Panhellenic Projects

By BETTY OHLEMILLER

Outstanding in PhiMus philanthropic activities is the "Healthmobile," a huge white truck equipped with a "lady" doctor and a sary to fight distase.

The purpose of the Healthmobile is to make infant and maternal hygiene mobile, to bring information concerning these subjects to the people who have not realized its need, and to remove a part of the mystery surrounding disease and death. Established in Macon, Georgia, where Phi Mu was founded at Wesleyan in 1851, it journeys throughout Georgia bringing health and medical information.

The Alpha Memorial Scholarship Fund was established by the Memphis convention to aid juniors and seniors. Later the annual contribution of Founder's Day pennies and a yearly percentage from each active member's dues was added to increase the fund.

Zeta Tau Alpha As their main philanthropic project Zeta Tau Alpha maintains a Health Center in Curran Valley in Virginia, the state of their founding. A registered nurse, permanently stationed there attends to the medical needs of the people who have previously been unable or unwilling to get a doctor's care. She also has other duties including child care instruction, school inspection and the operation of a rapidly growing library.

Two of the fraternity's scholarships are for undergraduates: the Maud Jones Horner Scholarship Gift, given to a student of Virginia State Teachers' College and the National Scholarship Fund for worthy undergraduates, preference being given to fraternity members. Established in 1928 the Hopkins Fund created a graduate fellowship in child welfare at the University of Texas.

Mrs. Franklin D. Roosevelt has been active as a clubwoman, a teacher in a girls' school, and editor of a baby magazine as well as attending to her manifold duties as hostess at the White House. Her teacher's position and editorship are being abandoned, however. Mrs. Roosevelt's voice charmed thousands this week when her address urging cooperation and wise buying on the part of the home-makers in an effort to stamp out sweatshop labor was broadcast over a nationwide hookup. The occasion was the annual luncheon of the American Federation of Women's Clubs at Washington, D. C.

Y. W. Camp at Seabeck One Month Away

University To Be Represented By Leaders at Meet; Casteel to Talk

This month before Seabeck, and all over the coast there is a hustle and bustle among college and high school groups, in preparation for this ten days' outing on Hood's Canal.

To this Y. W. C. A. student conference June 17-27, the University will send at least twelve girls, according to a tentative list now at the Y bungalow. Those who will probably attend Seabeck this year are Helen Binford, Rosiland Gray, Mary Snider, Mary Klem, Margaret Norton, Mary Ella Horning, Eileen Hickson, Geraldine Hickson, Katherine Woolsey, Marie Saccomanno, Lou Herman, Eula Loomis, and Gwen Elmsmore.

Last year the University delegation was composed of fifteen girls, and made up the largest single group at Seabeck.

The theme for this year's conference is to be "A World Company Chooses a High Pursuit." Conference leaders are Elsie Korpele, College of Puget Sound, chairman; Marcia Seeber, division leader of the national Y. W. C. A., secretary; and Elizabeth Scruggs, University of Oregon, division chairman.

Among the leaders at Seabeck this year will be Dean Anna Newell, University of California; Dr. W. A. Carrothers, University of British Columbia; Miss Gertrude Crane, Intermountain Union college; Dr. Marjorie Heitman, Spokane; Miss Louise Fleming, University of Washington; Miss Merry Pittman, Oregon State college; and Mrs. Margaret Edmundson Norton, University of Oregon. Campus Leaders Express Opinions Of Women's Page

All good things (we hope it's been good) must come to an end and so the Women's page with this issue gathers up the loose ends and makes its farewell appearance this year. We hope we'll be seeing you next fall, and in the meantime here are some campus opinions on our feminine sheet:

Dean Schwering: "The Women's page can be developed even further than it has gone this year. Women in national affairs, prominent alumnae, and clubwomen could all be followed on this page and their accomplishments serve as an inspiration to undergraduates."

Helen Binford: "For once we women have a place to express our views in perfect freedom."

Betty Anne Macduff: "The Emerald talked of a Women's page for years and at last we have one. I rank it in importance with the sports and editorial pages, and certainly think it should be continued next year."

Marylou Patrick: "The page has had a very favorable effect on advertising as the merchants get double value for their money through the fashion chatter column."

ate at Oregon, will be a discussion leader.

Board and room at Seabeck will be \$12.50; registration, \$6 or \$8; transportation, \$5, making a total of \$23.50 to \$25.50.

There is still time for those women on the campus who would like to attend the conference to sign up at the local Y. W.

Jessie Steele, women's editor of the Emerald, is heard for the last time this year at 5:45 this afternoon over KORE. A complete coverage of the women's news from the pages of the Emerald is Jessie's part of this quarter-hour broadcast.

General news splashes from the lungs of the University, with a grin, of course, complete the program. Are you listening?
