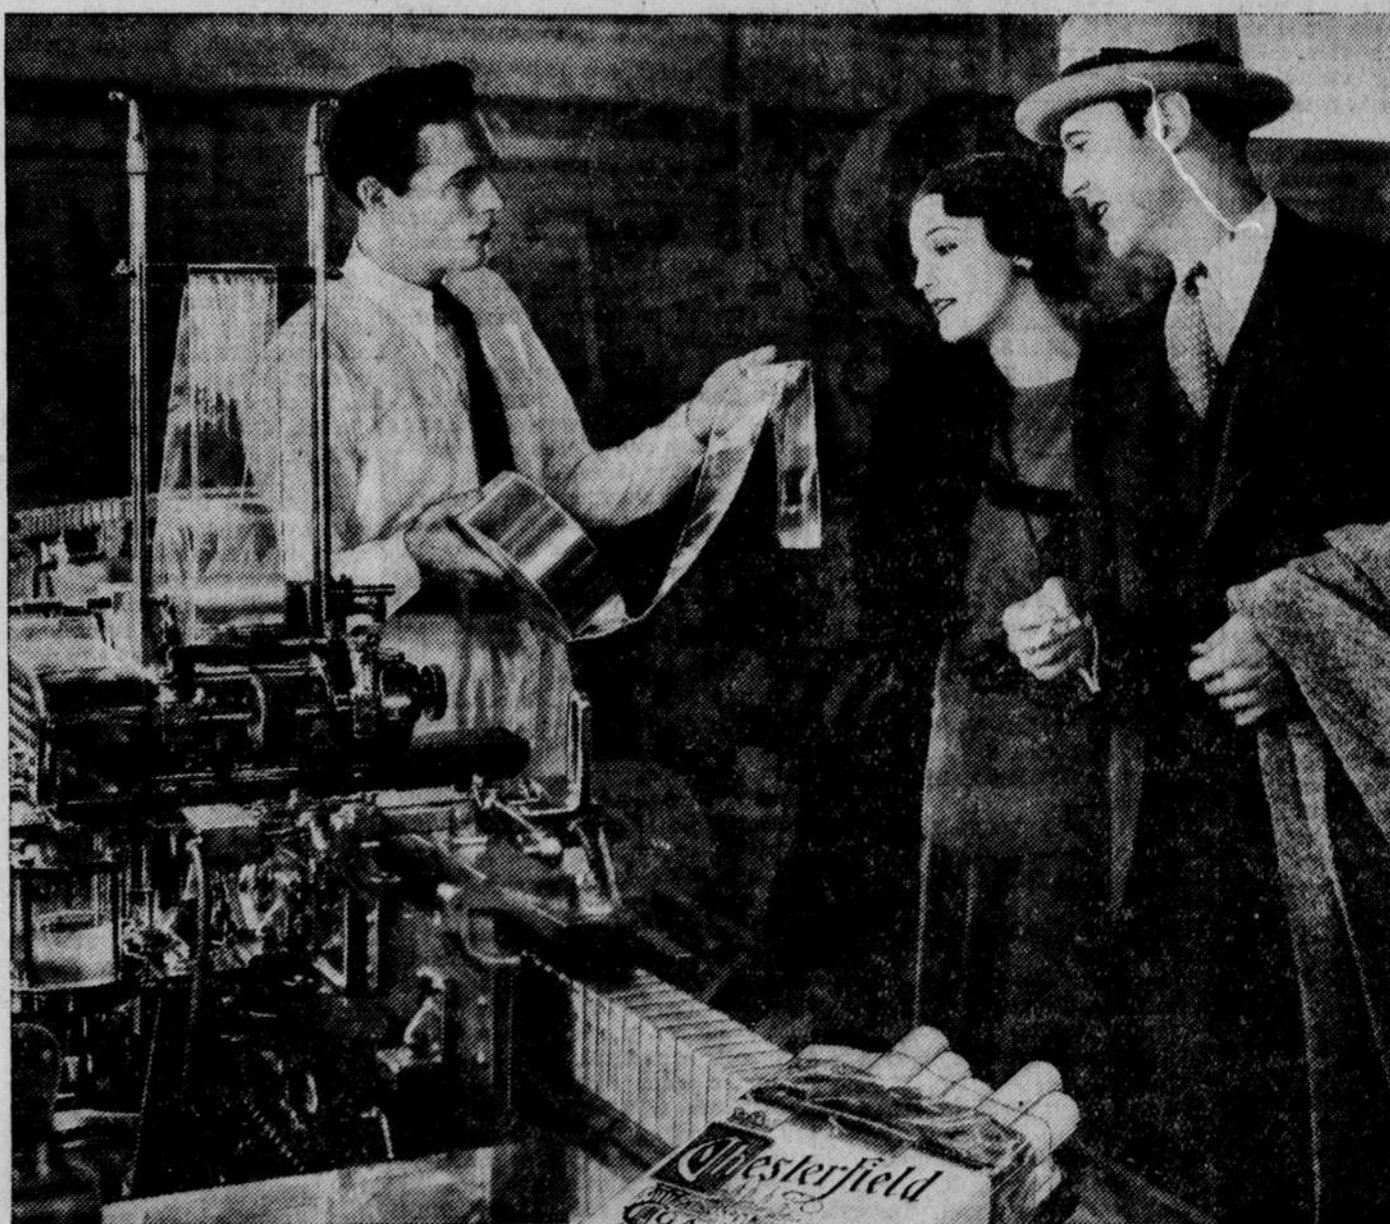

Dean Virgil Earl, who was supervising the lighting effects for the dance, said that all the steel trap rails on the cat-walks should be properly taped in order to forestall the possibility of any such serious occurrences in the future.

Judge Cannon's talk is being sponsored by the law school faculty and members of Phi Delta Phi, legal honorary. Don K. Moe is in charge of arrangements.

"96 7/10 square inches of Protection in every Chesterfield package"

Doesn't that really surprise you?

YES, everybody that sees it is interested in this remarkable machine that wraps Chesterfields in Du Pont No. 300 cellophane—the best made.

But they are all surprised when we tell them that cellophane is just one of the four wrappings that keep Chesterfields just as fresh as if you bought them at the factory door.

If you examined carefully each of these four wrappings, you'd find that, first, there is a wrapping of paper called the foil lining, then the foil itself; next would come the wrapper, and then the outside wrapper of cellophane. Adding the totals of all four wrappings together, there are 96-7/10 square inches of protection in every Chesterfield package.

They are so carefully wrapped that wherever you buy them, Chesterfields are always "milder and taste better."

Ask for "they satisfy" cigarettes next time.
