Make Your Fight for Liberty

EDITORIAL

SENATOR LaFOLLETTE, who dedicated his life to a battle for the people, once said: 'Each generation must make its own fight for liberty.'

YOU are part of a generation of University of Oregon students. You have an opportunity to march to the polls and make your generation's fight for liberty today.

We have no jealous interest in the amendments on which you will vote today. Our race in the student body is run. But we are thinking of the generations to come, and so should you.

Do not misinterpret our statement. We appreciate the interest the alumni have shown in our government. BUT WE THINK STUDENT GOVERNMENT SHOULD BE CONTROLLED COMPLETELY BY THE UNDERGRADUATE BODY AND THE FACULTY.

Better than optional membership, we favor a reduction in fees. If today's optional membership amendment is defeated, there is no reason why the executive council should not consider lowering A. S. U. O. fees to twelve or nine dollars a year.

So go to the polls today. Vote YES on all amendments except that which involves optional membership. MAKE YOUR FIGHT FOR LIBERTY. DON'T LET ANYONE TALK YOU OUT OF IT.

The polls will be at the YMCA hut from 9 o'clock this morning until 3 p. m. this afternoon, but with the single ticket there will be little or no feverish rushing to cast votes for the most favored candidates, since the outcome does not need any serious thought to figure out.

Tongue's ticket was the only one in the field for nomination of student body officers at a general student meeting a week ago and has remained the only one since that date.

Candidates The lone ticket will be headed by Tongue, running for president of the Associated Student body for the year 1933-34. His home is in Hillsboro, and he is a member of Chi Psi fraternity.

Membership In ASUO Involves Much Interest

Optional Clause Is To Be Decided Upon

OPINION IS DIVIDED

Judiciary Group Says Proposals May Be Voted on O.K.; Other Changes Up

Before the student body today is one of the most vital measures ever to appear on the ballot at an A. S. U. O. election. It is a proposal to make membership in the associated students optional, thus giving students the privilege to determine whether they wish to pay the \$15 assessed annually for membership in the organization.

This particular amendment has aroused considerable controversy on the campus. Some students say its passage would wreck almost completely all activities of the associated students, including athletics, publications and other events.

Additional interest was injected into the situation yesterday when Bill Bowerman, vice-president of the student-body, requested a ruling from the judiciary committee as to whether or not the amendments could be printed legally on the ballot.

Bowerman further said it was not designated clearly whether the proposals were amendments to the by-laws or the constitution proper, and also that other matters in the headings were not made very clear.

Only Students and Faculty Other amendments propose to change the personnel of the athletic

It remains for Chaburn and Layman, by virtue of persuasion, deception, strategy, and ingenuity, to extract from the pockets of the client of Page and Proctor \$5000
